4. Whenever, in the opinion of the State Government, the execution of any development scheme has increased or is likely to increase the capital value of any land, agricultural or otherwise, the State Government may, by notification, declare its intention to impose a capital levy in respect of such land.

9. (*1*) From time to time an officer appointed by the State Government shall, in accordance with rules, and after hearing any objections in the manner prescribed, prepare, in respect of land throughout a notified area, an estimate of the average increase in the outturn of the produce from agricultural land of any class which, in his opinion, has been or is likely to be made possible by the execution of a development scheme, on the assumption that the land has produced and will produce the staple food crop notified under

The West Bengal Development (Levies and Miscellaneous Provisions) Bill, 1954.

(Clauses 10—12.)

section 39 of the Bengal Tenancy Act, 1885, in respect of that land: VIII of 1885.

Provided that the State Government may, at its discretion, direct that the estimate be made on the assumption that the land has produced or will produce some other crop or crops.

(2) The Director of Land Records and Surveys shall, by notification, publish such estimate and, after a period for objection to be specified in such notification, shall consider the objections and suggestions, if any, received by him and shall report to the State Government thereon. Thereafter, the State Government may reject the estimate or may, by notification, accept it with or without modification, whereupon the accuracy of any estimate so accepted shall not be questioned in any Court.

10. The State Government shall, by notification, fix annually, or for such period not exceeding five years as may be specified in the notification, the price or prices on the basis of which the value of the average increase in the outturn, as estimated under section 9, from land of any class in a notified area, is to be calculated.

Estimate of increase in the capital value of land.

11. (1) From time to time an officer appointed by the State Government shall, after hearing any objections in the manner prescribed, prepare, in respect of land throughout a notified area an estimate of the increase in the capital value of such land which in his opinion, has resulted or is likely to result from the execution of any development scheme:

Provided that in respect of any agricultural land such increase shall be the amount by which the value of the land on the date of completion of the development scheme is likely to exceed the value of the land on the date of the commencement of execution of the development scheme:

Provided further, that such increase in respect of any non-agricultural land shall be the amount by which the value of the land on the completion of the execution of the development scheme, estimated as if the land were clear of buildings, exceeds the value of the land prior to the execution of the scheme estimated in like manner.

Explanation.—For the purposes of this sub-section the State Government shall, after considering the circumstances, by notification, specify (*a*) the date of commencement of the execution of any development scheme, and (*b*) the date of completion of the execution of any development scheme.

(*5*) The State Government may by rules declare what persons or classes of persons shall be deemed, for the purposes of sub-section (*2*), to be occupiers of land but no person shall, by such rules, be declared to be an occupier of land unless, otherwise than as a hired labourer, he cultivates such land or (if it is not cultivated) unless he is in direct possession of such land.

(*6*) Notwithstanding anything contained in sub-section (*5*), where a person, under the system generally known as "*adhi*", "*barga*" or "*bhag*", cultivates the land of another person on condition of delivering a share of the produce to that person or receiving a share thereof from him, the person whose land is cultivated and the person who cultivates it shall each be deemed, for the purposes of sub-section (*2*), to be an occupier of such land, and each shall be liable to pay such proportion of the betterment levy imposed in respect of such land as may be prescribed and any contract to the contrary shall, to that extent, be void.

Payment of capital levy.

(*4*) Notwithstanding anything contained in sub-section (*3*), where a person, under the system generally known as "*adhi*", "*barga*" or "*bhag*", cultivates the land of another person on condition of delivering a share of the produce to that person or receiving a share thereof from him, the person whose land is cultivated and not the person who cultivates it shall be deemed, for the purposes of sub-section (*2*), to be an occupier of such land, and shall be liable to pay the capital levy as may be imposed in respect of such land, and any contract to the contrary shall, to that extent, be void.

(*5*) Such capital levy shall be realised in such annual instalments as may be prescribed.

Maximum limit of betterment levy.

14. The rate of betterment levy fixed under section 12 shall not exceed one-half of the net value of the estimated increase in outturn.

(*2*) The amount fixed under sub-section (*1*) shall not exceed one-fourth of the difference between—

(*a*) the amount which the Collector estimates to be the usual *salami* for a like area of land in the vicinity, similar in its description and its advantages to the land as it is at the time of the settlement, and

(*b*) the amount which the Collector estimates to have been the usual *salami* before the commencement of the development scheme for a like area of land in the vicinity, similar in its description and its advantages to the land as it was at that time.

STATEMENT OF OBJECTS AND REASONS.

The proposed legislation seeks to provide means for the development of land in West Bengal by imposing betterment and capital levies in respect of increased profits from and increase in the value of land resulting from the execution of development schemes and to provide for certain other matters ancillary thereto.

The existing legislations in this field generally suffer from two principal defects:—firstly, they apply in respect of irrigation projects only and, secondly, they are cumbrous in execution. Both these defects are sought to be removed by the present legislation by making it applicable in relation to all development schemes and by providing for its comparatively easy working for the sake of administrative convenience. The Bill has been drafted with these ends in view.

NOTIFICATION.

No. 2177L.—27th August, 1954.—The Governor having been pleased to order under rule 48 of the West Bengal Legislative Assembly Procedure Rules, the publication of the following Bill, together with the Statement of Objects and Reasons which accompanies it, in the *Calcutta Gazette*, the Bill and the Statement of Objects and Reasons are accordingly hereby published for general information:—

THE COOCH BEHAR (ASSIMILATION OF STATE LAWS) (AMENDMENT) BILL, 1954.

A

BILL

to amend the Cooch Behar (Assimilation of State Laws) Act, 1950.

WHEREAS it is expedient to amend the Cooch Behar (Assimilation of State Laws) Act, 1950, for the purposes and in the manner hereinafter appearing; West Ben. Act LXIII of 1950.

It is hereby enacted in the Fifth Year of the Republic of India, by the Legislature of West Bengal, as follows:—

Short title and commencement.

1. (*1*) This Act may be called the Cooch Behar (Assimilation of State Laws) (Amendment) Act, 1954.

(*2*) It shall be deemed to have come into force on the 27th day of June, 1952.

Amendment of section 3 of West Ben. Act LXIII of 1950.

2. In section 3 of the Cooch Behar (Assimilation of State Laws) Act, 1950, after sub-section (*4*), the following sub-section shall be added, namely:—

"(*5*) Notwithstanding anything contained in the foregoing sub-sections, if at any time after the commencement of this Act, any part of Cooch Behar is transferred from the district of Cooch Behar, to, and included in, any other district in West Bengal, then, on and from the date of transfer, to, and inclusion in, such other district of such part,—

(*i*) all Acts specified in Schedule I which immediately before the said date were in force in such part subject to the adaptations specified in that Schedule, shall cease to be in force therein, except as respects things done or omitted to be done before such date; and

(*ii*) all Acts specified in Schedule II which immediately before such date did not extend to, or were not in force in such part, shall extend to, or, as the case may be, come into force in such part."

STATEMENT OF OBJECTS AND REASONS.

By the Cooch Behar (Assimilation of State Laws) Act, 1950 (West Ben. Act LXIII of 1950), all laws, relating to matters in the State List of the Seventh Schedule to the Constitution and which are in force in West Bengal, have been extended to Cooch Behar to the exclusion of old Cooch Behar laws except that certain Cooch Behar Acts specified in Schedule I to the Act still continue in force with adaptations and the corresponding Acts in force in other districts of West Bengal specified in Schedule II thereof do not apply to Cooch Behar. Thus there is still some difference in the laws in force in Cooch Behar and those in force in other districts of West Bengal.

For the convenience of administration seventeen chhits of Cooch Behar were transferred to the Jalpaiguri district with effect from the 27th June, 1952. It is possible that some more chhits will be similarly transferred in future. The Cooch Behar (Assimilation of State Laws) Act, 1950, defines Cooch Behar as "the merged territory of Cooch Behar in the State of West Bengal." The chhits of Cooch Behar, even when transferred to Jalpaiguri, continue to be covered by the definition and a conflict arises in the application of laws. To avoid this conflict it is necessary to amend the above-mentioned Act so as to provide that when a part of Cooch Behar is included in another district all laws specified in Schedule I of the said Act shall cease to be in force in that part and all laws specified in Schedule II shall extend thereto. Hence this Bill.

In deciding on such a reference the Court shall have regard only to the question whether the land proposed to be taken is reasonably required for the full and unimpaired use of the remaining portion of the house, manufactory or building.' ".

STATEMENT OF OBJECTS AND REASONS.

The Calcutta Improvement Act was placed on the Statute Book as early as 1911. Under existing circumstances and in the light of similar legislation in other States, its provisions are considered to be restrictive and out-of-date. The need to revise the Act on modern lines is thus obvious.

The present Act recognises only two types of improvement schemes—a general improvement scheme (section 35) and a street scheme (section 39). In other States such as, the Uttar Pradesh, Madras and Delhi, there are eight types of improvement schemes. In this Bill provision has been made for five types of improvement schemes (clause 20). The scope of improvement schemes has been widened on the lines of analogous statutes in other States (clause 20).

In order to obviate the difficulty of appointing a retired Judicial Service Officer to be the President of the Tribunal, section 72 of the Act has been suitably amended (clause 40).

The existing Act does not contain any provision regarding appeals. This is because of a judicial decision which held similar provisions in the Bombay Improvement Act to be *ultra vires*. Accordingly, the provisions relating to appeals were embodied in an *ad hoc* Central legislation, viz., the Calcutta Improvement (Appeals) Act, 1911 (XVIII of 1911). Under the advice of the Government of India the provisions of the Appeals Act of 1911 are proposed to be incorporated into the State Improvement Act (clause 42).

To save time and unnecessary duplication of procedure, the Bill seeks to make sections 4, 5A and 6 of the Land Acquisition Act, 1894 (I of 1894), inoperative in so far as the acquisition of land for the Trust is concerned. This is in consonance with the law in other States [clause 70(*a*)]. Under section 23(*2*) of the Land Acquisition Act, 1894, an additional fifteen *per cent.* on the market value of the land acquired is payable in consideration of the compulsory nature of the acquisition. This extra allowance is considered to be both iniquitous and burdensome in the case of lands acquired by the Trust which is a public body functioning for public benefit. Section 23 of the Land Acquisition Act is therefore preferred to be amended by omitting sub-section (*2*) [clause 70(*c*)]. This is in conformity with other Acts and also the recommendation of the Local Finance Enquiry Committee.

Section 49(*1*) of the Land Acquisition Act, 1894, under which the whole of a house must be acquired at the option of the owner, is sought to be amended by clause 70(*e*) of the Bill so as to make the final decision on this question rest with the Court. This is intended to save the Calcutta Improvement Trust from unnecessary expenditure of money on costly acquisitions.

Other amendments are either verbal or procedural.

AGRICULTURE AND CO-OPERATION DEPARTMENT

Agriculture

NOTIFICATION.

No. 5465Agri.—28th June 1954.—The following accounts of the Indian Central Coconut Committee for the year ending 31st March 1953 together with the Auditor's report thereon are published for general information.

Report on the inspection of accouts of the office of the Central Coconut Committee for the period from 1st April 1952 to 31st March 1953 conducted from 28th November 1953 to 9th December 1953.

Under rules 22(4) of the Indian Central Coconut Committee Rules, the audited statements of receipts and payments have to be sent to the Government of India. The audited statements for the year 1952-53 are attached herewith.

Current Report—Part I.

C—Report for 1952-53.

I. *Receipt Books.*—(1) The certificates of count of the number of pages the books contain are not recorded on the covering pages before the books are brought into use as required under rule 85, Central Treasury Rules, for e.g.:—

Receipt books Nos. 5, 8 and 10, etc.

Bill books Nos. 61, 62 and 67, etc.

Such omissions may be avoided in future.

(2) Carbon copy of the bill book receipt No. 5513 is not available for verification. But a sum of 6 annas has been credited as per the receipt number in the petty cash book. It may be confirmed that only 6 annas was realised, *vide* the missing counterfoil.

(3) *Receipt No. 775, dated 13th October 1952.*—The amount written in words is Rs. 10-10-0 and that in figures is Rs. 0-10-10. The latter amount alone is credited. It may be confirmed that the amount received actually is only Rs. 0-10-10.

(4) Receipt No. 931, dated 23rd October 1952, comes after receipt, dated 29th October 1952. This shows that the receipts are not drawn up chronologically. Such omissions may be avoided.

II. *Receipts—Cess collections.*—The principal item of receipt for the Committee is the cess on copra milled. The collection under cess during the year 1952-53 is Rs. 2,60,907-6-6 against Rs. 3,09,923-10-0 in 1951-52. The reason for the fall is due partly to the delay of the concerned Governments to transfer the amounts already collected by them and also to collect arrears.

The balances to be credited by the various State Governments are as follows:—

		Rs.	a.	p.
(a)	Travancore-Cochin statements up to the 2nd of 1952	2,23,202	7	8
(b)	Madras	13,011	2	9
(c)	Bombay	17,896	6	3
(d)	Mysore	19	6	0
(e)	Cutch and Saurashtra	1,151	15	0
(f)	Baroda	261	12	0
	Total ...	2,55,543	1	8

The progress of collection of receipts is an important matter to be watched by the Secretary. The Central Excise Department of the Government of India are collecting the cess and they are sending the monthly returns of assessments and collections. Under the existing arrangement, the check over leakage of revenue by escape of assessment or otherwise rests entirely with the collector. The Committee may very well request the Central Board of Revenue to furnish them with a copy of their review of "Cess on copra" so that useful suggestions, if any, called for improvement of revenue may be suggested to the Board. This aspect may be considered by the Committee for such action as is deemed necessary.

III. *Cash book.*—(1) Sub-vouchers produced in support of expenditure do not generally contain pay orders of the Secretary or of the Directors, as the case may be. Pay orders may be obtained on the vouchers before payments are made to the parties as required under rule 208, Central Treasury Rules. After payment the sub-vouchers should be cancelled in such a way that they cannot be used again, *vide* rule 211, Central Treasury Rules.

(2) Cheque No. OB/1.63450 on self for Rs. 683-4-8 drwan on 31st March 1953 was cancelled and fresh cheque No. OB/1. 63457 was issued for the amount on 1st April 1953 (as entered on the counterfoil) though the cheque is dated as 31st March 1953. The cancellation of the previous cheque was not noted in the cash book. Only the latter cheque issued on 1st April 1953 is entered in the cash book, on 31st March 1953. The debit of a cheque should be entered in the cash book simultaneously with its issue and the cancellation of a cheque already issued should be so indicated in the cash book with details. The debit of a cheque issued on 1st April 1953 should not be shown on 31st March 1953 (previous financial year). Such mistakes may be avoided.

(3) *Sub-voucher number 76 of 1952-53, for Rs. 12.*—Remuneration at Rs. 4 per day has been made for typing work done for 3 days from 7th June 1952 to 9th June 1952, both days inclusive. Payment of charges is to be made based on the number of pages typed at one anna for every 60 words or Rs. 2 per diem, whichever be less [*vide* Appendix 8—item 38 (iii) (b) of General Financial Rules]. Further, no charges may be made for typing of similar work by private agency without the previous sanction of the authority competent to sanction entertainment of a corresponding temporary establishment. In this case, the sanction of President should have been obtained. The Committee may examine and lay down rules for incurring expenditure of the type referred to or delegate powers to the Secretary to entertain casual staff for work of this nature with the concurrence of the Government of India. The excess payment made on this account against the limit fixed, *vide* Appendix 8 to item 38 (iii) (b) of Annexure A of the General Financial Rules, Volume II, may also be regularised.

(4) Stamped receipts obtained from payees were not produced for the following payments:—

Date of payment.	Amount.			Name of payee.
	Rs.	a.	p.	
18th July 1952	45	0	0	"Times of India."
18th July 1952	698	7	0	M. C. Swaminathan Chettiar, Ernakulam.
1st August 1952	507	13	0	Messrs. Jootha Ramchandas.
10th November 1952	181	13	0	Messrs. D. K. Press, Ernakulam.

The relevant stamped receipts from payees may be made available at the time of next audit.

Part II.

IV. *Security Register.*—The Committee in its sixteenth meeting have adopted the recommendation that the initial expenses of Rs. 25 incurred by Shri K. Raman Menon in connection with the furnishing of security of Rs. 1,000 to the Committee (on being promoted as Accountant from the post of Head Assistant with effect from 13th March 1951) be reimbursed to him and that sanction also be accorded for the reimbursement of the annual premium of Rs. 15 on his fidelity guarantee policy.

It is not clear how the Committee can incur premium charges on fidelity bonds taken out by a subordinate for security. This is virtually the Committee itself furnishing the security. The authority on the basis of which the reimbursement of the annual premium of Rs. 15 on his fidelity policy was made against the provisions of paragraph 279 of General Financial Rules, Volume I, and of the initial expenses of Rs. 25 incurred by Shri K. Raman Menon in connection with the furnishing of security of Rs. 1,000 to the Committee may be furnished. The position may be re-examined by the Committee.

Again the decision of the Committee has not been recorded in the security register in the remarks column. This may be done.

V. *Advance recoverable from Central Coconut Research Station, Kasargod.*—A sum of Rs. 29,080-15-6 is pending recovery with the Research Station, Kasargod. This includes, *inter alia*, the following advances:—

Rs. 93-10-0 paid on 24th December 1952.

Rs. 12,587-0-0 paid on 7th January 1953.

Rs. 7,435-5-6 paid on 6th February 1953.

Immediate action may be taken to recover them in vouchers or in cash.

VI. *Andaman Advance Account.*—The Committee in its fourteenth meeting adopted, as subject-matter 34, that 50 per cent. of the recurring expenditure and 40 per cent. of the receipts on account of the "Three-Year Development Coconut Scheme in Andamans" should be shared by the Committee. A sum of Rs. 2,796-15-3 was expended by the Committee on this account during the year 1952-53. But 50 per cent. of the expenditure has not yet been settled and recouped to the Committee. Immediate action may be taken to recover the amount due to the Committee after settling the Committee's share of expenditure.

VII. *Advance for purchase of conveyances.*—A register should be maintained to record the amounts advanced to each person, authority sanctioning the advance for the purchase of conveyance in each case as required under paragraphs 254 and 255 of General Financial Rules, the number of instalments in which the repayments should be made, the amount recovered in each instalment and the balance pending recovery.

VIII. *Grant-in-aid.*—No payments towards grant-in-aid were made during the year. But balances of amounts paid during the previous years are pending with many schemes for which accounts with certificates of proper utilisation are to be rendered to the Committee. This information cannot be ascertained from the register as maintained now. An additional column to record remarks regarding the amounts for which accounts have been rendered should be provided in the register of grant-in-aid payments, balance to be refunded, credit realised, etc.

IX. *Issue Notes.*—The form of issue note as modified by the Director, Kasargod Research Station, *vide* his letter No. B.2267/52, dated 14th September 1953, may be brought into use immediately.

X. *Advance made to the Director of Disposals in 1950-51.*—Against an advance of Rs. 63,000 made during the year 1950-51 for laboratory equipments, a sum of Rs. 14,108-5-0 is pending adjustment at the end of March 1953. Immediate action may be taken to settle the advance made to the Government of India.

XI. *Research Station, Kayangulam.*—(1) *Receipts Books.*—The certificate of count is wanting in a few of the receipt books, *vide* the following books:—

Book No. 22, leaves 1051 to 1100.

Book No. 23, leaves 1101 to 1150.

Book No. 4/50, leaves 151 to 200.

Book No. 24, leaves 1151 to 1200.

Book No. 4/53, leaves 301 to 401.

The omission to issue receipt books to the subordinate officers without actual verification and certificate of count recorded by the Joint Director should not have occurred. The omission may now be supplied and such omissions may be guarded in future.

(2) The proposal of the Joint Director to utilise departmental receipts for departmental expenditure has been sanctioned by the Committee (in consultation with the Comptroller) as an exception to Central Treasury Rule No. 7 for a period of one year from 2nd February 1953 so long as it does not lead to unnecessary locking up of Committee's funds and the cash balance is retained subject to a review of the working of the system at the time of the subsequent inspection. An examination of the field staff's cash book shows the following position:—

Month.	Departmental receipts.	Departmental expenditure.	Net remittance in office.
	Demonstrator I.		
	Rs. a. p.	Rs. a. p.	Rs. a. p.
3/53	881 0 0	469 0 3	411 15 9
4/53	576 10 0	334 7 0	442 3 0
5/53	346 14 0	175 1 0	171 13 0
9/53	100 4 0	77 15 9	22 4 3
10/53	489 2 0	304 11 0	184 7 0
11/53	333 12 0	325 7 0	8 5 0
			1,041 0 0
	Demonstrator II.		
3/53	486 2 0	416 12 0	69 6 0
4/53	453 12 0	344 6 0	109 6 0
5/53	272 10 0	230 8 0	42 2 0
9/53	148 8 0	87 2 3	61 5 9
10/53	375 12 0	246 3 6	129 8 6
			411 12 3
	Demonstrator III.		
3/53	147 0 0	97 13 0	49 3 0
4/53	409 0 0	261 0 3	147 15 9
5/53	303 12 0	230 12 6	72 15 6
10/53	279 2 0	175 3 0	103 15 0
			374 1 3

It may be seen from the above that the departmental receipts accumulating in the hands of the demonstrators work up to an average of Rs. 120 a month with each demonstrator. With one demonstrator the amount has gone to about Rs. 412. This is an exceptional feature in the month. The demonstrators are in the scale of Rs. 45—60 and they have furnished a security of Rs. 50. With their status, it may not be quite desirable to entrust such large cash turnover of Rs 500 to Rs. 600 and permit them to retain cash of Rs. 120 on an average without being remitted for a month. If the present procedure of utilising departmental receipts for departmental expenditure requires to be continued, the Committee may consider whether their security may not be raised to Rs. 100.

(3) (i) *Vouchers.*—Payees' vouchers to support the following items of expenditure are not filed. They may be obtained and filed—

(a) Petrol charges of Rs. 44, on 25th February 1953.

(b) Rs. 47-4-0 paid to the Original Scientific Instrument & Co., Cawnpore, on 25th February 1953.

(c) Rs. 50-0-0 towards books and periodicals paid to K. Krishnamurthy, on 2nd January 1953.

(d) Rs. 68-0-0 paid to Ensign Engineering Corporation, on 4th March 1953.

(ii) *Spraying charges.*—The expenditure under this item comprises of labour for spraying, transport charges for transport of pumps and chemicals for spraying. Chemicals are purchased by the Joint Director while the first two items are spent by the demonstrators in the field. For each pump they engage two labourers, one for operating the pump and the other for climbing the trees, the former at Rs. 1-8-0 and the latter at Rs. 2-0-0 per day. The review of spraying expenditure given in the preceding paragraph would show that large variations are noticed as compared to the receipts in certain cases. Please see items 9/53 and 11/53 of Demonstrator I, all the months of Demonstrators II and III, etc. While the transport charges may be variable from month to month the labour charges incurred must have a reasonable outturn to justify the payment of fixed labour charges. The outturn of trees sprayed by a set of labourers (one pumper and one climber) varies from 32 to 50 a day. Such large variations reveal control of labour charges. The demonstrators must be instructed to see that 60 trees or such other reasonable number as may be fixed by the Joint Director are to be sprayed a day The Director may take steps to fix a schedule which must be worked up for labour engaged as well as tin lime shells and other materials required for spraying. The spraying charges incurred every month must be reviewed with reference to such schedule.

(4) (i) *Purchase of stores.*—Manures are purchased annually on consolidated indents after quotations with the sanction of competent authority as per suggestions of audit previously made. Though quotations were invited, all the quotations received are not seen in the file; so that it could not be verified whether the lowest quotation was paid Finally, the purchase is seen to have been made from the Government Depot keeper, Kayangulam. The file showing all the quotations received, the analysis of specifications called for for supply and that revealed in the stock supplied and other connected papers may be made available for reference.

(ii) *Chemicals and apparatus.*—The Committee have concluded that such consolidated purchase may not be feasible in this case and they have allowed the existing practice under which the Directors make piecemeal purchases within their delegated powers of sanction has been allowed to continue. The Committee has empowered the Directors to purchase chemical and apparatus up to a monetary limit of Rs. 250 at a time. It happens that purchases of one and the same chemical are made on more than one occasion which might be liable to be construed as evading the sanction of higher authority though really the purchases might be according to requirements. To avoid any possible evasion, it may be well that the Committee fixes the annual monetary limit of power of purchase by the Directors as in Appendix 8—item 21 of Annexure A of the General Financial Rules, Volume II.

(iii) Quotations are called for without specifying time of delivery, place of delivery, full specifications of articles, viz., nitrogen content of manures, etc. Quotations are also not called for from a large number of people in the line, e.g., for firewood ash only 3 people were given notices. The advantage of a competitive rate will be derived only if wider publicity is gievn to such purchases.

(5) *Farm Produce Register.*—(i) The maintenance of this register calls for improvement. There are 8 harvests in a year and the yields are entered blockwise. The responsible officer under whose supervision the pluckings are made is to attest the entries of each block in token of his counting the yield. Such attestations are wanting on many days. The omission may be avoided.

(ii) The auction list shows that the auction is conducted by the Farm Assistant and the bid is confirmed by the Director. As the produce auctioned is fairly large, the auction is to be conducted by the Director himself and recorded to that effect.

(iii) It is noticed that the removal of the last batch of coconuts after payment of value takes place 10 or 15 days after the last plucking. It is presumed that the conditions of sale prescribes that the Committee will in no way be responsible for the custody of the coconuts. This may be got confirmed.

(iv) Every month a fairly large number is rejected as barren nuts 197 in 4/52, 595 in 6/52, etc. The Joint Director may certify the rejection hereafter. The entry of barren nuts is noted at the end of each harvest in final accounting of that harvest. Normally the barren nuts will be decided after the bidder has removed the last consignment and the entry must therefore appear with each removal by the bidder and not days after all the removals and after series of piecemeal issues to the staff. This may be kindly noted. It may also be noted that the fuel value or other value of barren nuts which are rejected in large numbers is to be accounted for. Similarly a good number is issued for the several sections of the Research Station. The need for such issues must also be scrutinised by the Joint Director and certified by him.

(v) The following issues noted as utilisation as seednuts have not been credited and accounted for in the seednut stock register of the section concerned :—

(a) 40 nuts issued to the Entomology Section on 30th May 1952.

(b) 452 nuts issued as seednut (without mention of section) on 12th June 1952.

(c) 298 nuts issued as seednut (without mention of section) on 14th July 1952.

All these short credits may be traced and explained or the value remitted.

(6) (a) *Stock Register.*—The following articles purchased were not seen brought into the relevant stock registers:—

1. Plunger leather—12 Nos.
2. Springs for pedal—12 Nos.
3. Diaphragm—12 Nos.

} As per contingent bill 85, dated 13th March 1953.

4. Only one electric holder has been brought to stock register against the value of 2 holders paid as per sub-voucher 590, dated 16th September 1952, of contingent bill 28/52.

5. One ounce of turpentine has been alone brought to stock against 1½ oz. purchased, *vide* sub-voucher 411 of contingent bill 16/52.

The Director has physically verified all the stock and the fact of correctness recorded in the respective stock registers and these have not been found. The inference is that these were not brought to the stock and that these were not in the laboratory at the time of verification. The cost of these articles may, therefore, be got recovered from the Section Assistants responsible and credit pointed out.

(b) Though separate registers are maintained for consumable and non-consumable articles, the latter are seen as outright issue to the several sections and the balance is shown as nil. This will be in order only if the several sections have a separate register to take credit for these articles. But only a centralised stock register is maintained and these articles need not be shown as outright issue, but need contain only the section to which issue has been made and which should account for it without striking any balance. The acknowledgement of the section head may be taken for such issues to fasten the responsibility in case of need.

In the case of consumable stores like kerosene oil, petrol, etc., bulk issues are shown. The issues may be controlled by well regulated issues on issue notes as suggested in the previous audit report. Sometimes articles are obtained through the Government of India (I.S.D. or Ministry of Works, etc.). In such cases the invoice number of the Government of India supplying department may also be noted to facilitate verification of entries with invoices received direct in the Audit Department. Reference to invoice particulars may be noted hereafter.

(7) *Register of Assets.*—An attempt has been made to write up the register. It may be completed carefully with values noted therein under the attestation of a responsible officer.

(8) *Building Register*: (a) *Serial No. 5—Quarters of Junior Research Assistant.*—The standard rent of Rs. 4-15-0 being less than 10 per cent. of pay is being collected. The capital cost of the building is Rs. 986-9-3 and renovation of expenditure of Rs. 249 is incurred in March 1953. (Year of expenditure is not noted. This may be done.) The capital cost for purposes of recovery of rent from 1st April 1953 will be Rs. 1,285-9-3 and a rent of Rs. 6-3-0 is recoverable from 1st April 1953 against Rs. 4-15-0 now recovered. Please regularise recovery and intimate credit of recovery of arrears.

(b) *Serial No. 6.—Quarters of Junior Assistant.*—The up-to-date expenditure is Rs. 1,998 and rent recoverable is Rs. 9-8-0 against Rs. 6-14-0 recovered. The date of additional expenditure on capital is not noted. The arrears of similar rent due may be recovered and credit pointed out.

(c) *Serial No. 15.—Laboratory Assistant's quarters.*—The standard rent works up to Rs. 4-14-0 being 6 per cent. on 972-2-3 against Rs. 4 now collected. Please regularise recovery and intimate credit of recovery of arrears.

(9) *Quarters of the Entomologist.*—(a) A provisional rent of Rs. 10 has been fixed pending valuation and assessment of standard rent by the Central P.W.D. The valuation may be finalised immediately.

(b) The registers do not show the year in which additional expenditure is incurred nor is it attested by the Joint Director in the column povided for therein.

(10) *Acquittance Roll.*—Though the total amount disbursed to the following persons on 26th August 1952 is more than Rs. 20 each, the stamped acquittance has not been taken:—

	Rs.	Rs.	Rs.
1. Shri T. P. Gopalakrishnan	−17-6-0+13-8-0		
	+26-7-0+34-0-0		91−5−0
2. Shri P. V. Channey ..	−19-8-0+6-12-0		
	+6-12-0+22-5-0		55−5−0
3. Shri M. Ramamohan Rao	−4-5-0+18-3-0		
	+8-10-0+8-10-0		39−12−0

Stamped acquittance may be taken in future in such cases.

XII. *Kasargod*: (a) *Cash book.*—Vouchers obtained are defective in a few cases inasmuch as they do not contain full particulars to enable complete accounting of the articles purchased or services done being verified, e.g.:—

(a) *Lorry hire of Rs. 215.*—Paid for 36 trips for removing earth (*vide* voucher Nos. 778, dated 11th November 1952 and 827, dated 21st November 1952). The load per trip is only 1¼ mds. and the total run (including dead mileage) will come to 90 miles and the maximum charges admissible are only at the rate Rs. 1-8-0 or Rs. 135. The credit for the excess transporting paid may therefore be pointed out.

Further, volume of the earth removed out of the number of units of earthwork excavated is also not furnished.

(b) *Voucher No. 777, dated 11th November 1952, for Rs. 2-4-0.*—The voucher shows transport charge of some scientific articles from Central Station, Madras, to lodge and back while the articles are shown to have been sent from the Harbour Railway Station to Kasargod. There was no official purpose of transport from Central Station to lodge and back. The amount may be arranged to be refunded and the credit pointed out.

(c) *Voucher Nos. 881 to 883, dated 5th December 1952.*—Conveyance charges of 40 bags (cwt.) of superphosphate from Kasargod Railway Station to Research Station—3 carts at Rs. 3 claimed, 9-0-0.

	Rs.	a.	p.
Admitted for 2 carts at Rs. 3 on the basis of the voucher Nos. 875 to 877, dated 4th December 1952, where only 3 carts were engaged for 80 bags of nurate of potash	6	0	0
	3	0	0

Credit for the recovery of Rs. 3 being the excess amount paid may be pointed out.

Stamped receipts are wanting in the following cases of payments made for the purchases:—

Voucher No. 907, dated 13th December 1952, for Rs. 25-6 from Adair Dutt & Co., Madras.

Voucher No. 1170, dated 27th February 1953, for Rs. 166-2-6 from Chemical Co-operative Stores.

Voucher No. 1236, dated 17th March 1953, for Rs. 33-9-0 from Co-operative Society, Coimbatore.

The defects may be got cured and the fact reported.

(d) *Stock Registers.*—(1) Several items of stock materials, such as, iron rods, lime, paint and timber scantlings, etc., are shown as purchased and issued in bulk on one and the same date. As regards the issues, the acknowledgements of the recipients are also wanting in some cases, e.g.:—

Issue of 56 bolts and nuts on 13th February 1952.

20 iron flat on 13th February 1952.

8 flat iron pillar brakets on 1st October 1953.

All the issues should be supported by the acknowledgement of the recipients in future. So also issues of these materials should have been done according to the actual requirements instead of making bulk issues.

(2) Paints of different sorts and colours are entered into one and the same page in the stock register. This is not correct accounting. Similarly the purchase of brushes for painting and their issues are now shown on the same page of the stock register intended for paints. These articles should have been shown separately leaving separate pages.

(3) A quantity of 14 lbs. of paint is shown as purchased and issued on 7th November 1952 for the work of repairing the copra store. As only lump sum provision has been made in the estimate for the above work, the efficacy of the utilisation of the quantity issued could not be ascertained. Without furnishing detailed estimate for each item of work, how the actual quantity of materials required is being purchased is not known.

Similarly, 17 cwts. of cement was issued in piecemeal from 11th March 1953 to 28th March 1953 for erecting a barbed wire fence around the Meteorological Observatory.

As soon as a work is over an abstract of materials purchased for the work, the quantity utilisable as per data of P.W. schedule and the balance to be accounted for, if any, may be worked out.

(4) On 31st May 1952, there was a stock of 20 cwts. of cement. The total quantity issued till 16th July 1952 comes to 20 cwts. On a further scrutiny, it was observed that the above quantity of cement was issued for the annual repairs of the residential and non-residential buildings. When the estimated quantity for the above work was only 20 cwts. of cement, how 20 cwts. is shown as issued for the above work, requires special notice. Excess issue of 1 cwt. may be made good and the credit pointed out.

(5) *Voucher No. 1109, dated 11th February 1953.*—For Rs. 28 being the value of teak wood stools supplied by Shri C. Ambady Furniture Maker, Kasargod.

As per the bill, the specifications of items 1 and 2 are as follows:—

		Rs.	a.	p.
1.	One T. W. stool—2½ feet high on 4 legs with 10 inches square plank on top ...	10	0	0
2.	One T. W. stool—2 feet high on 4 legs with 10 inches square plank on top ...	8	0	0

But in the stock register the size of the square plank on top is differenty shown as 9 inches square instead of 10 inches. If so the price may also vary. The discrepancy may be explained.

(6) On 1st May 1952 an issue of 3 seed coconuts was made to Gondarda Estate, Malaya, as per the instructions of the President, Indian Central Coconut Committee, on exchange basis. But letter No. F.2.8/52-Comm. II, dated 22nd January 1952, of Ministry of Food and Agriculture, Government of India, shows that sanction was accorded to supply 5 Nos. Please state whether the above issue has been made good by return supply and if so the reference in support, if any, may be pointed out.

Further, the circumstances under which only 3 Nos. were supplied instead of 5 against the orders of Government of India may also be stated.

(7) The cost of 100 lbs. of Crotalaria striata seed amounting to Rs. 25 sold to the the Director of Agriculture, Trivandrum, on 25th February 1952 and of 25 lbs. amounting to Rs. 6-4-0 sold to the Agricultural Inspector, Chithaldrug, on 9th December 1952 excluding the incidental charges is still pending realisation. Early action may be taken in the matter and the result thereon intimated.

(8) Annual stock verification certificate of the Director is wanting in the stock register of library books. Further, a copy of Southern Railway Guide purchased for Rs. 1-4-0 on 26th May 1952 as per voucher 182 has not been taken to the stock register so far. The omission may be explained.

(e) *Stock Register of cattle feed.*—Variations in quantities for the issues of cattle feed are observed on certain dates from the sanctioned scale without specifying the reason therefor. So also on certain dates some items of concentrates were not issued for the administration of the fodder for want of sufficient stock, *vide* the concentrates issued on 10th October 1952 to 24th December 1952, 5th November 1952, 26th December 1952 and 26th and 27th March 1953. Deviations made from the authorised scale must be specifically sanctioned by the Director.

(f) *Auction list.*—In the list of articles appended to the auction notice No. B.1064/53, dated 19th February 1953, item Nos. 13 and 15 (Tea pot 1 and soda water tumbler 1) were not included in the sale list, dated 23rd February 1953. The circumstances under which these two items were not put to auction since they have been included in the sale notice may be stated.

ORDER.

No. 4076Dis./D/10L-66/54.—24th August 1954.—Whereas under the Government of West Bengal, Labour Department, order No. 1336Dis./D/10L-66/54, dated the 31st March 1954, the industrial dispute between Polar Electrical Engineering Co., Ltd., 565, Diamond Harbour Road, Behala, and the Joint Receivers, namely, Shri D. C. Bhattacharjee, Superintending Engineer of the Company and Shri Chunilal Kothari representing Sree Krishna Rice & Oil Mills, Ltd., of 168/B, Cotton Street, Calcutta, on the one side and their workmen represented by Polar Mazdoor Union, 45, Banamali Naskar Road, Behala, Calcutta-34, on the other, regarding the matters specified in the schedule thereto was referred for adjudication to the Fourth Industrial Tribunal;

And whereas the said Fourth Industrial Tribunal has submitted to the State Government its award on the said industrial dispute;

Now, therefore, in pursuance of the provisions of section 17 of the Industrial Disputes Act, 1947 (XIV of 1947), the Governor is pleased hereby to publish the said award as shown in the annexure hereto.

ANNEXURE.

Industrial dispute between Messrs Polar Electrical Engineering Co., Ltd., 565, Diamond Harbour Road, Behala, and the Joint Receivers, namely, Shri D. C. Bhattacharjee, Superintending Engineer of the Company and Shri Chunilal Kothari representing Sree Krishna Rice & Oil Mills, Ltd., of 168/B, Cotton Street, Calcutta, on the one side and their workmen represented by Polar Mazdoor Union, 45, Banamali Naskar Road, Behala, Calcutta-34, on the other referred under Government order No. 1336Dis./D/10L-66/54, dated the 31st March 1954 (Case No. VIII-83/54).

BEFORE THE FOURTH INDUSTRIAL TRIBUNAL, WEST BENGAL.

PRESENT:

SHRI S. C. MUKHERJI, *District Judge, Judge, Fourth Industrial Tribunal.*

For the Union: Shri Patit Paban Pathak and Shri Kali Ghosh.

For the Company: Shri H. L. Dutta, Advocate, instructed by Messrs. K. K. Dutta & Co., Solicitors.

By Government order No. 1336Dis./D/10L-66/54, dated 31st March 1954, the aforesaid dispute was referred to this Tribunal for adjudication. The issues framed by the Government were the same as the issues framed by this Tribunal and they were as follows:—

(1) Whether the Management of Polar Electrical Engineering Co., Ltd., of 565, Diamond Harbour Road, Behala, particularly Shri D. C. Bhattacharjee and Shri Chunilal Kothari, who have been appointed Joint Receivers by the Hon'ble High Court of Calcutta to run the factory, are justified in closing down the factory on the 5th December 1953 and in keeping it closed?

(2) Whether the Management of the said Company, particularly the said Joint Receivers, are justified in withholding payment of the workers' earned wages and other dues?

(3) Whether the workers' Provident Fund money should not be immediately set apart and arrangement for its security made by the Management of the said Company, particularly by the said Joint Receivers?

(4) What relief the workers are entitled to?

Notice of the aforesaid dispute having been served on the parties, Union filed its written statement on 4th May 1954 and the Company filed its written statement on 25th May 1954.

The case for the Union is that the Company hypothecated the factory to Shri Krishna Rice and Oil Mill in consideration of a loan and not having thereafter cared to repay the said loan, the said creditor brought a suit to the Hon'ble High Court and ultimately by an agreement between the parties Joint Receivers were appointed but the latter on 5th December 1953 by a notice kept the factory closed *sine die*, that certain sums of money were due to the workmen from the original Company as also from the Joint Receivers on account of earned wages, Provident Fund, etc., that under the circumstances the closure of the factory was unjustified as also the withholding of the workers' dues and Management also is responsible for making arrangement for security of the Provident Fund money payable to the workers.

The Joint Receivers in their written statement contended that they have been appointed Joint Receivers by the Hon'ble High Court with liberty to run the factory if they think fit and proper but for want of fund they have kept the factory closed and consequently they have no liability for any payment to the workers as the ownership of the factory still remains with the Company. The Polar Electrical Engineering Company appeared at a late stage of the hearing only to say that they have got no asset and they are not liable, but Joint Receivers are liable to the workers.

AWARD.

Issue No. 1.

The factory has been closed with effect from 5th of December 1953 without assigning any reason therefor. In the absence of any such reason none can suggest that the closure was justified. The closure was effected by Joint Receivers who purported to act under the order of the Hon'ble High Court which was to the effect: "Joint Receivers will be at liberty to run the factory if they think fit and proper. Joint Receivers will be at liberty to borrow further money at such rate of interest, etc., etc." Under this order Joint Receivers are entitled to run the factory as well as not to run the factory. Since the order was made by consent of the parties, the consequences arising as a result of the action or inaction on the part of the Joint Receivers will at the first instance be visited on the Company. It is very peculiar that the workers have neither been discharged nor laid off. Under the circumstances, I hold that the Management of Messrs Polar Electrical Engineering Company, Ltd., was not justified in closing down the factory on the 5th of December 1953 and in keeping it closed. Joint Receivers purported to act under the orders of the Hon'ble High Court. This remark cannot be applied to them.

Issue No. 2.

As discussed above, I am constrained to hold that responsibility is with the Management and they are not justified in withholding payment to the workers' earned wages and other dues but the same remark cannot be applied to Joint Receivers who purported to act under the orders of the Hon'ble High Court. Management of Messrs. Polar Electrical Engineering Company, as I have said, appeared at a late stage of the hearing only to say that they have no asset and that the responsibility was not of theirs but of Joint Receivers. As they did not appear at any time, the Union did not file any statement regarding their claim on these items and the Company also did not adduce any evidence to show what were their actual dues. In the circumstances for want of materials it is not possible to ascertain the dues of the workers. It would only be sufficient to say that the liability is with the Management of Messrs Polar Electrical Engineering Company regarding these dues but the same remark cannot be applied to the Joint Receivers for reasons noted in the discussion of issue No. 1.

Issue No. 3.

I hold that the workers' Provident Fund money should immediately be set apart and arrangement for its security be made by the Management of the said Company. It is sufficient to say that the ownership of the factory still remains with the Company and as such they are responsible for the money. The Union has not impleaded the trustees as parties in this case. The Company at the hearing verbally said that the money was lying with the Provident Fund Commissioner but they did not give proofs for it. In the circumstances, I must answer this issue by saying that the workers' Provident Fund money should be immediately set apart and arrangement for security made by the Management of the Company but the same remark cannot be made with regard to Joint Receivers.

Issue No. 4.

The reliefs to which the workers are entitled are noted in the above issues.

ANNEXURE.

In the matter of an application for an iterim relief filed by Shri Bejoy Copal Chakravarti, 91-F, Kalighat Road, Calcutta, against Messrs. T. E. Thomson & Co., Ltd., 9A, Esplanade East, Calcutta.

BEFORE THE SIXTH INDUSTRIAL TRIBUNAL, WEST BENGAL, CALCUTTA.

PRESENT:

SHRI MOTILAL CHAKRAVATTI, *District Judge, Judge, Sixth Industrial Tribunal.*

For the workman: Shri D. L. Sen Gupta, Advocate.

For the Company: Shri P. K. Ghose, Advocate, Messrs. Fowler & Co., Solicitors.

The original reference out of which the present application for interim relief has arisen was made under Government order No. 2865Dis./D/10L-44(A)/54, dated 4th June 1954.

Interim Relief.

Shri Bijoy Gopal Chakravarti, an employee, who has been retrenched by the employer Messrs. T. E. Thomson & Co., Ltd., on the 29th June 1953, with effect from 1st July 1953, is a party to the original case which is numbered 181 of 1954 under Government order No. 2865Dis./D/10L-44(A)/54, dated 4th June 1954, and the dispute in the said case is—

"What relief Shri Bijoy Gopal Chakravarty is entitled to for termination of his employment".

There is no likelihood of the said reference case being finally heard in the near future, the said employee applied for an interim award so that he may anyhow maintain himself and his family pending the final decision of the adjudication proceeding.

The facts are admitted that he joined the services of Messrs. T. E. Thomson & Co. (Sterling Company), in 1920 and that in 1947 the said Company was converted into Rupee Company by process of voluntary liquidation. At the time of formation of Rupee Company in 1947, Shri Bijoy Gopal Chakrabarty signed a form purporting to indicate that he opted to serve in the Rupee Company.

Bijoy Gopal contends that the said signature was obtained from him under certain circumstances which invalided the said transaction and that he never gave up his claim to the benefits of his service since 1920. It is admitted that at the time of his discharge in 1953, he was 67 years old. He wants notice pay for one month because his termination of service was not by any proper or valid notice, and the notice which has been given by the Company is too short, he also wants gratuity for 7 years of service at the rate of 30 days' wages per year of service and it is stated by his lawyer that for the purpose of ad-interim award he does not pray his claim for gratuity for the period prior to the formation of Rupee Company. He also prays for leave wages due to him and further

he also wants retrenchment relief at the rate of 15 days' wages and dearness allowances for each year of service during the period from 1947 up to the date of his discharge.

On behalf of the Company it is argued that many people had been retrenched due to unfavourable condition of the Company and also on account of financial crisis and it is stated on behalf of the Company that it has no objection if the Tribunal grants ad-interim award to Bijoy Gopal Chakrabarty for the amount which as already offered by the Company to him as per Annexure 3 of Bijoy Gopal's written statement in the original reference case. I find that in the abovementioned Annexure '3' there is no mention regarding wages in lieu of notice. It is now the settled law that an employee who is not given proper and valid notice terminating his services is entitled to get wages and dearness allowance for the notice period, i.e., one month. The Company admits that Bijoy is entitled to get his wages and allowance for the leave period due to him. It is admitted that Bijoy Gopal Chakrabarty has already received his Provident Fund from the Company after the retrenchment. Provident Fund was introduced, as I am told, in 1949. It is not proper to give any ad-interim award directing the employer to make any payment of money or compensation to the employee before the hearing of the case in cases where such claim for money is hotly contested by the employer. The Tribunal may grant ad-interim award if any such claim is supported by the settled law and if the facts giving rise to such claim are admitted. So on this principle I conclude that the petitioner Bijoy Gopal Chakrabarty cannot be given any ad-interim award for gratuity plus retrenchment relief both together at the same time, particularly in view of the fact that Bijoy Gopal was 67 years old at the time of termination of his service and he had very little span of service life in anticipation at that time. As regards the period of gratuity the fact is admitted that in 1947 Provident Fund was introduced. The Company is willing to pay gratuity at the rate of 15 days' wages including dearness allowance for each year of service under the Rupee Company for the period prior to the introduction of Provident Fund. So I think that the petitioner may be given the following reliefs by the ad-interim award, viz.—

(1) One month's wages and dearness allowances on account of notice period,

(2) wages and allowances due for the entire leave period due to Bijoy Gopal, and

(3) gratuity for the period from the formation of Rupee Company up to the introduction of Provident Fund at the rate of 15 days' wages and allowances, per year of service.

It is admitted that Bijoy Gopal Chakrabarty has already withdrawn his Provident Fund which was due to him. Hence it is directed that the employer Messrs. T. E. Thomson & Co., Ltd., shall pay the above items of money to the employee Shri Bijoy Gopal Chakrabarty as interim relief within 15 days' from this date and if not paid the award shall be enforceable according to law.

PRESENT:

SHRI J. N. MAITRA, *Judge, Third Industrial Tribunal.*

For the Workman: Shri N. K. Sen, General Secretary, Association of Employees' Unions.

For the Company: Shri O. N. Goenka, Director of the Company.

AWARD.

1. By order No. 2614Dis./D/111-191/54, dated the 24th May 1954, the Government of West Bengal, in the Labour Department, referred under section 10 of the Industrial Disputes Act, 1947, the industrial dispute between Messrs. D. L. Miller & Co., Ltd., McLeod House, 28, Dalhousie Square West, Calcutta, and one of their employees, Shri Prafulla Chandra Pramanik of Roy Bazar Road, Sarat Sarani, Hooghly post office, district Hooghly, regarding the matters specified in the schedule, to the Third Industrial Tribunal constituted under section 7 of the Industrial Disputes Act, 1947, by notification No. 592Dis./D/12L-5/52, dated the 23rd February 1953, for adjudication.

2. After usual notices the parties entered appearance and filed their written statements duly. The pleadings were completed on 9th July 1954.

3. The matter of dispute as stated in the schedule to the order of reference is as follows:—

> Whether Shri Prafulla Chandra Pramanik is entitled to get Rs. 1,500 in lump as gratuity money which the Management previously agreed to pay in writing but later on refused?

DECISION.

In support of his case the workman, Shri Prafulla Chandra Pramanik has deposed (P. W. 1) besides proving documents Exts. 1 and 2. The Company on the other hand has not adduced any evidence.

Shri Prafulla Chandra Pramanik was a clerk in the Cash Department of this Company. He had joined service on a monthly salary of Rs. 65. At the time of termination of his employment he was drawing a basic salary of Rs. 130 and dearness allowance of Rs. 103-4, in all Rs. 233-4 per month.

In December 1952 the Company wanted Shri Prafulla Chandra Pramanik to retire from service on the ground of superannuation on a pension of Rs. 50 per month during his lifetime, besides his provident fund money including the Company's share of contribution. On such proposal there was a discussion between the workman, Shri Prafulla Chandra Pramanik and the Managing Director of the Company. As a result of the discussion, the Managing Director wrote to Shri Prafulla Chandra Pramanik on 30th December 1952, Ext. 1. By Ext. 1 the Company intimated that it was agreeable to pay a lump sum of Rs. 1,500 as gratuity in lieu of pension as requested by the workman, besides the provident fund money and salary up to the end of January 1953, if the workman retired from service of the Company by 31st January 1953. The workman, the evidence shows, accordingly retired from service. The evidence further reveals that the Company did not, however, pay according to their letter, Ext. 1. Thereupon the workman submitted an application to the Labour Commissioner to intervene in the matter. The matter was accordingly taken up for conciliation and at the instance of the Conciliation Officer the Company again agreed to pay the gratuity of Rs. 1,500 in lieu of pension besides the full amount standing at the credit of the workman in the provident fund account including the Company's share of contribution. The Company accordingly wrote another letter, dated 3rd February 1953 (Ext. 2), to that effect to the workman. In accordance with the letter the Company paid the workman the provident fund dues. It, however, failed to pay the gratuity of Rs. 1,500 as agreed upon. The workman again moved the Labour Directorate. In course of the conciliation proceedings the Company stated that it withheld payment as since the agreement it came to its notice that the workman, Shri Prafulla Chandra Pramanik had divulged certain secret informations to the Company's ex-London Principals. The Workman denied having done so. The matter could not be settled and hence it was referred to for adjudication.

The Company reiterates the same ground for withholding the payment of gratuity to the workman but has adduced no evidence to substantiate the charge. The workman on the contrary denied on oath before this Tribunal that he had divulged any secret information to the Company's ex-London Principals. I have had nothing to discard his evidence. The letter which the Company wrote to the workman (Ext. 1) makes mention of the workman having put in loyal and good service. So the charge being without foundation, the Company cannot go back upon its own promise, more so after having induced the workman to retire from service. I am, therefore, of opinion that the workman Shri Prafulla Chandra Pramanik is entitled to get Rs. 1,500 in lump as gratuity money from the Company as agreed upon. The Company is directed to make payment to the workman as soon as the award becomes enforceable.

As to the preliminary objection that a single employee's case is not an industrial dispute, it has been held in the case of Swadeshi Cotton Mills Co., Ltd., Kanpur, *versus* Shri Ram Baran, reported in 1953 L.A.C., page 139, that a dispute raised by a workman individually comes within the language of the definition of industrial dispute in section 2(k) of the Industrial Disputes Act, 1947. So the objection must fail.

I award accordingly.

In the matter of an industrial dispute between Messrs. Walford Transport, Ltd., 71, Park Street, Calcutta-16, and their workmen represented by Engineering Mazdoor Union, 65, Kansaripara Road, Bhowanipur, Calcutta-25.

BEFORE THE FIRST INDUSTRIAL TRIBUNAL, WEST BENGAL.

PRESENT :

SHRI M. C. BANERJI, *District Judge (Retd.), Judge, First Industrial Tribunal.*

The Government of West Bengal, in the Labour Department, by order No. 563Dis./D/10L-27/54, dated 9th February 1954, referred under sections 7 and 10 of the Industrial Disputes Act, 1947 (XIV of 1947), the industrial dispute between Messrs. Walford Transport, Ltd., 71, Park Street, Calcutta-16 and their workmen represented by Engineering Mazdoor Union, 65, Kansaripara Road, Bhowanipur, Calcutta-25, regarding the matters specified in the following schedule to this Tribunal for adjudication.

SCHEDULE.

(1) What should be the quantum of bonus for 1952?

(2) Annual increment.

Notices were issued on both parties, who filed written statements setting forth their respective cases.

The Union, in its written statement, states as follows :—

Messrs. Walford Transport, Ltd., is a public limited company engaged in automobile industry. Its main business are distributorship of some important and popular cars, trucks, etc., whose franchises are held by them, sale of some cars, trucks and allied motor parts, repairs of cars and trucks, Government contracts and manufacture of trailer and pindle hooks, etc. The Company had its head office, workshop and several petrol stations in Calcutta and has got a branch at Gauhati. The Company has been earning good profits year to year. It has accumulated huge profits and paid dividends to the share-holders. This Company and their workmen were parties to the first and second Engineering Tribunal proceedings, and there was a third proceeding between this Company and its workmen before Shri S. N. Modak, I.C.S. (Retd.), regarding some issues. The Company has issued bonus shares to its share-holders. The repairing workshop is very paying and is making huge profits every year. The Company has stopped annual increments from January 1953, without any reason. During the pujas, the employees used to get regular customary bonus as puja bonus of not less than a month's wages. Such bonus they were getting at the same rate for a considerable number of years, irrespective of any profit or loss to the Company. Suddenly in the year 1953, the Company offered 15 days' wages as puja bonus to the workmen, who refused to accept the puja bonus as offered. The Union, therefore, prays for customary bonus and puja bonus for 1952, payable in 1953, to the extent of one-fourth of the total earnings of the workmen in the year, and a profit bonus at three months' salary to these workmen who have completed a year's service, and to others with less period of service at *pro rata* basis. The Union also claims that automatic increments for 1953 be paid to all workers according to their grades. No one should be victimised in the grade increments by stoppage of increments for late attendance.

The Company, in its written statement, states as follows :—

The main activity of the Company is the purchase and sale of new automobiles, which activity includes certain obligations imposed by the manufacturers, such as facilities for repair, service and distribution of spare parts. This Company and their workmen were parties to the two omnibus Engineering Tribunal proceedings, whose awards were published in 1948 and 1950, respectively. These terms of employment were again scrutinised and confirmed by the decision of a fresh Industrial Tribunal set up by the Government of West Bengal, by Order No. 57Dis.-10L-65-61, dated 14th September 1951, and the award on this dispute was given by the Tribunal on 28th November 1951. Between 1947 and 1951, the employees had the benefit of three awards, and the terms now in force are those which have been laid down or confirmed in these three awards. Retrenchment was found necessary by the Company on financial grounds consistent with the volume of business available, profit potentialities and consistent ability to spend money. Retrenchment of employees were made in 1950, 1951, 1952 and 1953. During the War years, substantial additions were made to the Company's strength of personnel, as there was additional work to do. With the end of the War, a large number of employees became surplus. These men were retained in service as long as it was possible to do so, in spite of the fact that the volume of business was progressively dropping. Instead of disposing of surplus staff all at once, the reductions were effected by stages to

cause the minimum hardship. Reduction in expenses were effected not only by reducing staff, but also reducing other expenses in the establishment. The Company was floated in 1920, with a paid up capital of Rs. 20,00,000 and odd. During the early stages, it was engaged in transport business in Calcutta city. It had to face wave after wave of adverse business conditions, which resulted in abnormal losses which accounted for about 50 per cent. of the capital by 1925. A financial crisis followed, to overcome which fully paid up shares of Rs. 10 each were written down to Rs. 2-8 each. Severe losses were again incurred in 1931 and 1932, and in July 1939, the paid up share value was again written down to Rs. 2 per share. The Company's main source of income is derived from the sale of new automobiles. The workshops have always been a liability. The Company holds two main selling franchises, viz :—

(a) General Motors India, Ltd., for Chevrolet cars, Chevrolet trucks and Buick cars.

(b) Automobile Products of India, Ltd., for Hillman Minx, Humber and Sunbeam-Talbot cars and Commer and Karrier trucks.

The gross profit ratio is progressively declining. The Company has three main Departments—Workshops, Stores and Sales Departments. The workshop which employs the maximum number of men produce the minimum volume of business, while the Sales and Stores Departments employing lesser number of men bring the maximum volume of business. The present paid up capital is Rs. 10,00,000 and odd. This is inadequate for the purpose of carrying on the Company's normal business activities in spite of the fact that reserves built up from profits are also utilised. There is thus a shortage of liquid fund in the business, which accounts for substantial bank borrowings.

The Company does not admit that annual increments are automatic. It was always understood that increments were at the discretion of the Management and depended upon the financial position of the Company. In 1951, the average number of employees was 387, of which 86 per cent. received increments and 14 per cent. did not get it. In 1952, the average number of employees was 344, of which 78 per cent. received increments, while the balance did not. In 1953, there was no increments, as the earning capacity of the Company and the potential outlook did not warant it. The First Engineering Tribunal award laid down that bonus should be paid if there are comparable profits. There is no case for increasing bonus or the granting of automatic annual increments for the year 1953. The claim of the Union should, therefore, be dismissed with costs.

The appearances for the parties were as follows :—

For the Union : Shri N. M. Das Gupta, Advocate, instructed by Shri Adi Nath Banerji, Secretary.

For the Company : Shri S. C. Sen, Advocate, instructed by Shri R. R. Aiyer, Secretary of the Company.

The issues framed for the decision of this case are the same as those mentioned in the order of reference and are as follows :—

ISSUES.

(1) What should be the quantum of bonus for 1952?

(2) Annual increment.

AWARD.

DECISIONS.

Issue No. 1.

The Union in its written statement claim customary bonus as puja bonus of 1952, payable in 1953, to the extent of one-fourth of the total annual earnings of

each workman and also profit bonus for 1952, at the rate of three months' basic wages. In the written statement, it has been stated by the Union that the employees used to get regular customary bonus as puja bonus of not less than a month's salary, irrespective of any profit or loss and suddenly in the year 1953, the Company offered 15 days' wages as Puja bonus to the workmen, which offer was not accepted. At the time of the hearing, no claim for customary bonus was pressed and there is no evidence to conclude that there was the system of payment of a bonus of at least one month's basic wages resting on an agreement between the employers and the workmen. No evidence has been adduced to show that an implied agreement was indicated by an unbroken practice for a long period of payment of bonus at the time of the pujas, as claimed by the Union. The claim of customary bonus, therefore, appears to be of no substance. It will only be considered as to whether the employees are entitled to any bonus on the general principle that labour and capital should share the surplus left after meeting necessary and prior charges. The principle of ascertaining the quantum of bonus for the workmen out of the surplus profits has been enunciated in the Full Bench case of the Millowners' Association, Bombay, reported in 1952 L. A. C., 433. At page 4 of the written statement of the Company, it appears that bonus was given by the Company to its workmen to the extent of one month's basic wages out of the trading profits of the year 1943, 1944, 1945, 1946, 1949, 1950 and 1951, and bonus to the extent of two months' basic wages was allowed out of the trading profits of 1947 and 1948. In 1947, an additional bonus of half a month's basic wages was given as Independence Day bonus. This statement also shows that out of the trading profits of the year 1952, the Company has made proxisions for payment of Rs. 16,851 as bonus, being an amount equal to half a month's basic pay. It, therefore, appears that the Company has already made provisions for payment of 15 days' basic pay as bonus in 1953 out of the trading profits of the year 1952. The workmen did not accept this payment and have made a claim before me for three months' basic salary as profit bonus for 1952, in addition to the customary bonus, which has been dealt with above. P.W. 1. Shri Rakhal Chandra Sarkar, deposed for the Union. The Company filed the balance-sheets, Exts. A series to show the yearly report and statement of accounts for the years ending 31st December 1949, to the year ending 31st December 1953. We are concerned with the balance-sheet, Ext. 1, for the year ended 31st December 1952, for the purpose of ascertaining the available surplus from which the claim of the bonus may be made. On a scrutiny of the balance-sheet, it appears that the available surplus formula is to be deduced in the following manner from the following data :—

	Rs.
Nett profit as per P. L. Account	91,551
Add bonus paid in 1952 for the year 1951	39,046
Add provisions made out of the earning of 1952, for	
(i) Taxation.	73,428
(ii) Parts obsolescence	50,660
Add depreciation charge	32,842
Gross profit :	2,87,527

The Company produced before me the income-tax assessment order on the profits of 1952 and it appears from this document that the depreciation allowed was Rs. 84,111 and the Income-tax assessed was Rs. 64,360. The dividend at 6 per cent. on the share capital of Rs. 10,51,000 is Rs. 63,060. The return on

reserve employed at 4 per cent. on Rs. 15,00,000 will be Rs. 60,000. The prior charges would, therefore, stand thus :—

	Rs.
(a) Depreciation and rehabilitation charges ..	84,111
(b) Income-tax	64,360
(c) Dividend at 6 per cent. on paid up capital ..	63,060
(d) Return on reserve at 4 per cent.	60,000
	2,71,531

The Company, in its accounts for calculation of available surplus claimed the rehabilitation charges only at the amounts of depreciation as actually allowed by the Income-tax authorities. I have not, therefore, found it necessary to make any further calculation on the rehabilitation charges. Deducting the prior charges of Rs. 2,71,531 from the gross profits of Rs. 2,87,527, the balance is Rs. 15,996, *i.e.*, about Rs. 16,000. Considering that half a month's basic wage amounts to Rs. 16,851 and the Company has made provisions for this amount for payment of bonus to the employees, I do not consider that the employees are entitled to any more bonus than what the Company has provided for, *i.e.*, at half a month's basic wage. It is, therefore, awarded that the employees shall get half a month's basic wage as bonus in 1953 out of the trading profits of 1952. This issue is accordingly answered.

Issue No. 2.

This issue relates to the claim of annual increments of basic salary of the employees. The Union states in its written statement that annual increments of basic salary was a regular feature of this Company as a condition of service for the workmen, but the Company suddenly stopped annual increments from January 1953, without any reason. It is also stated that employees are punished for late attendance by deducting salary or by stoppage of annual increments. The Union claimed the annual increments from 1953 to all workmen as per their respective grades in existence retrospectively from January 1953. A further prayer was made that no one should be victimised by stoppage of the annual increments for late attendance. The Company in its written statement states that annual increments are not automatic, and it was always understood that increments were at the discretion of the Management and depended on the financial condition of the Company. The average number of employees in 1951 was 387, of which 86 per cent. received increments and 14 per cent. did not get them. In 1952, the average number of employees was 344, of which 78 per cent. received increments, while the balance of 22 per cent. did not get any increments. It is further stated that in 1953, there was no increment, as the earning capacity of the Company plus the potential outlook did not warrant it and that in view of the reduction in gross profits, the claim of annual increment in the basic salaries of the employees should not be allowed.

It is the common case of both the parties that the Company and its workmen were parties to the proceedings of the two Major Engineering Tribunals of which awards were made in July 1948, and September 1950. In the first award of the Major Engineering Tribunal made in July 1948, grade scales of salaries were fixed for the clerical and the subordinate staff. The Company in its written statement admits that increments in the basic wages were granted in 1951 and 1952. The evidence of P.W. 1 Shri Rakhal Chandra Sarkar shows that since 1947, the workers got increments in salaries according to their grade scales and that an unskilled worker got an increment of 1 anna per day and a skilled

and semi-skilled worker got an increment of 2 annas per day within their grades. The witness also states that in 1951 and 1952, some workers were denied annual increments as a punishment for late attendance. It is, therefore, abundantly clear that annual increments are being given as a condition of service and this has been denied in 1951 and 1952 by way of punishment for late attendance. The Company should, therefore, grant annual increments also in 1953. The learned spokesman for the Company stated that it was not possible for the Company to grant any annual increments in 1953, due to the unsatisfactory financial condition at the end of 1952. The balance-sheet, Ext. A(1) does not show such a financial condition as to permit the Company to stop the annual increment which was already a condition of service for the workmen. It was stated before me that the normal rate of increments would amount to Rs. 18,902 in the year, whereas the result of the trading in 1953 shows a net profit of only Rs. 10,017 and odd. It appears that the financial condition of the Company has deteriorated at the end of 1953, but there was no justification for the Company to refuse the annual increment in the beginning of 1953. Following the principles enunciated by the Hon'ble Labour Appellate Tribunal of India in the cases of Ganesh Flour Mills (1952 L.A.C., 172) and of Kanpur Omnibus Service, Ltd. [1953(1)L.L.J., 47], it is awarded that the Company shall pay annual increment which was due to the workmen in the beginning of 1953, with effect from the beginning of 1954 in the circumstances of the case. I do not order the retrospective operation for this part of the award, in view of the fact that if such an order was made, the Company would be put to embarassment. The increments due in the beginning of 1953 should be given with effect from the beginning of 1954. No further increments should be paid in 1954. This issue is accordingly answered.

Judge, First Industrial Tribunal.

ORDER.

No. 4087Dis./D/15L-11/53.—25th August 1954.—Whereas under the Government of West Bengal, Labour Department, order No. 2046Dis./D/15L-9/52, dated the 31st July 1952, the industrial dispute between Messrs. Lalji Raja & Sons, Oil Mill Owners, Bankura and the workers employed in their three oil mills represented by Shri Basanta Kumar Chakravarty, Shri Amulya Das, Shri Golak Bihari Singh, Shri Rampada Gorai, Shri Guiram Karmakar, Shri Ram Chandra Upadhaya and Shri Amulya Gorai, C/o. Messrs. Lalji Raja & Sons, Bankura, regarding the matters specified in the schedule to the said order was referred for adjudication to the Fourth Industrial Tribunal;

And whereas during the pendency of proceedings before the said Tribunal, a complaint was filed before it against the said Company by Basanta Kumar Chakraborty and Tulsi Dasi, two workmen of the said Company alleging that the said Company had discharged the said two workmen concerned in such dispute;

And whereas in exercise of the powers conferred by section 33A of the Industrial Disputes Act, 1947 (XIV of 1947), the said Tribunal has adjudicated upon the said complaint and submitted its award to the State Government:

Now,, therefore, in pursuance of the provisions of section 17 of the Industrial Disputes Act, 1947 (XIV of 1947), the Governor is pleased hereby to publish the said award as shown in the annexure hereto.

ANNEXURE.

In the matter of an application under section 33A of the Industrial Disputes Act, 1947, filed by workmen Basanta Kumar Chakravarty and Tulsi Dasi in connection with the industrial dispute between Lalji Raja & Sons, owners of 3 Oil Mills in Bankura and their workmen referred under Government order No. 2046Dis./D/15L-9/52, dated 31st July 1952 (Case No. 80/53).

BEFORE THE FOURTH INDUSTRIAL TRIBUNAL, WEST BENGAL.

PRESENT:

SHRI S. C. MUKHERJI, *District Judge, Judge, Fourth Industrial Tribunal.*

For the Union: Shri Basanta Kumar Chakravarty.

For the Company: Shri Mohan Lal Kumarji, *Partner.*

While the aforesaid dispute referred by Government order No. 2046Dis./D/15L-9/52, dated 31st July 1952, was pending the present application under section 33A of the Industrial Disputes Act was filed by Basanta Kumar Chakravarty and Tulsi Dasi on 21st February 1953 alleging that they were permanent workmen of the above Mill, that the Company is refusing to give work to them without any justification, that they are accordingly entitled to compensation and reinstatement.

Notice of the aforesaid dispute having been served the Company filed a written statement on 24th March 1953 denying the allegations made by the workers and asserting that Basanta Kumar Chakravarty has been laid off from 3rd February 1953 and Tulsi Dasi was laid off from 17th January 1953, and that she has been working in the Sree Gouranga Oil Mill from 21st February 1953.

AWARD.

At the time of trial, however, the complainants withdrew their case. The petition of withdrawal, however, contains only the signature of Basanta Kumar Chakravarty. As Tulsi Dasi and Basanta Kumar Chakravarty made a joint application, and Basanta was looking after the case for them this application for withdrawal is, in my opinion, binding on both Tulsi Dasi and Basanta Kumar Chakravarty. Further with regard to Tulsi Dasi, O.P.W. 1 has proved that Tulsi Dasi has no dispute. She was laid off and she has been working in another Mill from 21st February 1953. I accordingly make a "no dispute" award both with regard to Basanta Kumar Chakravarty and Tulsi Dasi.

The upper age-limit is relaxable by three years for Scheduled Castes and Scheduled Tribes.

The upper age-limit is relaxable in the case of non-Muslim Government servants in undivided Bengal, who had originally opted to serve in East Bengal and were working under the Government of East Bengal after partition but have since formally resigned their service under that Government and have come over to India as refugee.

A candidate who before the 15th August 1947 was detained, imprisoned, interned or externed on account of his activities in connection with the country's struggle for independence, not being convicted of an offence indicating moral turpitude, shall be entitled to a concession in respect of the upper age-limit. The concession granted will be equal to the exact period of detention, imprisonment, internment or externment suffered up to a maximum of four years.

(2) **Pay.**—The scale of pay is Rs. 250—20—650—25—750 per month plus the usual allowances. The question of granting higher initial pay may be considered in exceptional cases.

The applications must be addressed to the Secretary and should reach him not later than the 27th September 1954.

(4) **Particulars and certificates required.**—Candidates should furnish evidence of their age, qualifications and previous experience together with certificates written not more than one year prior to the date of their applications, from responsible persons, testifying to their private character.

(5) **Fee.**—Candidates must enclose with their applications a fee of Rs. 5 in the form of a receipted chalan from a Government Treasury or the Reserve Bank of India under the head "XXXVI—Miscellaneous—Receipts of the Public Service Commission, West Bengal". Money orders, cheques, etc., in lieu of treasury chalans are not accepted. Postal orders, however, may be accepted from candidates. They should be crossed and made payable to "the Secretary, Public Service Commission, West Bengal". No application will be considered unless accompanied with the requisite application fee.

Candidates in Government service should make sure before depositing fee that their applications will be forwarded by their superior officers. In no case will the fee paid with the application be refunded.

For the purpose of the concessions referred to above the definition of "Displaced person" will be as follows:—

Definition.

"Displaced person" means a person ordinarily resident in the territories now comprising Pakistan, who has arrived from the said territory after the end of December 1950 in the Indian Union on account of civil disturbances or fear of such disturbances or the partition of India and intends to take up his permanent residence in the Union of India."

Note.—(i) "A displaced person claiming age concession must furnish with his application satisfactory evidence that he is a **bona fide** displaced person and came out to India after the end of December 1950, e.g., refugee registration card or a certificate from a gazetted officer or a Member of Parliament or State Legislature, in original.

(iii) A displaced person seeking remission of the application fee must furnish besides the evidence required under Note (i) above, a certificate (in original) from a district officer or a gazetted officer or a Member of Parliament or State Legislature to show that he is not in a position to pay the prescribed fee."

(6) **Address.**—Candidates should give their present address and should communicate at once any subsequent change of address.

(7) **Canvassing.**—Any attempt on the part of candidates to enlist support of their applications through persons of influence or officials of Government will disqualify them for appointment. Spontaneous recommendation from persons interested in the candidates or otherwise known to them will be disregarded.

(8) Applications from candidates who are in permanent or temporary employment under any Government, a local or Statutory Body (e.g., Damodar Valley Corporation), in India will be rejected unless they are submitted through the appointing authority of their posts or service.

For the employer: Shri Krishnaraj Singh.

For the workmen: Shri Panchanan Bhattacherjee, Secretary, Cossipore Jute Press Workers' Union.

The original reference out of which the present application under section 33A of the Industrial Disputes Act has arisen was made under Government order Nos. 2180Dis./D/7L-44/52, dated 8th August 1952, read with addendum No. 3062Dis./D/7L-44/52, dated 10th November 1952 and subsequent order No. 4740Dis./D/7L-32/53, dated 12th December 1953.

AWARD.

The petitioners Thakur Singh and three others allege that since August 1952, the petitioners are being paid reduced wages on the plea that they were working in the *Kutcha* Press and not in the *Pacca* Press in which case they are to receive fixed rates of wages per day and also sustenance allowance as settled by an agreement arrived at, at the intervention of Hon'ble Dr. B. C. Roy. The petitioners therefore pray that the employer may be directed to pay the rates as confirmed in the First Tribunal Award and also the sustenance allowance for the period in question. The petitioners are the employees of the Jute Press contractor Ram Kumar Bhuwalka. The said employer submitted his written statement and it is stated there that these petitioners work on daily rate basis and that they are getting their daily wages in full and there have been no reduction of any nature since August 1952 on the plea of installation of *Kutcha* Presses. At the hearing, however, Ram Kumar Bhuwalka did not appear. One Shri Krishnaraj Singh, who is a sub-contractor under the Contractor Ram Kumar Bhuwalka appeared on behalf of Bhuwalka and deposed as a witness. His case is that he used to get payment from Bhuwalka and when *Kutcha* Press is worked the employees are paid not according to the practice of fixed rates of wages per day but by distribution amongst them whatever is received by the sub-contractor from the Contractor Shri Bhuwalka and that the *Kutcha* Press is working for about 1½ years and he also states that in the *Kutcha* Press the remuneration of the workmen varies according to their respective outturns and not according to hours of work. He admits that in *Kutcha* Press sustenance allowance is not paid to these workmen. The question is whether there has been any contravention of section 33 of the Industrial Disputes Act by Bhuwalka, the employer of the petitioners. It appears from the evidence that the *Kutcha* Press was not working at the time when Hon'ble Dr. Roy effected the settlement. *Kutcha* Press has been introduced sometime in August 1952.

In the settlement of Hon'ble Dr. Roy, there was no such clause that the casual workers in which category the petitioners fall, shall be all hourly rated; on the other hand the provision is that the hourly rated casual workers shall be entitled to get sustenance allowance over and above the fixed wages per day (of 8 hours). So if any casual worker (after the reference has been made) is employed on work on job rate and in a *Kutcha* Press I think there is no alteration of their service condition. *Kutcha* Press is a new thing. There is no direction in the agreement that hourly rated casual workers shall not be employed on job rate. If the employer fails to pay fixed rate of wages to hourly rated casual worker it may be said that the employer has violated the terms of the agreement and as a matter of that has made an alteration of service condition. In the instant case I hold that there has been no such contravention of section 33 of the Industrial Disputes Act simply because hourly rated casual workers who were doing work in *Pukka* Press were employed on job rate after the reference, in a *Kutcha* Press.

But the fact that sustenance allowance has been withheld from them brings the case within the mischief of section 33 in that it was an alteration of service condition of the hourly rated Casual workers. These workers were entitled to get the sustenance allowance according to the terms of the agreement, although they were engaged in *Kutcha* Press on job rate. So I hold that the petitioners are to get sustenance allowance at 8 annas per day for the days on which work was done by them since the beginning of September 1952, and payment thereof be made within 10 days after the publication of this Award.

ANNEXURE.

In the matter of an industrial dispute between Messrs. Dalhousie Jute Mills, Ltd., post office Champdany, district Hooghly and their worker, Ali Khan, represented by National Union of Jute Workers, post office Baidyabati, Hooghly.

BEFORE THE SIXTH INDUSTRIAL TRIBUNAL, WEST BENGAL, CALCUTTA.

PRESENT:

SHRI MOTILAL CHAKRAVATTI, *District Judge, Judge, Sixth Industrial Tribunal.*

Appearances.

For the Company: Shri S. C. Sen, Advocate, assisted by Shri A. Das, Deputy Chief Labour Officer.

For the workman: Shri Pandey, Vice-President of the Union.

Acting under sections 7 and 10 of the Industrial Disputes Act, 1947 (XIV of 1947), the Government of West Bengal, Labour Department, by order No. 4798Dis./D/7L-58/53, dated the 18th December 1953, referred the aforesaid dispute for adjudication, to me regarding the matters specified in the schedule to the Order of Reference.

SCHEDULE.

(1) Whether dismissal of Ali Khan is justified? What relief he is entitled to?

Ali Khan, a durwan of Dalhousie Jute Mill, contends in the written statement that he was suddenly called to the office of the mill on the 25th May 1953 and informed that he was dismissed and that on the 27th May, he went to the office to know the cause of his dismissal and that the Labour Officer intimated that the altercation with the Security Officer was the said cause and that on 28th May 1953, the Labour Officer

handed over a charge-sheet at 10 a.m. to Ali Khan and that it was dated 25th May 1954 and that it was not signed or endorsed by any officer and that on the 29th May, Ali Khan went to the Labour Office to submit his explanation to the charge-sheet, but the Labour Officer drove him out saying that no reply was needed and that since then Ali Khan was kept out of employment. His case in the written statement is that on the 25th May 1953, the Security Officer took him to task for not saluting him and that Ali Khan verbally explained and apologised but it was not accepted by the said Security Officer.

The case of the Company, *i.e.*, Dalhousie Jute Mill is that on the 27th May 1953, when the Security Officer was driving a motor van towards the Northbrooke Mill past the gate of Dalhousie Jute Mill, he noticed that Ali Khan, a durwan, was inattentive and he simply called him to "attention" and after returning from Northbrooke Mill the Security Officer sent for the Habilder and Jamadar of the Dalhousie Mill and thereafter Ali Khan also was sent for and that when the Security Officer asked Ali Khan to mend his conduct otherwise he would be served with a warning, Ali Khan became violently abusive and threatened to assault the Security Officer, so much so that he had to be held back by the armed guard of the Security Officer. Thereafter Ali Khan was directed to go to the Labour Office and there Ali Khan again threatened to assault and shoot the Security Officer in presence of Havilder, Jamader and the Head Clerk. Then a charge-sheet was being drawn up against Ali Khan on that occasion and Ali Khan suddenly rushing out of the Labour Office, picked up a brick and attempted to assault the Security Officer, but he was prevented from the act by the armed guard and the Habilder. It is contended by the Company that thereafter the charge-sheet was drawn up and explained to Ali Khan but the latter refused to accept it. Ali Khan then gave a verbal statement in reply and it was recorded by the Head Clerk and in the next morning, *i.e.*, on the 28th May 1953, an enquiry was held and evidence given by the witnesses was recorded and that Ali Khan was given full opportunity to defend himself. Thereafter the Manager dismissed Ali Khan. It is alleged that Ali Khan thereafter asked for a copy of the charge-sheet which was supplied to him accordingly.

AWARD.

Issue 1.

That there was an incident on the 27th May 1953, which led to the framing of the charge-sheet against Ali Khan is now abundantly proved by the evidence on both sides. Ali Khan's story in the written statement that some occurrence took place in the 25th May, 1953, and that nothing happened on the 27th May, is not true. It appears that he made out that story on the basis of the fact that in the copy of the charge-sheet which was made over to him on the 28th May 1953, the date of occurrence was given as 25th May 1953, but in the charge itself (in the said copy), the date was given as 27th May 1953. The date of 25th May, I think, is a clerical error. In the evidence Ali Khan admits that the incident took place on the 27th May 1953. The witnesses on the side of the Company deposed that Ali Khan threatened to assault the Security Officer, Mr. Cranenburgh "With the help of a gun and bricks or brick-bats" and I am asked by the Company's lawyer to believe this story. I have seen and heard the witnesses and my impression is that the witnesses had not stated the truth on this point. In the charge-sheet the story of assault is mentioned in the paragraph '2'. If facts were true

these would have been quite sufficient for dismissal of the durwan Ali Khan on the ground of serious misconduct attended with violence. In the charge-sheet, Ext. "E" the clause "With the help of a gun and bricks" was interpolated afterwards. In the copy of the charge-sheet Ext. 1, which was made over to Ali Khan on the 28th May 1953, there was no such clause in paragraph 2 of the charge. It is abundantly clear therefore that the said clause in paragraph 2 in Ext. "E", *i.e.*, the charge-sheet, was not there even when the copy Ext. 1 was prepared and delivered to Ali Khan on the 28th May. Even in the copy of the charge-sheet which was prepared as Annexure "A" to the written statement of the Company filed in this proceeding, there was no such clause "With the help of a gun and bricks". The witnesses on the side of the Company are the Security Officer, Mr. Cranenburgh, Shri Krishnamoy Mookherjee, the Head Clerk, Shri Balai Ghosh, the Assistant Welfare Officer, Shri Baleswar Singh, Habilder, Shri Jagannath Lal, Jamader, Shri Serpan Misir, the President of Works Committee, and Dawa Tenzing (Nepali Durwan of Security Officer).

Tenzing was present when the Security Officer had the conversation with Ali Khan in the Dalhousie Jute Mill on the 27th May, 1953. He was also present when the enquiry was made on the next morning in the Labour Office. He says "I do not know if Ali Khan took up brick-bat or not". "He does not say that Ali Khan threatened to shoot Security Officer with a gun or with brick-bat". Ali had no gun or revolver with him but Security Officer himself had revolver as a part of his uniform.

Sherpan Misir did not see the incident. He was present at the time of enquiry on 28th May and it appears that he signed some of the papers of the said enquiry proceeding.

Jamader Jagannath Lal says that on the 27th May 1953, when the Security Officer asked Ali Khan that the latter was lacking in discipline, Ali Khan replied that he was quite right in "his discipline" and at this the Security Officer simply gave him a warning for the future and when the warning was given Ali Khan retorted at once in the following words:—

> "You threaten me with warning? I will not allow you cross the Ganges and I shall break your legs and also stab you".

and that Ali Khan also abused the Shaheb by uttering:—

> "*Suar Ka Bachcha* and *Harami Ka Bachcha*".

The Jamader wants us to believe that in spite of these provocative utterence on the part of Ali Khan, the Security Officer remained silent and simply ordered the Jamader to bring Ali Khan to the Labour Office. The Jamader also says that "on the 28th May 1953, Ali Khan did not show the same temper which he did on the 27th May 1953, *i.e.*, previous day" and then he amends his statement and adds that on the 28th May also Ali Khan got little hot and brought some brick-bats from outside but when he was asked by the witnesses and others present there to throw away the brick-bat, he dropped the same. Jamader says that he does not remember if Ali Khan complained to the Head Clerk that the Security Officer had abused him in filthy language. Jamader admits that *Swala-Swar-Ka-Bachcha* is a serious type of abuse to a Muslim. In the statement which the Jamader made at the enquiry, he simply says "my statement is the said statement given by Habilder No. 1 and that Ali Khan was most rude and undisciplined using filthy language and threatening to assault the Security Officer".

Habilder Shri Baleswar Singh however stated at the enquiry that Ali Khan threatened to assault the Security Officer:

"by breaking his legs, hands and stab him".

The other persons except Habilder did not say at the enquiry that Ali Khan threatened to shoot the Security Officer with a gun. At the enquiry Habilder says that on the 27th May 1953, when the Head Clerk was recording the statement of Ali Khan, the latter rushed outside and picked up a stone to assault the Security Officer and that the Habilder and the armed guard rushed out and prevented Ali Khan from throwing the stone. The Head Clerk (Shri Krishnamoy Mookherjee) in his evidence says that when Security Officer asked to explain the charge-sheet to Ali Khan, Ali Khan uttered "*Ham Dekh Lenge O-Seh-Kea-Hoga*" and that Ali Khan also stated that if he had a gun with him he would have shot. Head Clerk appears to mean that all this bragging was going on when the charge-sheet was being written by the Security Officer and after the charge-sheet was drawn up Ali Khan ceased to be violent. The Head Clerk says that after the charge-sheet was written up and it was explained to Ali Khan, he made a verbal statement which was recorded by himself (Head Clerk). I fail to understand how could the explaining of the charge-sheet make Ali Khan come to his senses, so that he would at once switch himself on from insanity to sanity and make a statement then and there. In the statement which the Head Clerk recorded Ali Khan is said to have alleged that the Security Officer abused him in filthy language. Ali Khan's suggestion is that the Security Officer abused him by calling him "*Swala-Swar-Ka-Bachcha*" simply because Ali Khan had failed to salute him when he was going to Northbrooke Mill past the gate of Dalhousie Jute Mill. It appears that the Head Clerk tried to mince matters and put the whole thing as "slang language".

The Security Officer says that Ali Khan threatened him that if Ali Khan had a gun he would have shot him (Security Officer) and that saying this Ali Khan rushed out of the room in order to picked up a stone but the armed guard of the Security Officer stopped him. The Security Officer also says that this incident took place after the charge-sheet was issued to Ali Khan.

As against these evidences on the side of the Company, Ali Khan deposed that because of his failure to *salute* the Security Officer on the 27th May 1953, the Security Officer became infuriated and exclaimed to Ali Khan in abusive language, such as *Swala Swar-Ka-Bachcha*. Ali Khan denies that he threatened to shoot the Security Officer or to assault him. The Head Clerk made a statement on 27th May, after Ali Khan had left the place. Under the law this statement has got no validity. From the evidence I find that the Security Officer was seated on the right-hand side of the motor van driver and that Ali Khan was standing many yards away to the left of the said motor van driver, so I appreciate the explanation of Ali Khan that he did not notice the Security Officer at that time, and therefore he could not give him *salute*. In the statement which Ali Khan made on the 27th May 1953 and which Head Clerk recorded, it is stated that because of his failure to salute the Security Officer, he was assaulted by the guard of the Security Officer on the 27th May 1953 and thereafter he was asked to go to the Labour Office. In that statement Ali Khan alleged that the Security Officer abused him in slang language. The Head Clerk who recorded the

statement, says that Ali Khan used the expression "*Kharapi Gali Dia*" and therefore he made the translation as "slang language". But Ali Khan's version is that the Security Officer abused him by calling "*Swala Swar-Ka-Bachcha*". The Company's case fails to connect up any logical consequence of events. After considering the entire evidence and circumstances, I come to the conclusion that it is the Security Officer who lost his temper simply because Ali Khan did not give him *salute* from the distance and that the Security Officer after returning from the Northbrooke Mill got down from the van and took Ali Khan to task for that and abused him by calling him "*Swala-Swar-Ka-Bachcha*" and that the Security Officer's guard also assaulted Ali Khan. The story that Ali Khan continued insulting and abusing and threatening the Security Officer without any rhyme or reason and that the Security Officer in his turn took up philosopher like attitude and remained cool and calm in temper is absurd and I cannot believe the story at all. The Security Officer was previously a sergeant in the Calcutta Police. I cannot think that a man of his position and experience would remain silent and so peaceful if really Ali Khan had behaved in that way as is attributed to him.

Charge No. 1 is "wilful insubordination and disobedience to his superior officer" and the charge No. 2 is that Ali Khan threatened to assault the Security Officer with the help of a gun and bricks. There is no charge that Ali Khan abused the Security Officer or used any filthy language towards him. I do not find (if charge No. 2 is omitted and the evidence thereon is excluded) that there was any wilful insubordination or disobedience on the part of Ali Khan. As regards charge No. 2 I find that it was an afterthought. It is the Security Officer who abused Ali Khan in extremely filthy and provocating langauge and even if for this reason Ali Khan omits to salute him at that time, the Security Officer is to blame. The evidence on the side of the Company appears to be cooked up one and it is regretable that the Security Officer did not hesitate to make an interpolation in the charge-sheet at a very late stage behind the back and without the knowledge of Ali Khan. It is not strange that he would be able to influence his subordinates and one or two employees of the Labour Office, to make untrue statement to support his cooked up case. A person who can make such interpolation in a solemn document by way of fabrication, can easily make his witness give drilled story according his own desire. The Security Officer says in his deposition that he is no longer in the service of this Company.

It has been argued by the Company that the Tribunal should not interfere with the decision of the management unless there is want of bonafides, or it is a case of victimisation, or there is a basic error of facts or there has been a perverse finding on the materials (as distinguished from a wrong finding). He referred to Buckingham & Carnatic Mills, Ltd., and Their workmen, reported in 1951 2. L.L.J., page 314, and also argued that the position of the management is equal to that of a Domestical Tribunal, the decision of which the Industrial Tribunal should not interfere with in the absence of any violation of principles of natural justice. I cannot agree that the function of the Industrial Tribunal is to look upon the decision of the management as decision of a Domestic Tribunal. I may refer to the decision of the Madras High Court, reported in A.I.R. 1952, Madras, page 659. However in the present case I have come to the conclusion that there is want of bonafides. I have already discussed the circumstances relating to that point. So I am not going away from the principles enunciated in the case of Buckingham & Carnatic Mills, Ltd.,

vs. Their workmen. In these circumstances I am of opinion that Ali Khan should be reinstated. I find that the dismissal of Ali Khan is not justified. Ali Khan is to be reinstated by the Company and he is also to be paid compensation for the loss of earnings, equivalent to his full wages and allowances for the period of his unemployment. The Company shall carry out these directions within a week from the date of publication of the award in the *Calcutta Gazette*.

AWARD.

The Government of West Bengal, Labour Department, by its order No. 3009Dis./D/11L-180/53, dated the 11th August 1953, referred an industrial dispute existing between Messrs. Ispahani, Ltd., 51, Ezra Street, Calcutta-1 and their five workers, namely, (1) Md. Ayub, (2) Gulum Nabi Mullah, (3) M. H. Shirazee, (4) S. M. Irfan Ali and (5) Daulat Ali Khan represented by Ispahani's Employees' Union, 23, Netaji Subhas Road, Calcutta, regarding the matters specified in the schedule to the order of reference under sections 7 and 10 of the Industrial Disputes Act, 1947 (XIV of 1947), to this Tribunal for its adjudication.

This was received in the office of this Tribunal on 17th August 1953 and usual notices were issued to both parties for appearance and written statements. Both parties filed their written statements in due course. This case was heard jointly with another case referred by order No. 4786Dis./D/11L-180/53, dated the 17th December 1953.

In the written statement filed on behalf of the workmen, the Union stated among others that Messrs. Ispahani, Ltd., commenced business from the 15th September 1947 with a capital of Rs. 50,00,000. It employs about 250 employees. The Ispahanis have been doing business in India as importers, exporters, buyers, sellers and manufacturers of goods, produce and general merchants on a world-wide scale, dealing in gunny bags, jute sacks, raw jute, hessian cloth, shellac, kapok, tobacco, tea, rice, tamarind and miscellaneous goods for over 70 years. It was originally started by M. M. Ispahani and was converted into a limited concern in 1934. It continued to carry on business till 15th August 1947. For obvious reasons the new Company under the name and style of Messrs. Ispahani, Ltd., was incorporated in India and has been carrying on business as from 15th September 1947. Messrs. Ispahani, Ltd. (hereinafter called the "new Company") took over the goodwill and trading rights of Messrs. M. M. Ispahani, Ltd. (hereinafter called the "old Company"). The new Company purchased the Stock-in-Trade of the old Company and began to trade with the parties on the same terms and conditions as were current between them and the old Company. The new Company acquired properties and assets of the old Company and most of the shares of the new Company are held by the old Company. The new Company succeeded in all trading rights of the old Company, *the change was in form only but not in substance.* To all intents and purposes, the new Company carried on *similar business* in the same premises, having same telegraphic address with the same staff on the same remuneration and allowances. Only with regard to the Provident Fund, the employees of the new Company were required to join to the new Provident Fund. The services were deemed and treated as continuous and the employees of the old Company were assured and promised of same treatment by allowing them yearly increments, bonus, all the privileges and amenities by the new Company. The continuity of service was conceded and the new Company could not deprive the employees of the benefits that accrued to them by reason of past service merely by the fact of transfer of business from the old to the new. In fact, Messrs. Ispahani, Ltd., the successor in title to Messrs. M. M. Ispahani, Ltd., has been granting superannuation grants to some of the old employees.

With a view to improve the conditions of service, the employees formed a Union under the name and style of Ispahani's Employees' Union and got it registered on 2nd January 1953. The employers resorted to various unfair labour practice to break the Union by terrorising the employees. With that end in view, they terminated the services of Md. Ayub, Gulum Nabi Mullah,

M. H. Shirazee, S. M. Irfan Ali and Daulat Ali Khan. Md. Ayub was a Typist. He entered the service of Messrs. M. M. Ispahani, Ltd. in September 1937 and served the business efficiently till he was discharged on 29th January 1953. His salary at the date of his discharge was Rs. 170. Gulum Nabi Mullah, a godown clerk and sarkar, joined the old Company in 1939 and was discharged on 26th February 1953. His salary at the date of his discharge was Rs. 105. M. H. Shirazee was a sarkar who joined the old Company in 1931 and was discharged on 26th February 1953. His salary at the date of his discharge was Rs. 120. S. M. Irfan Ali was a godown clerk and sarkar who joined the old Company in 1945 and was discharged on 26th February 1953 when his salary was Rs. 105. Hazi Daulat Ali Khan, a sarkar, joined the old Company at Chittagong on 5th September 1949. His services were transferred to Messrs. Ispahani, Ltd., Calcutta, on 21st February 1952. He was also discharged on 26th February 1953. His salary was at the time of his discharge Rs. 90.

All of them were actively connected with the Union. The solidarity and growth of the Union was to some extent due to their efforts and labour. They were discharged on the plea of retrenchment, although, there was no genuine trade reason for that. There was no diminution of work justifying this discharge and no loss at all. In any case of loss, it was due to the Company's mismanagement and the bad handling of business. The Union claimed their reinstatement with salaries and allowances for the period of non-employment and other relief.

The Ispahani, Ltd. (hereinafter called the "Company") denied the allegations made by the Union in its written statement and contended among others that the termination of services of the five workmen referred to above was fully justified by trading and financial position of the Company and was not due to any malice or bad faith or on account of the employees being actively or otherwise connected with the Union. In fact, it stated further, that the Union came into existence after the termination of their services, namely, on 26th March 1953 and not in January as stated by the Union. The Company denied the allegation of unfair treatment to its employees, etc., and contended that it was a new Company completely separated from Messrs. M. M. Ispahani, Ltd. It purchased some of the assets of Messrs M. M. Ispahani, Ltd. and employed some of the staff of that Company, on the termination of their services with the latter. In fact, the employees accepted in full settlement the Provident Fund dues and salaries, etc., from Messrs. M. M. Ispahani, Ltd., and joined the service of this Company as new entrants. The Company not being a successor of Messrs. M. M. Ispahani, Ltd., was not responsible in law and equity for the continuity of service as claimed by the Union. It alleged further that it suffered huge loss amounting to over five lakhs of rupees during the financial year ending 31st March 1953, and at once decided to cut down its expenditures with a view to economy. The Directors reduced their own allowances by 20 per cent. and the salary of the staff by 10 per cent. and 5 per cent., respectively. The salary of the staff drawing less than Rs. 100 was not touched. Finally, it denied its liability to pay any compensation whatsoever for the termination of service of the workmen.

The Issues as per schedule to the order of reference are as follows:—

(1) Whether termination of employment of (1) Md. Ayub, (2) Gulum Nabi Mullah, (3) M. H. Shirazee, (4) S. M. Irfan Ali and (5) Daulat Ali Khan was justified.

Are they entitled to re-instatement and/or compensation?

NOTE: Shri Jiten Banerjee, Secretary of the Union, did not press for adjudication the case of No. 4. S. M. Irfan Ali, alleging that he had left for Pakistan (*vide* Order Sheet, Order No. 12, dated 15th June 1954).

Accordingly, we may presume that there is no outstanding dispute between the parties regarding this issue so far as this gentleman is concerned.

DECISION.

Four other employees whose termination of employment is in issue are (1) Md. Ayub, a Typist who was discharged by a notice on 31st January 1953, (2) Gulum Nabi Mullah, (3) M. H. Shirazee and (4) Daulat Ali Khan all *Sarkars*, discharged by notice on 26th February 1953. The Union's case is that they were victimised and discharged for their Union activities although the management discharged them "under colour of retrenchment". It is further stated that there was no diminution of work in the volume of business justifying the discharge, on the other hand, the workload was increased. There was no genuine trade reason and the question of loss did not arise at all. Lastly, it is stated that in any case, if there be any loss, it was due to the Company's mismanagement and bad handling of business. The Management justifies its action on the ground of economy necessitated purely by trade reasons for in the year in question, the Company suffered a huge loss in its business.

The legal position is clear and does not admit of any doubt. It has been held in the Biswamitra Press, 1952, L.A.C., page 20 at page 33 that, "It is the prima facie right of the management to determine its labour force and the management would be the best judge to determine the number of workmen who would become surplus on the ground of rationalisation, economy or other reason on which retrenchment can be sustained. Where in effecting the retrenchment, the management acts in a bona fide manner, the number retrenched by it ought to be accepted. The increase of workload on the workmen retained would be an instance of extraneous consideration. Similarly, victimisation or unfair labour practice in effecting retrenchment would be instances of improper motive. When the management is influenced by extraneous considerations or improper motives, the Tribunal must scrutinise the matter with great circumspection and must confine the number of retrenchment strictly within the limits of actual requirements. If the question is answered in favour of the management and the extent of retrenchment determines in accordance with the principles indicated above, the next question would be the personnel who would fall under the acts. Other things being equal, the "last come must first go. If that rule has been departed from, the management must justify the departure.....". Both parties stand by this decision although the learned representative for the Company wanted to tell the Tribunal on the authority of a later decision in Arezona *vs.* their workers reported in 1953 L.A.C. page 553 that, "when the retrenchment was bona fide, the Tribunal should not interfere". The matter was incidentally dealt with in a still later decision of the Hon'ble Labour Appellate Tribunal reported in Sudarshan Banerjee and others *vs.* McLeod & Co., Ltd., 1953 L.A.C., page 702. Two things should be specifically looked into in adjudicating a dispute over retrenchment with are: (1) Whether a case for retrenchment has been made out, that is to say, whether the grounds for saying that their surplus has been made out by the employer; and (2) Even if such a ground has been made out by the employer, whether in the matter of retrenchment the employer had acted bona fide. A further point should also be considered,

namely ,whether in discharging the workmen, the employer had followed the rule of "last come first go", or not. That rule is not a fixed rule but it is the normal rule and if departed from by the employer, he must justify by evidence the departure made by him. A statutory provision has been made in the amended Industrial Disputes Act in which the procedure for retrenchment has been codified in section 25(g) of the Act.

We will now proceed to examine the question presented in this case in the light of the observations of the Hon'ble Labour Appellate Tribunal mentioned above. The four employees have deposed in this case. They are P.W. 1, Md. Ayub, P.W. 2, Doulat Ali Khan, P.W. 3, Gulum Nabi Mullah and P.W. 4 M. H. Shirazee. It appears from their evidence that all of them are ordinary members of the Union which came into existence in January 1953. They said that they worked for the improvement of the Union and they were discharged for their Union activities. It would further appear from the Union's letter, dated 31st March 1953, which is an annexure to the Company's written statement in this case, that the Secretary of the Union informed the management about he formation of the Union on that date. It is now admitted that the registration was made on 26th March 1953 and this information was conveyed officially to the management subsequent to that. An endeavour was made on the Union's side to prove by the evidence of the employees concerned as also by a receipt (Ext. 5), dated 2nd January 1953, that the Union existed in January 1953. It has not been proved in this case on the side of the Union that the management had any information about that before the official date on 31st March 1953. Two facts emerged out of this enquiry and they are: (1) the executives of the Union are continuing in service even now; and (ii) the discharged employees received very good certificates from the management. It has been contended on behalf of the company that it would be the last person to give good certificates to the discharged people if they proceeded from any motive other than what is now stated to be. There was no extraneous reason for proceeding against these employees. Ayub was served with a notice on 31st January 1953 and four others on 26th February 1953, *i.e.*, long before the registration of the Union and the official intimation was being given to the management. I am inclined to hold that these employees were not discharged for their alleged Union activities. Therefore the story of victimisation or unfair labour practice as alleged by the Union goes.

Question now is whether the termination of employment is justified. As I have stated above that the management wants to justify its action purely on economic grounds. The Union denies it and suggests that the alleged loss, if any, was due to mis-management of business. The Union, in fact, criticised the Balance Sheet produced on the side of the management on the grounds namely; (i) the accounts were manipulated to show loss; (ii) the business was not running in a business-like way. The management relied on the Balance Sheets for the years ending 31st March 1952 and 31st March 1953. The Balance Sheet for the year ending 31st March 1952 shows profit of several thousand rupees and that for the year ending 31st March 1953 shows net loss of over seven lakhs and thirty thousand rupees (I am not quoting the exact figures for the company applied for treating the Balance Sheets as confidential). The Union's evidence regarding the Balance Sheets is, to say the least, most startling. P.W. 7 Shri Kashinath Das, the Accountant responsible for the maintenance of accounts in the years in question, at present working in the Tea Department, is the Assistant Secretary of the Union. He was transferred from the post of the Accountant to an unimportant post in the Tea Department. It is said that he was extremely insolent for his behaviour in the office and

was responsible for delay in the preparation of Income-tax statements. He used to pass all confidential information out of office. The admitted position is that he has been relieved of his charge in the Accounts Department and has been put in the Tea Department. He deposed on the side of the Union and was making *tadbir* in this case on the side of the Union. He admits that in 1952-53, the Balance Sheet discloses a loss. He said that the accounts were manipulated so long. He was instructed to prepare false accounts which he did. He manipulated the accounts of 1951-52 and 1952-53. The other accounts, of course, were according to him all correct. He was a Matriculate with no diploma in accountancy and was drawing a pay of Rs. 594 per month in the service of the Company. The learned representative for the Union did not in view of this evidence press the point that the accounts were manipulated in the office. Mr. N. K. Seal, one of the Directors, deposed for the Company. He denied the evidence of Shri Das. He never at any time instructed Shri Das for preparing false accounts for the Company. In this state of evidence, it is difficult to rely upon what Shri Kashinath Das said in this case. At least he should not be allowed to take any advantage of his own wrong. As an Accountant and employee of the Company, he prepared false accounts and as an official of the Union, he deposed to that effect to destroy the evidentiary value of that. He should not be allowed to speak with two voices, to approbate and reprobate in the same breath. It is not unusual for anybody to prepare false accounts for any purpose. But it is too much to expect that a man of Shri Das's position could prepare false accounts knowing it fully well that they would be sometime used against them in any dispute between the Company and its employees. Shri Das could not show a single instance in which the accounts were wrong. Apart from saying that the accounts were not properly kept, he could not tell the Tribunal where the accounts were shown to be other than what they should be. I for myself cannot pursuade him to believe his evidence on this point to be true. The other criticisms of the accounts disclosed in the Balance Sheet are more or less in the nature of stock pleas. They may be summed up in the following way (i) The turnover was high and accordingly the profit should be more than what it was alleged to be, (ii) That the expenditure was unduly excessive and that no care was taken to control it; (iii) In business transactions with the Government of Pakistan, the management allowed handling commission at a very high figure, i.e., more than what they paid for the purchase; (iv) More profits could have earned by increasing the capital structure; (v) Some entries were made fraudulently at the end of the year to show loss; (vi) An advance of Rs. 13 lakhs 46 thousand was made to Mr. Nomani, one of the Directors of this Company, for another business and (vii) The value of the building was shown at an appreciating figure. It was suggested to be only Rs. 15 thousand in place of Rs. 4 lakhs and odd. The Company's books of accounts were very closely inspected by the Union and in fact, they were before the Tribunal at the time of hearing of this case.

As to objection regarding turnover, I am unable to agree with the Union that an increase in turnover necessarily brings more profit. On the contrary, this explains the other objection regading high expenditure namely that an increase in turnover is always associated with the increase in expenditure. Regarding the objection as to expenditure, it appears that under some heads, the expenditure had gone up. No. endeavour was made on the side of the Union to get an explanation of it from the Company's witnesses. Neither any attempt was made to show by evidence, comparing it with any other comparable concern, that the expenditure was beyond all proportions to the business. It is idle to contend without

any such materials, on record that the expenditure was disproportionately high. As to the objection regarding handling commission, reliance was placed on Ext. 12. Handling commission of ·40 per cent. was allowed to the Pakistan Jute Board for a total transaction amounting to Rs. 2 crores 71 thousand and odd. I was told that the Company paid no commission for purchase of jute and accordingly, it cannot be concluded that by paying this commission to the buyer, the Company had acted in an unbusiness-like way. As to the objection number 4, it is more a matter of opinion than of inference from any material on record. As to the objection number 5, two entries were made on 31st March 1953 in the Ledger on instructions of the Auditors who did not desire the transactions amounting to such larger amounts not accounted for in the Balance Sheet. Accordingly, they were shown in the credit side of the Ledger. By no stretch of imagination it can be said that these entries had reduced the amount of profits in the year under review. If they had any effect on the Balance Sheet, they must have explained the position of the unjust transaction and that to the advantage of the Union. As to the objection regarding advance of Rs. 13 lakhs and several thousand, the same explanation as above was offered. This was entered on the advise of the Auditors. We get it from Mr. Seal that this advance was given to the Shellac Traders, Ltd., in usual course of business. Mr. Nomani, one of the Directors of this Company, is also a Director there. The transaction being not fully completed, the account was not fully adjusted. It was therefore on the advice of the Auditors that this was shown in the accounts. This was not concealed from the Balance Sheet. This fact along with the explanation offered by Mr. Seal that this was a transaction done in the usual course of business is sufficient to meet the criticism of the Union on this point. Shri Das wanted to say at the time of argument that no such transaction ever took place. That was said on practically no materials before the Tribunal. He forgot for the time being that he was the employee responsible for making these entries in the Ledger. In fact, he played a double game throughout the hearing of this case which did not reflect any great credit on his position as an executive of the Union. As to the objection regarding the value of the building, here again Shri Banerjee, learned representative for the Union, could not place any material in support of his suggestion that the value should be Rs. 50,000 only in place of Rs. 4,16,000 as shown in the Balance Sheet. This sort of criticism of the Balance Sheet at the hearing—when the Union had due access to the accounts to do it in a very helpful way—does not advance the case of the Union. After all the Union does not prove anything by showing that certain items of accounts are suspicious and that the Balance Sheet is unreliable. They will have to prove that in fact the management has concealed a part of its income or has diverted a substantial part of it to other channel without showing the same in the Balance Sheet. Nor it is in any way helpful to say that the extent of the business is big and accordingly, the profit must be big as well. It is not the extent of sales of its products that constitutes the prosperity of a concern, but it's economy as reflected in the Balance Sheet. I have carefully considered the objections advanced by the learned representative of the Union against the Balance Sheets and have come to the conclusion that the objections are not sustainable. I accept the Balance Sheets as they are and find that the Company had incurred a very huge loss in the year ending 31st March 1953, the year in question.

This justifies the action taken by the management to reduce its staff wherever possible. In fact, the management of the Company had

proceeded in a business-like way in not only cutting down the salary of the staff and reducing the staff wherever possible but they have reduced the Directors' remuneration as well. This will appear from Ext. H, a notice, dated 13th March 1953. The Company's financial position is said to be critical and the prospect is not at all hopeful. That being the case, the Company was justified in effecting a retrenchment of the staff. It cannot be said in the context of what happened that the Company's action was motivated by extraneous reasons and was anything but *bona fide*. The Company, it seems, proceeded in a business-like way and in good faith in reducing its expenditure by curtailing the unnecessary surplus staff.

Next I will consider the case of the individual employees to see whether the management had proceeded according to the normal rule namely "last come first go", or had departed from it for good reasons. It is necessary to examine the evidence on this point. The Union's case is that the management did not follow any rule in the matter of selection for retrenchment but removed those men whom they considered undesirable for retaining in service. The Company denied it and I can at once say that there is hardly any reasonable justification in the Union's aforesaid contention. P.W. 1, Ayub said that there were junior typists including steno-typist in the service of the Company at the time of his discharge, all of whom were appointed after him. He referred to Ext. 4A. P.W. 2, Daulat Ali Khan said that there were two *Sarkars* who were junior to him at the time of discharge. They were P. Das and S. N. Ghosh. All of them are continuing in service and he referred to Ext. 6. P.W. 3 Gulum Nabi Mullah said that there were 10 *Sarkars* at the time of his discharge who were junior to him in service. He also referred to Ext. 6. P.W. 4, M. H. Shirazee said that there were junior *Sarkars* still in service who were not retrenched. Mr. Seal, one of the two Directors examined on behalf of the management in this case, said regarding this issue that they did not discharge any of the workers for their Union activities. They were retrenched on economic grounds. They suffered loss in business and he said that the loss was about Rs. 7,30,000 in the year under review. In fact, they did not know anything about the Union or of the Union activities of these employees. He said that the employees were retrenched department-wise without considering whether there were junior or seniors to them in service of the Company. The employees retrenched were surplus to requirements. He explained that barring one or two who came later, everybody's service was commenced with them in 1948. Then he replied upon Ext. A. Practically there was no cross-examination on this point and the evidence was allowed to rest at that. Three documents relied on by both sides in this connection are Exts. 4, 4A and 6 on the Union side and Ext. A on the side of the management. Exts. 4 and 4A are practically the same documents, Ext. 4 being the more informative than Ext. 4A. Ext. 4 is the list in the service of the Company. There are as many as 11 in this list at the time of discharge. The Company's case is that everybody's service commenced so far as they were concerned from January 1948, *i.e.*, when they started functioning after the formation of the Compnay. Ext. A, the Compnay's list of the retrenched workers showing length of service, shows that excepting Daulat Ali Khan, whose service commenced from 25th February 1952, four others joined this Company on 1st April 1948 and 1st January 1948. Daulat Ali Khan put in a year of service

while others put in more than four years of service at the time of their discharge. Ext. 6 is the list of *Sarkars* on the Union side. There are 15 *Sarkars*, 2 of them were junior to Daulat Ali Khan and 11 are junior to M. H. Shirazee and Gulam Nabi Mullah. In this connection, one other point taken up on behalf of the Union, is very important. It is this: The Union's contention is that these employees are entitled to the benefit of the services rendered by them under M. M. Ispahani, Ltd., in the past before they were taken over into the service of this new company shortly after August 1947. In fact, this is the subject matter of Issue No. 1 in another reference between the same parties which was heard along with the present case. This Tribunal will have to enter into a detail discussion of this point in deciding that issue in its proper place. As it does not consider it necessary for the purpose of deciding this reference to go into any detail examination of matters arising out of evidence, it refrains from doing it. It is however not improper to say that the Tribunal considers for very good reasons that the employees who were taken over to this Company in 1947 are entitled to the benefits of their past service under M. M. Ispahani, Ltd. According to Mr. Seal (and he is the only competent person to speak on the side of the management in this case) these employees were retrenched department-wise as they were found surplus to requirements. The fact whether they had any junior still in the employment or not was not considered at that time. The learned representative for the Union contends that the management proceeded on a wrong basis and accordingly, the termination of services of these employees should be held unjustified on this ground alone. I think there are very cogent reasons for holding the said view. The normal rule as has been laid down in the Biswamitra case reported in 1952 L.A.C., page 20, is that other things being, equal, the last come must first go. If there is any departure, the management will have to record its reasons for that. In Sudarsan Banerjee *vs.* McLeod Company's case, / 1953 L.A.C., p. 702 at page 712, their lordships of the Hon'ble Labour Appellate Tribunal held as follows: "The whole clerical staff at the office should be taken as one unit. Then it should be divided into separate categories, Stenographers, Typists, Clerks and *Sarkars*. All workmen in the particular category do the same type of work and if the selection proceeds taking the affected department only to be the unit, there would be great unjustice. A clerk who is comparatively senior and happens to be at the time of the proposed retrenchment in the affected department where he is the juniormost amongst the clerks, will lose the benefit of his long service. .....This on the face of it would not only be against the principle underlying security of service and the rules of social justice which is the foundation of the normal rule of 'last come, first go', different considerations may, however, apply where the departments are water-tight where, as we have already observed, a set of employees is tied down to a particular department, that is to say, where it is a condition of service—express or implied—that the employer cannot put him to work elsewhere." Mr. Seal did not say that the departments from which these employees were selected were the most affected out of the whole office. Even assuming then that they were so affected, the position would remain the same. On Union's evidence it has been proved beyond doubt that there are juniors to at least three of the said employees in service. The case of Daulat Ali Khan is different. He according to the Union joined the M. M. Ispahani, Ltd., at Chittagong on 5th September 1949. His services were transferred to Messrs. Ispahani, Ltd., Calcutta, on 21st February 1953. P.W. 2 Daulat Ali Khan said in cross-examination that he left his job in Chittagong of his own accord to get an appointment in

the Calcutta office. So on his own admission, he relinquished his job in Chittagong to join his new appointment under the present company in Calcutta and that he did according to Ext. A on 25th February according to Ext. 6 in February 1952. The management decided to retrench 4 *Sarkars* out of the office. Ext. 6 shows that Panchanan Das and Sailen Ghosh are juniors to Daulat Ali Khan. They were appointed subsequent to Daulat Ali Khan. So in any event, Daulat Ali Khan would be selected for retrenchment among the *Sarkars*. The fact that he had two juniors to him would not save him from retrenchment. In this view of the matter, the termination of service of this employee is justified both on principle and on facts. Question of his reinstatement does not arise. Admittedly, he received a month's pay in lieu of notice at the time of his discharge. He put in just one year of service. He is out of employment. I think he is entitled to 15 (fifteen) days' average pay by way of unemployment relief in this case. This should be paid within 30 days from the date of the publication of this award.

Regarding Ayub, who is a Typist, there are two juniors to him in service (*vide* Ext. 4), even if it is assumed that his service was commenced in the beginning of 1948. There would be many more juniors to him if he is found entitled to the benefit of his past service under the M. M. Ispahani, Ltd. The termination of his service therefore was not justified. He is entitled to reinstatement.

Question now is whether he is entitled to the wages for the entire period of his unemployment since the time of his discharge. The Tribunal has already found that the Company is facing a very critical financial position since it was established. It was determined to curtail its unnecessary expenditure and that was the reason why it reduced its staff. It has been found that they proceeded on a wrong basis. They had no control over the length of the period of unemployment. But then, Ayub is out of employment for a long time. Reinstatement in service is no doubt a very good solatium for him. He should, in the opinion of the Tribunal, get four months' wages by way of unemployment relief in this case. Two other employees are Gulum Nabi Mullah and M. H. Shirazee. Both of them are *Sarkars*. They hold good certificates from the Company (Exts. 8, 10 and 10A). They said that there were juniors to them in service at the time of their discharge. This has not been denied. It has been found that the management followed a wrong principle in discharging them. The list of *Sarkars* is Ext. 6. It has not been denied by the management though it had sufficient opportunity to do so. It has been stated above that the management decided to retrench four *Sarkars* out of this list. According to Ext. A, the Company's list, Gulum Nabi Mullah and Shirazee joined the service of this Company on 1st April 1948 and according to the Union they joined the former Company in 1939 and 1937. According to Ext. 6, there are at least 9 (nine) *Sarkars* who are juniors to them even if the Company's date of joining its service be accepted for the purpose of this case. There is hardly any justification for their discharge. The management has not shown that these employees were appointed in the departments which were *water-tight*, namely the conditions of their service would not permit them to move them out of the department in any case. This being the position, the Tribunal finds that the termination of their service by way of retrenchment is not justified. They are entitled to reinstatement. For reasons given above, the Tribunal finds

that they are entitled to four months' wages for the period of their unemployment. These three employees will report to the management for duty within a week from the date of the publication of this award and will receive all payments under this award from the management within 30 days from the date of the publication of this award. I answer this issue accordingly. This is my award.

For the Workman: Shri Panchanan Bhattacherjee, Secretary, Jute Press *Workers' Union.*

The original reference out of which the present applications under section 33A of the Industrial Disputes Act, have arisen was made under Government order No. 2180Dis./D/7L-44/52, dated 8th August 1952, read with addendum No. 3062Dis./D/7L-44/52, dated 10th November 1952 and subsequent order No. 4740Dis./D/7L-32/53, dated 12th December 1953.

AWARD.

Ramdeo Pathak, a durwan of Suraj Jute Press of Gun Foundry Road, Cossipore, Calcutta, complained in case No. 157/33A/53, that he has been denied the accumulated annual leave with full wages for 1951-52 and 1952-53, and that he has not been paid wages at the rate of Rs. 66 per month, though the same has been prescribed and paid to all other durwans working in the said press and that he has been verbally discharged with effect from August 1953. Later on Ramdeo Pathak filed another application under section 33A of the Industrial Disputes Act, which is numbered 197/33A/53, and there his contention is that he was ordered to proceed to Kishanganj and work there and that this transfer order is illegal and that when the petitioner refused to go to Kishanganj, he has been discharged on 1st October 1953.

In the evidence I find that the Suraj Jute Press comprising Sajiwan bazar godowns consisting of 44 huts and also the Press for pressing jute bales belonged to Sagarmull Bengani, Hanumanmull Bengani, Ranjit Singh Bengani, and his two brothers and that this partnership business was known as firm Jiwanmull Chandanmull and I also find that in 1952 this firm was partitioned and that Sajiwan bazar godown was allotted to Sagarmull Bengani and the Suraj Jute Press proper fell to the share of Hanumanmull Bengani and that in December 1952, Sagarmull took exclusively possession of the Sajan bazar godown and at that time Ramdeo Pathak was a durwan posted in the said godown. He was working there since 1946. The acquittance Register of the Suraj Jute Press, Ext. B shows that in November 1952, Ramdeo Pathak

received payment of his wages for the last time from Suraj Jute Press but the said register does not show anything of December 1952 and onwards.

On behalf of Sagarmull Bengani, an attendance register commencing from the month of December 1952, including the name of Ramdeo Pathak has been produced. This register does not contain any signature or thumb impression of Ramdeo or of any employee. The appearance of the book is not impressive at all. Ramdeo says that he has been discharged on 12th *Kartik* last, *i.e.*, 29th October 1953, but Sagarmull's manager Hangsharaj Dogar deposes that Sagarmull Bengani discharged Ramdeo on the 12th October 1953. The Attendance Register of Sagarmull shows that Ramdeo did duty on the 12th October 1953, and that since the 13th October 1953, he was shown as absent or as discharged. Ext. C (series) are loose sheets of paper upon which the acquittance of the durwans purports to have been taken in respect of their monthly wages. One of the sheets shows that Ramdeo received his wages for the month of December 1952, from Johurimull Sagarmull, and the other sheets show that he received his wages from him also for the months onwards. Ramdeo denies that he did so or that he ever signed these papers. But the denial of Ramdeo, I think, has little force because it appears that he denies every thing. He even denies that he was ever asked by anybody to go to Kishanganj. He even denies the signature purporting to be his own on his application under section 33A. So I cannot but believe the evidence on the side of the opposite party and I find that Ramdeo was serving under Sagarmull Bengani since December 1952, and he was receiving his wages from him since then and that he was discharged on the 13th October 1953. Now the question is whether this discharge by Sagarmull can be said to be a discharge by Suraj Jute Press against which the application has been made by Ramdeo. It does not appear that Suraj Jute Press was a limited company or a incorporated body or a registered society, therefore Ramdeo Pathak was a servant of the firm Jiwanmull Chandanmull which belonged to several partners including Sagarmull Bengani. He was not an employee of Suraj Jute Press apart from the said partners. Suraj Jute Press had no legal entity. These partners had also properties at Kishanganj. All the properties including Suraj Jute Press and Kishanganj properties were partitioned in 1952 and since December 1952, Sagarmull Bengani became the exclusive owner of Sajiwan bazar godown and of Kishanganj *Gola*. I cannot believe that at the time of the partition there was partition or division of the employees amongst the partners. If that were so, certainly there would have been a list of liabilities of the partners arising out of the partition of the employees, because some employees would be entitled to gratuity, or retirement benefit in the near future and some would be so entitled at distant future. So without taking these things into consideration it was not probable to effect the partition of the employees among the proprietors. But the fact is that Ramdeo elected to serve under Sagarmull Bengani because I find that he was receiving his wages regularly from Sagarmull Bengani and not from any other partner since December 1952. Therefore the present application under section 33A against Suraj Jute Press is not maintainable when the discharge order was given by Sagarmull Bengani, *i.e.*, a different person and not by the proprietors of Suraj Jute Press. It has been argued that this partition was made during the pendency of the original proceeding of the reference case and it was made without obtaining any permission of the Tribunal, so the partition is challenged as not binding against the employees. This argument could have been made before Ramdeo

Pathak, had elected to serve under Sagarmull Bengani on the basis of the said partition. It is now too late for Ramdeo Pathak to challenge the said partition at this stage. Moreover when Ramdeo Pathak could be legally ordered to be transferred by his master from one place to another Ramdeo has got no justification to object to the said transfer order except on reasonable grounds. Ramdeo Pathak has not proceeded in that way. From whatever point of view the case may be considered, I find that the application under section 33A against Suraj Jute Press which is the property of some body under whom Ramdeo was not serving at the time of his discharge is not maintainable. So the applications are rejected. The contention that his leave was refused or that he was not being paid Rs. 66 as wages are futile because Ramdeo says that he applied for such leave about 5 years ago. So it is not a case under section 33 and as a matter of that under section 33A. It does not appear that during the pendency of the original case his wages were increased or that any increment was due to him. I find that he was receiving wages at the rate of 57 per month from before up to the time of his discharge, so this contention also is futile.

ANNEXURE.

In the matter of a complaint under section 33A of the Industrial Disputes Act, 1947, filed by Shri Sambhu Nath Das, represented by Cossipore Jute Press Workers' Union, against his employer Messrs. Sun Jute Press (Case No. 64, under section 33A of 1954).

BEFORE THE SIXTH INDUSTRIAL TRIBUNAL, WEST BENGAL CALCUTTA.

PRESENT:

SHRI MOTILAL CHAKRAVATTI, *District Judge,*
Judge, Sixth Industrial Tribunal.

Appearances.

For the Company: Shri N. K. Mookherjee, Advocate.

For the Workman: Shri Panchanan Bhattacherjee, Secretary, Cossipore Jute Press Workers' Union.

The original reference out of which this present complaint under section 33A has arisen was made under Government order No. 2180Dis./D/7L-44/52, dated 8th August 1952, read with addendum No. 3062Dis./D/7L-44/52, dated 10th November 1952 and subsequent order No. 4740Dis./D/7L-32/53, dated 12th December 1953.

AWARD.

The petitioner, an employee of Messrs. Sun Jute Press, alleges that he has been kept suspended for the last nine months although the employer's application under section 33 for permission to dismiss him had been rejected by the Tribunal. He therefore prays that the suspension order may be set aside and he may be allowed to resume his job and that the employer may be directed to pay him full wages for the period of his suspension.

The contention of the employer is that the petitioner was not in a position to do any work during the period of suspension. On the other hand he was applying for long leave because of his illness and therefore no question of compensation for loss of earning during the period of illness arises.

It appears from the evidence that in April 1953, the petitioner was on leave for one month and on the 1st May 1953, he was sent to Medical College for X-Ray examination. Doctor recommended three months' leave and the Company granted him the said leave. Thereafter the Factory Inspector requested the Company to grant the petitioner leave with wages for two months more. Petitioner says that the leave expired although his medical examination and treatment was not then completed. It also appears from his evidence that when he was insisting on having extension of leave, the company was not agreeable to grant him long leave (as the petitioner contends) and that on the other hand the Company framed a charge-sheet against him and suspended him and that after the section 33 proceeding was over and after the Tribunal had rejected the employers' prayer for permission to dismiss the petitioner, the Company of his own accord granted two years' leave to the petitioner without any wages. The position therefore is that the petitioner was

not in a position to do any work and he was applying for long leave with wages on medical ground, whereas the employer was not willing to grant him such a long leave and rather wanted to dismiss him altogether, and pending the application under section 33 for permission to dismiss the petitioner, he was put under suspension. The petitioner has not produced any fitness certificates from any competent doctor or any medical practitioner. It has not been shown that he is entitled to sick leave with wages for the period in question or that the petitioner ever wanted to allow him to resume his duty after the expiry of his leave already granted to him on his prayer. In these circumstances my conclusion is that the petitioner is not entitled to claim resumption of duty in the absence of any fitness certificate from the competent doctor or medical practitioner, and that the petitioner is not also entitled to get any wages or allowances for the period in question because this period is covered by his sick leave though it may not be validly governed by any tenable suspension order. Therefore the application under section 33A of the Industrial Disputes Act, as made is rejected.

AWARD.

The petitioner contends that he was an employee under contractor Fulchand Singh, Rallis India, Limited, and that he became ill and was granted leave and when after recovery of illness, he came to the Press to do work, he was driven out by the said employer and that this took place during the pendency of the original case.

The employer contends that he was not a party in the original reference case and therefore this application under section 33A does not lie. The employer further contends that the petitioner and other workers worked as casual workers from time to time and the employer has got no permanent employee and that the petitioner was not driven out or discharged and that on the other hand he absented himself since 7th October 1952, and never reported for employment thereafter.

Neither party adduced any oral evidence. It is admitted that the employer has got no permanent worker under him and that all the labourers including petitioner are labourers under this employer as more or less regular workers, although not permanent. The jute owners are called balers, they send their bales of jute to the Jute Press for pressing into bales and there is no regularity in the said transaction. Jute Press business is more or less a casual business depending upon the need of the jute balers and which in its turn is practically

controlled by the jute market in Calcutta. The Jute Press has got some contractors under it and these contractors engage some labourers for pressing the jute into bales. There are different categories of these labourers. There is no work available every day and on some days these workers or some of them come and go back without finding any work to do. Petitioner Kalika says that he has been driven out and was not allowed to do any work but the employer says that due to paucity of work, the petitioner absented himself and did not report for work. Admittedly the employer keeps no record of the workers who attend and go back without finding work. He keeps records of only those labourers who are given work on days on which jute pressing is done. In these circumstances I think that the contention of the petitioner that he was driven out or discharged is correct. I do not believe that after absenting himself since 7th October 1952, the petitioner Kalika would come to the Tribunal on 10th December 1952 and make this application under section 33A of the Industrial Disputes Act against his employer. At the same time it is to be noted that the petitioner could not show that on 7th October 1952 or on the alleged date of discharge there was work available for him. It would be proper on the part of the employer to keep a panel for the regular casual workers and note their attendance on dates if they really attend irrespective of whether on those days they got work or not. So my award is that Kalika is to be reinstated from the date on which he comes to work under this employer and that Kalika is to be given work by the Opposite Party Fulchand, Labour Contractor, if such work is available. In these circumstances already referred to it will not be proper to give any direction to the employer to compensate the petitioner Kalika.

For the Jute Press : Shri N. K. Mookherjee, Advocate.

For the workman : Shri Panchanan Bhattacherjee, Secretary, Jute Press Workers' Union.

The original reference out of which the present complaint under section 33A of the Industrial Disputes Act has arisen was made under Government order No. 2180Dis./D/7L-44/52, dated the 8th August 1952, read with addendum No. 3062Dis./D/7L-44/52, dated 10th November 1952 and subsequent No. 4740Dis./D/7L-32/53, dated the 12th December 1953.

AWARD.

The petitioner Lakhan Ram, an employee of Shiva Jute Press, alleges that on 16th October 1951, he met with an accident : injury in course of employment. He got some compensation from his employer under the Workmen's Compensation Act. His case is that the said compensation case was disposed of on 23rd March 1953 and as a result thereof the employer got disgusted against the petitioner and therefore dismissed him on 24th March 1953.

The employer filed a written statement. There the Company, i.e., the employer, does not challenge these facts on the other hand it is there made out that the petitioner met with an accident and received compensation from the employer and that discharge was not in any way influenced by these facts.

It appears from the evidence that Lakhan was a mate. His duty was to collect the coolies and carry on the work of pressing jute bales on days on which the press works. It would be playing Hamlet without Hamlet, if Lakhan who is the mate of the coolies in this press is said to be laid off on account of paucity of work, when the coolies themselves found work in the said press. The employer does not deny the fact of discharge but alleges that because of want of work

in the press he had to be discharged. I can not understand how the mate could be discharged on the aforesaid allegation. It appears from the evidence that after the discharge of Lakhan Ram who worked in the press for about 20 years, this Company engaged some new hands. I am convinced that the fact that the employer had to pay the compensation under Workmen's Compensation Act to the petitioner enraged the employer so much so that immediatey after the disposal of the said compensation proceedings, the petitioner was summarily dismissed. It is nothing but victimisation and I am not at all impressed by the pleading that because Lakhan was not permanent hand or a monthly rated worker and because Lakhan was a casual worker therefore he had no lien on service for the morrow. As a matter of fact this petitioner was working regularly as a casual worker for many years in this press and he was the mate and his function was to collect the coolies for working in this press on days on which work is available. There is therefore some regularity in the work and attendance of the petitioner although he was a casual worker. The order of dismissal or discharge when there was work in this press which is still working, is unjustified and vindictive. It is set aside. The petitioner be reinstated and the opposite party shall give him job from the first available day, i.e., on which work would be available, on which the petitioner would be in attendance.

For loss of earning for these days he shall be paid by the opposite party Rs. 20 as compensation. This payment shall be made within a week from the date of publication of the award in the *Calcutta Gazette*.

Minutes of Dissent.

(I)

According to me,—

The general principles in delimiting constituencies of the Parliaments and/or the State Assemblies as enunciated by the Constitution, the Delimitation Commission Act, and the practice followed in forming of constituencies during last election are administrative units, contiguous area and good communication and the uniformity of the population strength. The Constitution has provided that after each census a Commission is to be set up to delimit the constituencies in accordance with the change in the population figure and if necessary the constituency will have to be delimited anew. In our country the area of our constituencies are often large and communication are not easy, which generally makes it difficult for a representative to reach conveniently each and every part of this constituency in order to nurse in properly and have closer contact with his electorate. In our country a new experiment is being made in Parliamentary democracy healthy development whereof depends largely upon the ability of the representative to keep closer contact with the electorate and express their point of view correctly which is only possible if the representative has personal knowledge of the matter and the problem involved. Therefore it is absolutely necessary not to change the constituencies and as far as possible with each and every delimitation work. If it becomes imperative to alter a constituency because of population variation, special effort should be made in delimiting a constituency afresh to restrict its alteration to the minimum with the idea of keeping it to the limits of the old constituency. I have therefore stated below the items which I could not agree with the views of the Commissioner with reason therefor,—

Basirhat Parliamentary.—I have been unable to appreciate the reason for changing this constituency which has also necessitate the change of the scheme of the entire parliamentary constituency of the 24 Parganas. However if the Commissioner's proposal is to be accepted it is absolutely necessary and logically correct to form a constituency composed of Basirhat, Barasat and Bongaon sub-division and Dum Dum of Barrackpore sub-division. This delimitation will keep three sub-divisions of Basirhat, Barasat and Bongaon in tact and by inclusion of Dum Dum Seat to make up necessary components it will also limit to the existing constituency with minimum alteration as necessitated by the alternative scheme.

It will not basically alter the character of Barrackpore Seat which will have given up three seats to Calcutta North-West and Basirhat to Nadia may be added to it to make up the requisite numbers.

State Assembly.

Sonarpur Seat.—The demarcation line should be drawn along the Diamond Harbour Road as suggested earlier. I therefore suggest that Union 12 of Bishnupur police station should be added to the Bishnupur Constituency and therefore if necessary Union No. 1 (Bowali) of Budge Budge police station may be taken away from Bishnupur and added to Budge Budge Seat.

I suggest the alteration to the Joynagore, Canning and Mathurapur Constituencies in the following manner as they are more contiguous and convenient:—

Joynagore—Joynagore police station (excluding Unions 3 and 4) and Unions 1, 2, 3 of Mathurapur.

Canning—Canning police station (excluding Union 3) and Union Nos. 3 and 4 of Joynagore police station.

Mathurapur—Mathurapur police station (excluding Unions 1, 2, 3) and Unions 1 to 4 of Kakdwip police station.

I cannot accept the manner in which Baruipur has been tagged to part of Mograhat with which it has very bad or practically no communication and also no economic relation. If Baruipur has to be tagged with any other part it should be with adjoining part of Joynagore.

Regarding Burdwan Constituency.—The original suggestion of the Delimitation Commission, *viz.*, Burdwan police station excluding Unions Nos. 1, 2, 3, 5, 8 is to be retained. Instead of that to tag Union 4 (Bandul) and Union 6 (Kurmun) with the police station of Khandaghosh is the height of absurdity, because Union No. 4 is more than 30 miles away from the other extremity of Khandaghosh and Union No. 6 is nearly twenty miles away. There is absolutely no communication in between these two areas. If Unions Nos. 4 and 6 are included in the Burdwan Constituency, according to the previous suggestion of the Delimitation Commission and Unions Nos. 1, 2, 3, 5, 8 are tagged with Khandaghosh police station then that will be more suitable both from

the point of view of contiguity and compactness. In this arrangement no place will be at a distance of more than fifteen miles.

Regarding Bhatar Constituency.—This is another absurd proposition and that too without any plausible reason. Why at all Khandaghosh police station is to be tagged with Bhatar police station through a corridor of some unions of Burdwan police station when the Galsi police station is just on the opposite side of the Damodar river. The argument of the Damodar river does not at all arise here as the Bhatar police station is also on the other bank of the Damodar, the only difference is that it is further away from the Khandaghosh police station. Both Khandaghosh and Galsi are stretched along the bank of the Damodar and have common frontier along the river bank for nearly 12 miles. So Bhatar Constituency is to be formed as follows:—

"Ausgram and Bhatar police stations, in Sadar and Kanksa police station in Asansol sub-division."

Regarding Galsi Constituency.—With the same argument as has been given in the case of Bhatar Constituency Galsi Constituency is to be formed as follows:—

"Galsi and Khandaghosh police stations and Unions 1 to 3, 5 and 8 in Burdwan police station in Sadar sub-division."

II.

We have carefully studied the Delimitation Commission's revised draft proposals for delimitation of constituencies in West Bengal. We offer the folloiwng comments:—

Calcutta.

We have seen the State Government's proposals for Assembly constituencies in this area, which are already with the Commission, and we think that these proposals should be accepted for the following reasons. In our opinion the Commission's proposals show very wide variations in the number of people represented by each Assembly member in this area, although the average number should be in the neighbourhood of 104,974, which has been closely adhered to in the State Governments proposals. In the Commission's proposals while there are seats at 93,787, 94,341, 95,608, 95,428, 96,215, 97,018, 97,608, 99,672, etc., there are also seats at 108,972, 109,479, 112,746, 113,936, 113,593, 113,936, 114,599, 114,430, etc. It is, of course, noticed that the Commission has avoided breaking up the municipal wards while a few wards have been broken up in the State Government's proposals. In our opinion it is far more desirable, indeed in correct accordance with the direction of Constitution in this behalf, that the number of people represented by each Assembly member in a constituency should be the same as far as practicable (if necessary, by breaking up wards in forming the constituency) than that there should be very wide variations in the number of people from constituency to constituency in an attempt to ensure that wards are not broken up at all. It is true that the the Delimitation Act says that in forming the constituencies regard should be had to the fact that administrative units are not broken up as far as practicable but this is only a factor to be taken into consideration whereas there is a positive direction in article 170(3) of the Constition that in forming the constituencies the number of people to be represented by a member in an Assembly constituency shall be the same as far as practicable, and we consider that in the joint application of these two principles, one of which is mandatory and the other only recommendatory, the State Government are amply justified in placing a relatively greater emphasis on what the Constitution directs than what the Delimitation Act asks to be taken into consideration only. We notice that in forming the Assembly constituencies in Calcutta the State Government's proposals have ensured the closest possible approximation to the average number of people per seat, and while it is true that a few wards have had to be broken up in giving effect to this principle, we also notice that, in such cases, the constituencies have been formed with complete wards *plus* the required portion of another ward which has been clearly described with reference to well-known street boundaries to which the people of the locality are admittedly accustomed. In a city like Calcutta, people are seldom familiar with the territorial extent of a municipal ward, so that not much importance need be attached to the need for keeping a ward intact as the Commission has sought to attach.

It is true that the Commission has avoided breaking up wards. But as the Government of West Bengal have rightly pointed out, these wards are not well-known administative units like mufassal police stations. In fact they themselves are constituencies—and that even, very recently created—only for the limited purpose of municipal elections. The police stations even now cover different areas: the ration-areas, when they existed, were not co-extensive with the wards. There is no question of communication difficulties with regard to Calcutta constituencies. For these various reasons, no undue emphasis should be placed on the wards in delimiting Calcutta constituencies and they may be broken up when there are other important reasons for doing so.

West Dinajpur.

On the basis of the Scheduled tribe population of this district, only 1·17 or 1 seat is admissible for Scheduled tribes in this district. We, however, notice that the Commission has allotted a second seat for Scheduled tribes in this district whereas a similar seat admissible to the 24-Parganas district on the basis of its Scheduled-tribe population (0·57 seat = 1 seat) has been withdrawn. It appears that the Scheduled tribe population in the particular constituency of the West Dinajpur district in which the Commission has placed the second tribal seat numbers 31,207 whereas the Scheduled tribe population in the constituency in the Sandeshkhali area of the 24-Parganas district where the State Government have placed a tribal seat is about 20,000 only. It also appears that the Commission interprets section 8(2)(d) of the Delimitation Commission Act to mean that a tribal seat is to be located *in the constituency* in which the Scheduled tribe population is most concentrated, for which reason the Commission apparently considers that a second tribal seat in the Gangarampur constituency of the West Dinajpur district would be more justified than in any constituency in the 24-Parganas district. We do not, however, think that Section 8(2)(d) of the Act is capable of the interpretation placed upon it by the Commission. In our opinion, section 8(2)(d) means that the tribal seat is to be placed in the areas or regions in which the tribal population is most concentrated irrespective of whether, in the particular constituency in that region in which the seat is placed, the concentration is not so heavy. If in the areas of the 24-Parganas district the concentration of tribal population is such that a tribal seat is justified in that region rather than in the West Dinajpur region, the tribal seat should be placed in the 24-Parganas district rather than in the West Dinajpur district irrespective of the fact that in a particular constituency in the West Dinajpur district the tribal population

may be higher than in any constituency in the 24-Parganas district. We accordingly think that the second tribal seat in the Gangarampur Constituency should be withdrawn from the West Dinajpur district and restored to the 24-Parganas district to which it properly belongs.

Nadia.

We find that the State Government have distributed the 2 Scheduled Caste seats by forming 2 double-member constituencies, viz., (1) Santipur police station and 4 Unions of Kotwali police station and Ranaghat police station excluding 10 Unions and including Ranaghat Municipality, Birnagar Municipality and 2 big refugees camps, (2) Haringhata police station, Chakdah police station and 10 Unions of Ranaghat police station (*vide* State Government Table—XVI—serial Nos. 8, 9, 10 and 11).

The Delimitation Commission in their latest draft proposals have set up 2 double-member constituencies in the following manner:—

(1) Police station Chapra and police station Krishnagunge and 6 Unions of Kotwali police station and 4 Unions of Nakasipara police station in Sadar sub-division and also Hanskhali police station excluding 4 Unions in Ranaghat sub-division.

(2) Santipur police station and Ranaghat police station excluding 10 Unions and 4 Unions of Hanskhali police station.

From the above we find that the State Government's proposed constituency as mentioned in (1) above and the Commission's constituency as mentioned in (2) above are almost the same and located in the same region with the important difference that the Commission has taken a few unions from Hanskhali police station which forms part of the existing Chapra Constituency.

It appears, however, that the Commission's formation of the double-member constituency of Chapra is altogether different. It has caused greater disintegration of the administrative units by splitting up 7 police stations, instead of 6 split up by the State Government, and even by splitting up the sub-divisions. In the double-member constituency of Chapra, altogether 5 police stations either wholly or partly have been added comprising a vast and unwieldy area stretching over two sub-divisions intersected by 4 rivers, some of which are so circuitious as to necessitate crossing them more than once, making the problem of communications very difficult, particularly for want of direct roads through those police stations.

The concentration of Scheduled Caste population as shown in the latest proposal is not very different from that shown in the proposals of the State Government. On the other hand, the latter proposals are better in respect of compactness of the regions and facilities of communications, which are two most important considerations.

The average population in Krishnagar (Kotwali) Constituency as distributed by the Commission is higher.

Moreover, from the important standpoint of one's serving the constituency, we find that the State Government's proposals seek to create a double-member constituency entirely in a new region, *viz.*, Haringhata police station and Chakdah police station regions, the Scheduled Caste population being almost equal, whereas the Commission has proposed to wipe out one or the other existing general seat the latest being Kaliganj Constituency and Ranaghat Constituency by merging in other constituencies.

It appears from the overall aspect of the two sets of proposals that the State Government's proposals are much more practical and better, so far as the Nadia District Assembly Constituencies are concerned.

Midnapore.

With respect to the delimitation of Assembly Constituencies in the Midnapore district we accept the Commisison's revised proposals except the delimitation of Tamluk sub-division, *i.e.*, Panskura West (No. 111), Panskura East (112), Tamluk (113), Nandigram North (114), Nandigram South (115), Mahisadal (116) (which is a double-seated constituency), Moyna (117) and also Jhargram (98) and Gopiballavpur (99). The delimitation suggested by the Commission is not quite up to the mark as one end of a constituency is not easily accessible from the other end: further, the constituencies are generally of irregular shape. We accordingly suggest the following constituencies in lieu of the above and we hope that our suggestions would be found acceptable because they are (i) compact and contiguous and (ii) well-shaped and each part of each of the suggested constituencies would be more easily accessible from the other parts for reasons of better communication facilities than exist in the constituencies suggested by the Commission. Suggestions are given below:—

No.	Name of the constituency.	Area of the constituency.	Population.
1	2	3	4
111	Panskura West	Unions Nos. 2, 9, 10, 11, 12, 13, 14, 15, 16 and 17 of Panskura police station plus Union No. 10 of Tamluk police station.	106,848
112	Panskura East	Unions Nos. 1, 3, 4, 5, 6, 4, 7 and 8 of Panskura police station plus Unions Nos. 1 and 2 of Tamluk police station.	100,963
113	Tamluk	Tamluk police station minus Unions Nos. 1, 2, 10 and 11	101,158
114	Nandigram North ..	Unions Nos. 1, 2, 3, 4 and 5 of Nandigram police station plus Unions Nos. 2, 5, 9 and 7 of Mahishadal police station.	106,995
115	Nandigram South ..	Nandigram police station excluding Unions Nos. 1 to 5	102,619
116	Mahishadal	Unions Nos. 1, 3, 4, 8 to 12 of Mahishadal police station plus Sutahata police station plus Union No. 11 of Tamluk police station.	202,741
117	Moyna	Moyna police station plus Unions Nos. 4 to 9 of Pingla police station. ..	106,824
98	Jhargram	Jhargram police station excluding Unions Nos. 8 and 9 plus Jambani police station excluding Union No. 7.	110,000
99	Gopiballavpur	Gopiballavpur police station plus Sankrail police station plus Nayagram police station plus Union No. 7 of Jambani police station.	204,719

Murshidabad.

We have no comments to offer on the Commission's proposals for Assembly constituencies in this district except only in one respect. In the Lalgola Constituency the Commission has taken unions 3 and 4 of police-station Bhagabangola along with police-station Lalgola, but we suggest that unions 3 and 5 of police-station Bhagabangola be taken instead. Communications between unions 3 and 5 are easier, apart from these two unions being more clearly contiguous. This is also the position in the existing constituency. Union 4 is better connected with the Bhagabangola Constituency as the greater part of it is in the Char Kutibari (in the river Padma) which can be reached from the Lalgola Constituency only after passing through the Bhagabangola Constituency. Union 4 should accordingly be included in the Bhagabangola Constituency.

Bankura, Burdwan and 24-Parganas districts.

In regard to the above three districts, we have carefully considered the Commission's revised draft proposals in the light of the State Government's proposals which we have already supported. We still think that the State Government's proposals, which appear to have been drawn up on the basis of their adequate local knowledge about facility of communications and have ensured the closest possible approximation to the average number of people per Assembly seat, are much better than the Commission's proposals and should accordingly be accepted.

With regard to the Commission's revised proposals for Assembly Constituencies in the Darjeeling, Jalpaiguri, Cooch Behar, Malda, Birbhum, Hooghly and Howrah districts, we find them generally acceptable.

Parliamentary Constituencies.

We generally agree with the distribution of Parliamentary seats between the different districts as made in the Commission's revised draft proposals. We particularly appreciate the Commission's difficulty in adhering to their original proposals under which the 24-Parganas district, in spite of being entitled to 6 complete Parliamentary Constituencies on the basis of 42 Assembly seats, was made to part with 2 Assembly seats in favour of Calcutta, 3 Assembly seats in favour of Nadia and 2 Assembly seats in favour of Midnapore, for completing the necessary Parliamentary Constituencies in those regions. We now find that the Comission has had to abandon that scheme with a view to doing justice to the 24-Parganas district and also because the former Mahisadal Constituency which would have extended across the Bay of Bengal was difficult to justify. We duly appreciate the considerations which weighed with the Commission in revising the original scheme.

We do not, however, necessarily support the *actual extent* of the Parliamentary Constituencies as formed by the Commission. We recommend that the actual extent of each Parliamentary Constituency be redrawn in terms of the Assembly Constituencies in the Commission's proposals which we have accepted and the Assembly Constituencies which we have recommended above in deviation from the Commission's proposals.

ANNEXURE.

In the matter of an industrial dispute between Messrs. French Motor Car Co., Ltd., 234/3, Lower Circular Road, Calcutta-20, and their workmen as represented by French Motor Car Co., Ltd., Calcutta Employees' Union, 234/3, Lower Circular Road, Calcutta-20.

BEFORE THE FIRST INDUSTRIAL TRIBUNAL, WEST BENGAL,

PRESENT:

SHRI M. C. BANERJI, *District Judge (Retd.), Judge, First Industrial Tribunal.*

The Government of West Bengal, in the Labour Department, by order No. 554Dis./D/10L-12(A)/53, dated 6th February 1954, referred, under sections 7 and 10 of the Industrial Disputes Act, 1947 (XIV of 1947), the industrial dispute between Messrs. French Motor Car Co., Ltd., 234/3, Lower Circular Road, Calcutta-20, and their workmen as represented by French Motor Car Co., Ltd., Calcutta Employees' Union, 234/3, Lower Circular Road, Calcutta-20, regarding the matters specified in the following schedule to this Tribunal for adjudication.

SCHEDULE.

(1) What would be the quantum of bonus for the year 1953?

(2) Whether the employees are eligible to get increment annually? If so, what would be the rate of increment?

(3) Is the retrenchment of Shri D. C. Majumdar justified? What relief he is entitled to?

Notices were issued on both parties, who filed written statements setting forth their respective cases.

The French Motor Car Co., Ltd., Calcutta Employees' Union, which will be referred to hereinafter as the Union, in its written statement states as follows:—

The Company is a firm dealing in motor cars, trucks, accessories, spares, refrigerators and diesel engines, etc. They are also automobile engineers and body builders. It has its offices and centres at Calcutta, Bombay and Shillong. The company has been prosperous and has made huge profits and the share-holders have enjoyed high rates of dividends ranging above 40 per cent. This Company and their workmen were parties to the Major Engineering Tribunal. A fresh reference over the dispute between the Company and its workmen was made by the Government on 1st November 1949, and the dispute was amicably settled and an award was made by the Tribunal on an agreement between the parties. The Company did not implement the consent award or the Major Engineering Tribunal award and withheld payment of annual increments in many cases and reduced the rates of annual increments. The Company has been paying puja bonus equivalent to one month's wages every year, irrespective of profit or loss. It did not pay the bonus for the year 1953 and offered only 15 days' wages as bonus. The Company made huge reserves out of profits under various heads and the workmen looked to the huge reserve funds in the hands of the Company for claim of bonus with a view to get a share out of the accumulated profits standing in the reserve fund. The workmen laid claim and demanded bonus at the rate of 4 months' pay for each of the years 1950, 1951, 1952 and 1953, and claimed its payment out of the profits of the year 1953 and accumulated reserves made out of the profits for the years 1950, 1951 and 1952. In the circumstances, the Union claims bonus equivalent to 16 months' wages for the year 1953, treating the accumulated reserves as part of the profits for the year 1953, along with the profit for the relevant year. The workmen are covered by grades and scales of pay laid down by the Major Engineering Tribunal and the consent award made in November 1949. The Company has violated the terms of the said award and agreement in not granting increments and in granting increments at lesser rates than prescribed. The workmen, in view of the commercial character of the concern in contrast to an engineering one, demand revision of pay scales as follows:—

A—Rs. 160—15—300.

B—Rs. 110—10—200.

C—Rs. 75—5—150.

D—Rs. 70—4—130.

Special Grade—Rs. 160 upwards.

The Union then claims that an award should be made directing the Company to compensate for increment wherever it was withheld or paid at lesser rates and to pay the workmen increments as per revised scales of pay as claimed.

Shri D. C. Majumdar was discharged with effect from 31st July 1953 by a notice, dated 30th June 1953. He was discharged on the false plea of the abolition of the department. In fact, the work of the department has continued to be carried on intermittently. In fact, the

Company has recruited two hands and has violated the terms of the retrenchment. D. C. Majumdar has again been employed as from 12th January 1954 and has been put on the same job with changed terms and conditions of service. He is not allowed attendance or paid on the pay rolls. Under the circumstances, it is claimed that Shri D. C. Majumdar be reinstated, and his re-employment be treated as if he was in continuous service with all pay and prospects which he should have been entitled to if he was not discharged.

The Company in its written statement in reply states as follows—

The Company does not any longer import cars and trucks since the Government of India have advised that no further licences would be granted to this Company, in view of the fact that it is not a manufacturer. If the dividends paid by the Company is calculated from the date of its formation, it would be found that the sum would average 6·8 per cent. per year. Business of the Company depends on the sale of different kinds of motor cars and other articles and consequently there has always been a risk in trade and in fact in previous years, it sustained loss to such an extent that it had to write off its capital. In subsequent years, the Company had to plough back a considerable amount of its profits into the business to build up a sound business in the interest of the share-holders and workmen employed therein. The Company has always been considerate and reasonable to its workers. It voluntarily increased the wages and has paid them much higher wages than they were entitled to according to the terms of their service. The Company effected a settlement of the dispute in November 1949, and revised the conditions of service of the workmen and increased their wages to effect permanent peace in the industry. The Company implemented the agreement in spirit and letters. Both according to the conditions of service and according to the agreement, increments in basic wages have never been considered as automatic. In view of this position, the parties came to the agreement as per Annexure A to the Union's written statement that a lump sum increment should be granted and the wages as increased should last for a reasonable time and no further increments should be granted so long as the said agreement remained in force. The Company cannot agree to make any further financial commitments, in view of the fact that the prospects of the industry is anything but bright. The Government has decided to issue licences for the import of motor cars to only 5 firms as against 11 previously, which has caused considerable competition amongst dealers for the available franchises. The Company have lost one of the most popular line they were handling, viz., Vaxhaul cars from General Motors (I) Limited, which have not been granted import licences. The Company has also been advised that no Bedford trucks will be available after April 1954, and that its agreement with the General Motors, India, Ltd., will terminate on 30th June 1954. Bedford trucks and Vauxhaul cars contributed to about 70 per cent. of their sales. The Company has now to purchase the Standard car spare parts from local suppliers, and not from abroad, with the result that the Company has been deprived of part of its profit by way of commission. The outlook is gloomy. It is contended on behalf of the Company that it would be unwise to grant increments as it would have a serious effect on the Company's future. The Company relies on the sale of motor vehicles and spare parts as the main-stay of its business, and the future of these items of business is bleak. The financial position of the Company has also been very much affected. The Company cannot pay more than 15 days' basic wages as bonus for

the year 1953, which they offered to the workmen concerned. The workmen refused to accept the same. Increments in basic wages for the workmen were not automatic. The Company always exercised its right, as and when necessary, in withholding increment or refusing the same. The question of annual increment cannot be adjudicated upon. No increment, much less the commitment for an annual increment, can be considered. Shri D. C. Majumdar was the juniormost clerk when he was retrenched. The Home Delivery business of the Company has been affected and curtailed, owing to Government restrictions with the result that the retrenchment was essential. Since, however, another member of the clearing staff was absent for some time the Company re-engaged the retrenched shipping clerk on a contract basis, the terms of which were acceptable to the retrenched worker. The absent shipping clerk has since left the Company's service of his own accord, with the result that the Company has reinstated the retrenched worker at its own initiative. Under the circumstances, the claim of the Union should be dismissed.

Appearances for the parties were as follows:—

For the Union: Shri S. K. Acharyya, Counsel, instructed by Shri Jagannath Pandey and Shri J. C. Biswas, Secretary.

For the Company: Shri S. C. Sen, Advocate, instructed by Shri S. N. Ghosh, Pleader and Shri G. V. Aiyar, Chief Accountant of the Company.

The issues that were framed for the decision of this case were the same as those mentioned in the order of reference, and are as follows:—

ISSUES.

(1) What should be the quantum of bonus for the year 1953?

(2) Whether the employees are eligible to get increment annually? If so, what would be the rate of increment?

(3) Is the retrenchment of Shri D. C. Majumdar justified? What relief he is entitled to?

AWARD.

Decisions.

The Union claims for a bonus equivalent to 16 months' wages for the year 1953, treating the accumulated reserves as a part of the profit for the year 1953, along with the trading profit for the relevant year. The issue that has been referred to this Tribunal for adjudication is as to the determination of the quantum of bonus for the year 1953. The financial year of the Company is from 1st April to the 31st March following. The question for decision in this issue is, therefore, the quantum of bonus payable by the Company for the year ended 31st March 1953. The Company's case is that they can pay bonus equivalent to 15 days' basic wages, and no more.

Evidence was adduced on both sides.

P.W. 1 Shri Jyotish Chandra Biswas and P.W. 2 Shri D. C. Majumdar deposed for the Union. O.P.W. 1 Shri G. V. Aiyar, the Chief Accountant of the Company, deposed for the Company. Exts. 1 to 6 were marked for the Union and Exts. A to J were marked for the Company. The evidence of P.W. 2 Shri D. C. Majumdar was limited to Issue No. 3, as to his own retrenchment.

In the written statement, the Union states that the Company has been paying Puja bonus equivalent to one month's wages every year, irrespective of profit and loss, and irrespective of any consideration whatsoever in correct appreciation of social needs and obligations. It further states that the Company did not pay the same for the year 1953, and on the contrary offered 15 days' wages as bonus in violation of the standing practice and convention in this regard. It is then stated that the Company has made huge reserves out of profit, and the workmen looked to the huge reserve fund in the hands of the Company and claimed a share out of this accumulated profit by way of bonus. It is also stated that the Company capitalised a sum of Rs. 22½ lakhs out of the reserve fund. The Union, therefore, claims bonus equivalent to 16 months' wages for the year 1953, treating the accumulated reserve as a part of the profit for the year 1953, along with the relevant year.

The Company in its written statement opposed the claim of the Union and stated that it made *ex-gratia* payments of bonus long ago, but in view of its unsatisfactory financial condition it could not pay more than 15 days' basic wages as bonus for the trading year ended 31st March 1953. In evidence Shri Jyotish Chandra Biswas, P.W. 1, states that for the last 12 years' the employees are getting bonus at one month's basic pay, and this payment was usually made 2 or 3 weeks before the Pujas. He also states that the factory staff got 2½ months' basic pay as bonus 3 or 4 months' ago. He then stated that the Bombay staff got bonus at the rate of three months' basic pay from 1950 onwards, on the strength of the letter, Ext. 1(a), of the General Secretary of the Bombay Automobile Employees' Union. In cross-examination this witness states that he had never been to Bombay, and was not aware of the Company's work there, and that there was a separate Union of workers for the Bombay branch. O.P.W. 1 Shri G. V. Aiyar states that the Company has branches at Calcutta, Bombay and Shillong, and that the Bombay accounts were absolutely separate from the Calcutta accounts which incorporated the accounts of the Shillong branch. He states that Bombay has got a complete set of accounts, and that the Company has given the Bombay branch 2½ lakhs of rupees as working capital and the value of the fixed assets. The Company at Calcutta charged Bombay branch interest whenever that branch drew more money from Calcutta. In 1953, the Bombay branch was debtor to the Calcutta branch to the extent of Rs. 57,000 and odd. This also happened in previous years from 1949 to 1952. Exts. D to D(4) were filed in support of this statement. The Company has filed Ext. E as the profit and loss account of the Calcutta branch for the year ended 31st March 1953. Ext. G is the account for the year ended 31st March 1953 for the Bombay branch. Ext. C series are the balance-sheets of the whole Company. In cross-examination of this witness, it appears that the profits of the Bombay branch are transferred to Calcutta for allocation, and in case of loss at Bombay, the profit and loss account is to be debited. The

dividends are declared on the profit of the joint accounts of Calcutta and Bombay. It appears that the Company had very bad days some years ago. The Company was started in 1920. The paid up capital was Rs. 24 lakhs, and owing to losses the capital was reduced to Rs. 15 lakhs in 1939 by writing off the balance. In 1944, the capital was again reduced from Rs. 15 lakhs to Rs. 7½ lakhs. In October 1952, Rs. 22½ lakhs out of reserves were capitalised, and the capital was increased to Rs. 30 lakhs. The witness states that most of the machineries and plants were purchased before 1942, and after 1942, the purchases have been few. The Company filed Ext. E as separate profit and loss accounts and balance-sheets for the trading in the Calcutta branch of the office. Ext. F is the calculation given by the Company showing that considering the income of the Calcutta branch as a separate unit, the workmen at Calcutta are not entitled to any bonus in accordance with the principles laid down in the Bombay Mill Owners case. Ext. G are separate accounts for the Bombay branch. The balance-sheet shows almost in all places in the profit and loss accounts separate items of income and expenditure for the Calcutta and the Bombay branch respectively. The balance-sheet shows greater income for the Bombay branch than that for the Calcutta branch. It was stated by the learned Advocate of the Company that the Bombay branch was more prosperous than the Calcutta branch, in view of the fact that it was the agent of the Hindusthan Motors in that area. In view of the fact that the Calcutta and the Bombay branches constitute the same Company, in calculating bonus, the balance-sheet of the Company as a whole, and not the balance-sheets of its branches, should be taken as the guiding principle. This principle has been enunciated by the Hon'ble Labour Appellate Tribunal in the case of Distillery & Brewery Workers' Union *versus* Dyer Meakin Brewery, Ltd., Lucknow (1952 L.A.C., 464). The same principle has been laid down in Appeal cases Nos. Cal. 199 and 207 of 1951—Ajodhya Distillery and its workmen, reported in 1951(II) L.L.J., page 613, and Appeal cases Nos. 53 and 54 of 1950, Indian Oxygen and Acetylene Co., Ltd., 1952 L.A.C., page 254, and Viswamitra Press and its workers, 1952 L.A.C., page 20. It is, therefore, decided that the claim of bonus of the workmen for the trading year ended 31st March 1953 should be decided on the balance-sheet of the whole Company, and not on the balance-sheet of the Calcutta branch alone.

The statement of the Union that the Company paid Puja bonus equivalent to one month's basic wage for the last 12 years or so, has not been pressed before me at the time of the hearing as the foundation of a customary bonus or as a condition of service of the workmen. The evidence of Shri J. C. Biswas, clearly shows that the factory workers got more than one month's basic pay as bonus about 3 or 4 years ago. The Union claims bonus out of the reserves which were capitalised in October 1952, on the ground that these reserves were built out of the profit of the previous years on which the workers had a claim. The claim of a share of the reserves which were capitalised in 1952 by way of bonus is of no substance. The Union can claim bonus only out of the trading profits of the year ended March 1953 to enable them to participate in the prosperity of the concern in the relevant year. There cannot be any right to bonus on consideration of social justice other than those incorporated in the Full Bench decision (1953 L.A.C., 257). This Full Bench decision is in the case of Mill Owners' Association, Bombay (1952 L.A.C., page 433).

I shall now consider the question of bonus in the light of the Full Bench decision in the Bombay Mill Owners' case on a scrutiny of the Ext. C, the statement of accounts for the year ended 31st March 1953.

The dividend on capital has been calculated at 6 per cent. of the capital of Rs. 7½ lakhs along with the dividend on the capital of Rs. 22½ lakhs transferred from reserves at 6 per cent. from November 1952 to March 1953, and at 4 per cent. as of reserve used as working capital for the other 7 months of the trading year. 4 per cent. on the reserves as appearing in the balance-sheet for a total of Rs. 14,26,267 have been calculated.

In order to find the rehabilitation charge, the original value of the block account, being Rs. 25,61,566 is to be multiplied by 2·7. This gives Rs. 69,16,228. From this is to be deducted the break down value at 5 per cent. of the original cost (Rs. 1,28,078) giving Rs. 67,88,150. We get in the balance-sheet—

		Rs.

The balance which remains to be provided for in course of the next 15 years comes to Rs. 42,00,134, the provision for rehabilitation at 1/15th of this sum being Rs. 2,80,009. Deducting the depreciation charge

Rs. 56,090, the rehabilitation charge amounts to Rs. 2,23,910. The prior charges are, therefore, as follows:—

	Rs.
Income Tax	3,88,957
Dividend on Capital	1,53,750
Return on reserves	57,048
Rehabilitation charge	2,23,910
	8,23,674

Deducting this amount from the gross profit the balance is Rs. 1,33,758.

It has been stated before me at the time of the argument by the representative of the Company that one month's basic wage for the Calcutta workmen would amount to Rs. 26,000 and one month's basic wage for the Bombay branch would amount to Rs. 21,000. Rs. 47,000 is the total monthly basic wage of the Bombay and the Calcutta branches. Considering, however, the large risk and uncertain prospect in the automobile trade, and that a higher rate of dividend than at 6 per cent. capital is justified, as has been observed by the Hon'ble Appellate Tribunal in the case of Metro Motors, reported in 1952(II) L.L.J., 206, I consider that the employees are entitled to 1½ months' basic wage, and no more, out of the surplus as found above. It is, therefore, awarded that the Company shall pay to the workmen bonus equivalent to 1½ months' basic wage for the year ended 31st March 1953. The employees shall therefore get bonus equivalent to 3/24th of the total basic wages earned by each of them during the year ended 31st March 1953. This issue is accordingly answered.

Issue No. 2.

The question for decision is, if the employees are eligible to get increments annually, and if so, what would be the rate of increment. In the written statement, the Union states that the workmen are covered by grades and scales of pay laid down by the award of the Major Engineering Tribunal and as subsequently modified by the agreement between the parties in November 1949. The Union further states that the Company violated the terms of the said award and agreement in not granting increment, in granting increment at lesser rate than prescribed, and in granting at intervals far in excess of one prescribed in the award and agreement. The agreement mentioned by the Union is set forth in the Annexure A to the Union's written statement. It allows to all old members of the clerical staff who on the 31st March 1949, had completed 12 months' service, and were drawing basic salary of less than Rs. 100 per month, an increment of 10 per cent of the basic pay. In other cases, the increments were to be given on the recommendations of the departmental heads. This increment was in lieu of the increment which normally should have been given on the 1st of April 1949. This increment was limited to the clerical staff of the Company. The Union in its written statement claimed for a revision of the pay scales of the clerical staff, and claimed the following scales:—

A—Rs. 160—15—300.

B—Rs. 110—10—200.

C—Rs. 75—5—150.

D—Rs. 70—4—130.

Special grade—Rs. 160 and upwards.

The Union also claimed that the Company should compensate for increments wherever it was withheld or paid at lesser rate than provided for in the award and the agreement in the years 1948 to 1952, and also to pay the workmen increment as per scales of pay mentioned above.

The Company in its written statement pleaded that the increment was not automatic, and it exercised its right as and when necessary in withholding increment, and even refusing the same and that by the agreement mentioned in the Union's written statement, the position was further clarified. It is claimed that the workers by that settlement accepted a lump sum, and thus indicated that the increment was not automatic. The said agreement was still effective between the parties. The question of annual increment cannot be adjudicated upon. The Company states that in view of the financial position of the Company, no increment should be given.

The Company and its workmen were parties to the First Major Engineering Tribunal. The scales of pay with increments as fixed for the clerical staff by that award are applicable to the clerical staff of the Company. The four grades, A, B, C and D for the clerical staff as fixed by the First Major Engineering Tribunal shall continue to apply to the clerical staff, and I do not find any ground for revising the scales of pay as claimed by the Union. The issue that was referred to this Tribunal does not justify revision of the grades and scales of pay as claimed by the Union. The claim for revision of the grades and scales of pay of the clerical staff is therefore rejected. It is awarded that the employees shall get increment annually as provided for by the First Major Engineering Tribunal. The Company is entitled to withhold increments for a justifiable cause. The claim of the Union that an award should be made directing the Company to compensate for the increment wherever it has been withheld or paid at lesser rate cannot be allowed, as this claim is not covered by the issue referred to this Tribunal. There is no doubt that increments were refused on the 1st April 1953, and the Company's plea is that increments were not automatic, and as the agreement mentioned in the Annexure A to the Union's written statement was in force, no increment could be claimed. The agreement of November 1949, which merged in the award published by the Government notification No. 6236Lab., dated 7th December 1949, was not in operation for more than one year, and was not, therefore, still operative between the parties. As there is no ground to refuse increment to any of the employees to whom the pay and scales are applicable, it is awarded that the clerical staff and the subordinate staff who have not reached the maximum of their grades shall get increment as provided for in the scales laid down in the First Engineering Tribunal award, with effect from 1st April 1953. The arrear increments shall be payable to the clerical and the subordinate staff in four equal monthly instalments commencing within two months of the date of operation of this award. This issue is accordingly answered.

Issue No. 3.

Shri D. C. Majumdar was discharged with effect from 31st July 1953. The Union's plea is that Shri D. C. Majumdar was discharged on a false plea of abolition of the department, and that the work of the said department has continued to be carried on intermittently after 31st July 1953. It is also stated that the Company recruited two clerks after the discharge of Shri D. C. Majumdar. The Union further states that Shri Majumdar has been re-employed with effect from 12th January 1954

in the same post, but with changed terms and conditions of service; and that he is not allowed attendance, nor is he paid on pay rolls. The Union claims that Shri D. C. Majumdar should be reinstated, and his re-employment should be treated as if he continued in service with all the pay and prospects that he could have been entitled to if he was not discharged.

The Company states that the reason why the juniormost clerk was retrenched is well known to the Union. The Home Delivery business of the Company has been seriously affected and curtailed due to Government restrictions with the result that the retrenchment was essential. As another member of the clearing staff was absent for some time, the Company re-engaged the discharged shipping clerk Shri D. C. Majumdar on a contract basis, as it was felt the fairest way of dealing with the situation. The terms were very readily accepted by the clerk. The absent shipping clerk has since left the service of the Company of his own accord and the Company reinstated the retrenched worker at its own initiative.

Shri D. C. Majumdar deposed in this case, and he was P. W. 2. He states that he was appointed on 16th October 1951 as an assistant shipping clerk in the D grade, and was discharged on 30th June 1953. He states that he learnt that two clerks had been appointed in his place, and the Company appointed a Madrasi employee after his discharge. He was re-appointed on 12th January 1954. He claims for continuity of service and wages for the period of unemployment. Ext. 6 is the letter of his discharge, dated 30th June 1953. His letter shows that the Company assured him that should any vacancy occur, the Company would consider the case of his re-employment. Ext. 4 is the letter of appointment of Shri Majumdar as a permanent clerk with effect from 20th Fabuary 1954. In his cross-examination, Shri Majumdar says that he never worked in the Store Department, and that one Shri Murti, a Madrasi, was appointed in the Store Department after his discharge. The witness says that he had to clear and despatch goods in the Shipping Department. The clearing of cars arriving by ships is much less now than what it was in 1951 or 1952. He states that spare parts that are now arriving are the same as in 1951, and admits that major portion of spare parts used to be imported from outside in connection with Standard Cars, and that these parts are not brought from outside now.

O.P.W. 1 Shri G. V. Aiyar, the Chief Accountant of the Company, states that Shri D. C. Majumdar was discharged because there was no sufficient work for him. Ext. 1 is the statement showing the number of Home Delivery cars cleared in the Shipping Department in the years ended 31st March 1952, 1953 and 1954. The number of these cars appears to be 189 at the end of 1952, 125 at the end of 1953, and only 35 at the end of 1954. It is admitted by P.W. 1 Shri J. C. Biswas, the Secretary of the Union, that Shri D. C. Majumdar was an Assistant Shipping Clerk, and Dey Babu was his senior. Dey Babu resigned about six months ago. It is admitted that after the resignation of Dey Babu, Shri Majumdar was re-appointed. Ext. 1 clearly shows that the retrenchment of Shri D. C. Majumdar from the Shipping Department, being the juniormost clerk in that department, was *bona fide*. His re-appointment after the resignation of Dey Babu in the Shipping Department shows that the Company appointed him at the earliest opportunity. O.P.W 1 Shri Aiyer states that Shri D. C. Majumdar has been re-appointed without break of service. I do not find any justification of the claim of

emoluments for the period of his unemployment, from August to December. It appears that Shri Majumdar was appointed on contract service from 12th January 1954, till he was appointed by the letter, Ext. 4. The plea of the Union that Shri D. C. Majumdar continued to work, but was not allowed attendance and not paid on pay rolls clearly refers to the period of his employment before 20th February 1954, when he was on contract service. It is awarded that the retrenchment of Shri D. C. Majumdar on 30th June 1953 with effect from 31st July 1953 was justified. Shri D. C. Majumdar has been reinstated by the Company to his original post at the earliest opportunity without break of service. He is entitled to no relief in this case. This issue is accordingly answered.

ORDER.

No. 4246Dis./D/13L-6/54.—4th September 1954.—Whereas under the Government of West Bengal, Labour Department, order No. 1212Dis./D/13L-6/54, dated the 24th March 1954, the industrial dispute between Messrs. Calcutta Exchange Gazette & Daily Advertiser, 5, Mission Row, Calcutta, and one of their employees, Shri Uma Prasanna Bhattacharjee, represented by Press Employees' Association, 249B, Bowbazar Street, Calcutta-12, regarding the matters specified in the schedule thereto was referred for adjudication to the Fourth Industrial Tribunal;

And whereas the said Fourth Industrial Tribunal has submitted to the State Government its award on the said industrial dispute;

Now, therefore, in pursuance of the provisions of section 17 of the Industrial Disputes Act, 1947 (XIV of 1947), the Governor is pleased hereby to publish the said award as shown in the annexure hereto.

ANNEXURE.

Industrial dispute between Messrs. Calcutta Exchange Gazette & Daily Advertiser, 5, Mission Row, Calcutta, and one of their employees, Shri Uma Prasanna Bhattacharjee, represented by Press Employees' Association, 249B, Bowbazar Street, Calcutta-12, referred under Government Order No. 1212Dis. D/13L-6/54, dated the 24th March 1954 (Case No. VIII-75/54).

BEFORE THE FOURTH INDUSTRIAL TRIBUNAL, WEST BENGAL.

PRESENT:

SHRI S. C. MUKHERJI, *District Judge, Judge, Fourth Industrial Tribunal.*

For the workman: Shri Jatin Chakravarti.

For the Company: Mr. G. C. D. Wilks.

By Government order No. 1212Dis./D/131-6/54, dated 24th March 1954, the aforesaid dispute was referred to this Tribunal for adjudication. The issue framed by the Government was the same as the issue framed by the Tribunal and it was as follows:

1. Whether the termination of service of Shri Uma Prasanna Bhattacharjee is justified? What relief he is entitled to?

Notice of the aforesaid dispute having been served on the parties the Union filed its written statement on 9th April 1954 and the Company filed its written statement on 23rd April 1954.

The case for the Union is that Shri Uma Prasanna Bhattacharji is only 48 years and 11 months old and has a very strong constitution, that he was a first witness in a case before the Tribunal between the Company on the one hand and Makhan Lal Adhikari, an employee of the firm, on the other hand, that his evidence in the case was considered by the management to be adverse to their interest and hence he had been often called a "fifth columnist" by the Manager, who threatened to drive out all the fifth columnists from the office, that to this the worker mildy protested, but subsequently on 1st of December 1953 he was served with a notice which purports to put him on the pension list, that this discontinuation of his service was unjustified and prompted by ulterior motive and he was entitled to reinstatement.

The Company, on the other hand, contended that it had a pension scheme under which an employee who has been in service not less than 15 years would be entitled to pension and the Company has absolute right to put a man in the pension list, that the scheme had been a condition of service all along as the company in all good faith had the worker put in the pension list, that this is not a case of dismissal or retrenchment and as such no case of reinstatement arises.

AWARD.

The question that arises for decision at the outset is whether in a case like this, the prayer for reinstatement is tenable. The law on the point is very clear. In the case of Bengal Chemical & Pharmaceutical Works, Ltd., and their workmen, Shri S. N. Modak pointed out that apart from cases of ordinary discharge there may be cases of discharge under the circumstances of the closure of the concern, retrenchment, etc., where an Industrial Tribunal is entitled to exercise its power in the interests of social justice and peaceful industrial relations and may award suitable compensation such as an ordinary Court of Law would not be entitled to do (1949 L. L. J., page 49). The present case is practically a case of refusal to employ a workman and as such it is an industrial dispute. The principles involved in cases in which there may be reinstatement has been discussed in the cases of Western India Automobile Association *vs.* Industrial Tribunal of Bombay and others in the following terms: "An industrial dispute may arise in any one of the 4 cases:—

(1).....

(2).....

(3).....An employer may dismiss a person or decline to employ him. This matter, as in the present case, raises a dispute as to non-employment.

(4).....(See West Bengal Government Publication of 1949, Federal Court judgment, pages 4 and 5).

This is also the law in other countries. In Canadian Law, promotions, demotions, transfer, rehiring have been treated on the same principle. (See Labour Relations and Precedence in Canada, page 264).

In America also the law is the same (*vide* Ludwig Tellers—Labour Disputes and Collective Bargaining, Volume II, page 861), where it is stated that Board has uniformly held that refusal to hire applicants for employment.....is an act of discrimination. In consideration of the law on the subject, I, therefore, hold that the present case comes within the purview of an industrial dispute and the only relief available to such cases will be reinstatement and compensation. Company's case in the written statement with regard to the present workman is that the company has an absolute right to put a man in the pension list under the pension scheme which is a condition of service. This contention of the company can have no legs to stand upon in view of the statement of the Manager that pension rules submitted were never circulated in print. Under the Omnibus Press Tribunal to which the present employers were parties it has been laid down that under the standing orders all workmen shall retire ordinarily on completion of 55th year of their age. If any workman is considered fit even after completion of 55th year of his age he may, on his application, be given an extension not exceeding three years, provided no retrenchment is called for in the meantime. No workman who is physically fit shall be made to retire. In the present case the worker is only 48 years 11 months old according to his Matriculation Certificate and he appears to be quite fit. Company does not either controvert his statement regarding his age or regarding his fitness for work. Company only says that it has an absolute right to put a man in the pension list under the pension scheme which is a condition of service. But the alleged pension scheme is obviously against the standing orders and in order to prove the existence of such a scheme there must be definite and positive evidence that the scheme was in force in supersession of the standing orders. But the evidence falls far short of the mark. As an afterthought Mr. Wilks wanted to say that it was circulated but he has failed to prove his statements by production of office records. In view of the case of the worker that he has been victimised by giving him early pension against the standing order, the onus lay heavily on the employers to show that the pension scheme was a condition of service and that the company acquired the right to retire people previous to his attaining 55th year of age which is the age of retirement according to the standing orders. Appreciating this difficulty O.P.W.1 tried to change his case at the time of trial and said that this is a case of genuine financial stringency which has led to his retrenchment in consideration of the period of service of 17 years. But there is no iota of evidence to show that retrenchment was justified on the ground of economy. No such case was also put forward in the Company's written statement and it was also asserted by the workers that no such case was put forward at the time of conciliation. So the company cannot take up this new position which is inconsistent with his written statement and his past conduct. Further to support this new case there is no evidence. That being so, we are only left to accept the evidence of the worker that he has been put in the pension list because the evidence given by him in Makhan Lal Adhikari's case was not helpful to the Manager. Mr. Wilks admitted that Makhan Lal Adhikari's case centred round the point whether or not charge sheets were delivered to him. Uma Prasanna was cited to prove delivery of charge sheet. But admittedly his evidence did not help the management. A perusal of the statement given by Uma Prasanna in that case read with the judgment of the Tribunal gives full support to this contention of the employee. He has been put in the pension list because he has deposed against the company in Makhan Lal's case. Even the list submitted by

the company shows that 4 other persons who were enjoying pension have all put in more than 25 years of service and Uma Prasanna who is a single exception in whose case he has been asked to retire on completion of 17th year of service and be satisfied on getting 1/5th of his pay by way of pension. According to standing orders any workman completing 25 years of service shall have the option to retire even if he has not completed 55th year of his age. Even that condition is not fulfilled in the present case. In the circumstances, I am constrained to hold that the worker has been put in the pension list as an act of victimisation on account of his giving deposition which was not helpful to the company in Mukhan Lal's case. In the circumstances, it is not unlikely that before taking actual step the office Manager threatened Uma Prasanna about the consequences namely that the management was not willing to keep him in its employ any longer. That being so, and the action of the Manager being unjustified, the worker is entitled to re-employment.

The question next arises is what should be the amount of compensation for the period for which the worker remained unemployed. Since the worker is a technician and is capable of earning by taking commission for work from other printing concerns, I am of opinion that the workman was not altogether idle throughout this period. I accordingly consider that he should be paid 2 months' basic salary in lump by way of compensation and he should offer himself for employment on the next date of final publication of this Award and in case the Company refuses to employ him he will be paid further one month's compensation and put in employment on the day following the date of enforcement of this Award.

1. By Government order No. 2691Dis./D/11L-199/54, dated 25th May 1954, the Government of West Bengal in the Labour Department referred under section 10 of the Industrial Disputes Act, the industrial dispute between Messrs. M. C. Ghosh, Merchants and Agents (Manufacturers of Sudha Samudra), under the management of Shri Jatindra Nath Basu, B.L., Receiver, 9, Jorapukur Square Lane, Calcutta-6, and Shri Bimala Kanta Chakraborty, 134, Ram Dulal Sarkar Street, Calcutta-6, regarding the matters specified in the Schedule to the Third Industrial Tribunal constituted under section 7 of the Industrial Disputes Act, by notification No. 592Dis./D/12L-5/52, dated the 23rd February 1953, for adjudication.

2. After usual notices, the parties entered appearance and filed written statements. The pleadings were completed on 8th July 1954. The parties were thereafter directed to file list of documents and then the case was adjourned to 20th August 1954 for hearing.

3. The matter of dispute as stated in the Schedule to the order of reference is as follows:—

SCHEDULE.

(1) Whether Shri Bimala Kanta Chakraborty is entitled to one month's pay in lieu of notice and compensation for his past services?

4. The dispute arose out of the discharge of the workman Shri Bimala Kanta Chakraborty. He alleged that he was a permanent employee and he was discharged without notice and without compensation. Hence the claim. The employer represented by the Receiver Shri Jatindra Nath Basu on the contrary, pleaded that the workman Shri Bimala Kanta Chakraborty was appointed on a temporary basis and that he was so not entitled to any pay in lieu of notice or compensation.

DECISION

5. On the date of trial on 20th August 1954, the parties came to an amicable settlement and filed joint petition of compromise and prayed for an award in terms thereof. The terms of compromise are fair. I accordingly accept the petition of compromise and make my award in terms thereof. The petition of compromise is made a part of my award.

In the matter of an industrial dispute between Messrs. Remington Rand of India, Ltd., 3, Council House Street, Calcutta, and one of their workmen Shri Sailendra Nath Mitra of 11/5A, Ananda Chatterjee Lane, Baghbazar, Calcutta-3, as represented by himself.

BEFORE THE FIRST INDUSTRIAL TRIBUNAL, WEST BENGAL.

PRESENT:

SHRI M. C. BANERJI, *District Judge (Retd.),*
Judge, First Industrial Tribunal.

The Government of West Bengal, in the Department of Labour, by order No. 2411Dis./D/10L-78/54, dated 11th May 1954, referred, under sections 7 and 10 of the Industrial Disputes Act, 1947 (XIV of 1947), the industrial dispute between Messrs. Remington Rand of India, Ltd.,

3, Council House Street, Calcutta, and one of their workmen, Shri Sailendra Nath Mitra of 11/5A, Ananda Chatterjee Lane, Baghbazar, Calcutta-3, as represented by himself, regarding the matters specified in the following schedule, to this Tribunal for adjudication:—

SCHEDULE.

(1) Whether the termination of service of Shri Sailendra Nath Mitra is justifiable?

(2) What relief he is entitled to?

Notices were issued on both parties, who filed written statements setting forth their respective cases.

The employee, Shri Sailendra Nath Mitra, in his written statement states as follows:—

He joined the Company on 1st April 1932, on a salary of Rs. 35 per month as a Clerk-Typist in the Collection Department. He was promoted as an Accountant at the Calcutta Divisional Office in 1939 at a monthly salary of Rs. 80. He got substantial increments and in the beginning of 1953, his basic salary was Rs. 300 and his dearness allowance was Rs. 130 per month. In May 1952, he was placed in charge of commission bill copies with transmittal sheets, and he was doing work in connection with commission and other account works as and when asked for. He was doing his works satisfactorily under instructions of Shri G. Krishnan, Accountant, Mr. George Devlin, Administrative Officer, and Mr. D. J. Deog, but in the afternoon of 16th April 1953 the Managing Director sent for him and asked him to submit his resignation, in default of which he was informed that he would be dismissed with immediate effect. He was thereafter informed by the Accountant that the Managing Director had instructed the Accounts Department to pay Shri Mitra his salary for the month of April 1953 in termination of his service with immediate effect. Shri Mitra did not accept the salary as offered. It is complained that the Company lost confidence in Shri Mitra, because he followed Mr. Deog's instructions regarding payment of commission and he sold Company's goods in 1946 under his letter head. It is pleaded that no proceedings were drawn against him before dismissal, and he was not given any opportunity of showing cause against the charge brought against him, and the principles of natural justice were not followed. It is, therefore, stated that the Company committed an unfair labour practice in dismissing him.

The Company, in its written statement, states as follows:—

Shri S. N. Mitra, joined the Company on 1st April 1932 as a typist-clerk at a monthly salary of Rs. 35. Prior to July 1952 Shri Mitra was in the Accounts Office of the Calcutta Accounting Division, but on the 28th July 1952 this was merged with the Head Office Accounts Department and Shri Mitra became redundant. Under a scheme of reorganisation, Shri Mitra was assigned the duty of dealing with the calculation of Salesman Commission, and was made responsible to the Administrative Officer, Mr. Devlin, and the Accountant Shri Krishnan. The procedure is that the Salesmen enter their names on Sales Orders at the time these are prepared. Commission copies of the bills with transmittal sheets were then passed to Shri Mitra. Shri Mitra had to check the transmittal sheets and ensure that all bills listed therein were attached. He had then to compute the amount of commission earned by salesmen and enter these on each copy of the Commission bill. A proportion of

commission bills were received by Shri Mitra, which did not show on them the name of any Salesman as being responsible for the sale. This occurred more particularly in the case of service. Billing where no commission is paid when the business is obtained by the Service Department or direct without the intervention of a Salesman. In such cases, no commission was paid. It was discovered on examination of commimssion bills coming up for payment and on payment made to Salesmen that Salesmen's names had been entered on bills in cases where they were not entitled to commission on the business obtained. It was found that no Salesmen's names were shown on commission bills. Shri Mitra, contrary to instructions and procedure, took such bills to Mr. Deog, and he, in collusion with Shri Mitra, entered names of Salesmen on these bills who were not actually entitled to the commission, which resulted in irregular payments to salesmen. Shri Mitra had full knowledge of this and was therefore an accessory to the act. Shri Mitra should not have taken the bills to Mr. Deog, but should have obtained opinion from Mr. Devlin or Shri Krishnan under whose orders he worked, and in the second place, he should not have acted in conjunction with Mr. Deog in recommending commission for salesmen who had not qualified for it but should have drawn the attention of Mr. Devlin or Shri Krishnan to the irregular procedure. Shri S. N. Mitra's allegation that he was instructed to see Mr. Deog are incorrect. It was the responsibility of Shri Mitra to bring to the notice of the Chief Accountant or the Administrative Officer any irregular payments made. Shri Mitra as Divisional Accountant failed to do this, and was in fact an accomplice in making irregular payments. The resignation of Mr. Deog from the Company was accepted immediately. The Company also lost confidence in Shri Mitra and was definitely of the opinion that his further retention in employment would be prejudicial to the Company's interest. In view of Shri Mitra's long service, he was not charge-sheeted for the offence complained of, as it was not the Company's intention to dismiss him on a charge of misconduct and thereby disentitle him to any payment to which he would otherwise be entitled. The Managing Director, therefore, personally interviewed Shri Mitra on 16th April 1953 and explained to him at great length the charges against him as mentioned above, for which he had forfeited the Management's confidence. Shri Mitra could not refute the charges. The Managing Director, therefore, told him that he had no option but to terminate his employment on the main ground of loss of confidence, and gave him an opportunity to tender his resignation. As Shri Mitra neither explained the charges nor tendered his resignation, his services were ultimately dispensed with. The reason for termination of Shri Mitra's employment was loss of confidence by the Management. Subsequent to his leaving the Company, evidence was found to show that Shri Mitra was when in the services of the Company, proprietor of his own business, "S. Mitra & Co." and dealt with Remington and other allied Company's products. This unjustified conduct further confirmed the Management's conclusion that reliance could no longer be placed upon Shri Mitra. Running of a private outside business by Shri Mitra had never had the approval of the Company or its officers. Under the circumstances, the Company prays that Shri Sailendra Nath Mitra's prayer for reinstatement or compensation be rejected.

Shri Sailendra Nath Mitra appeared himself and instructed his pleader, Shri Sunil Kumar Dhar.

Shri J. K. Ghosh, Advocate of Messrs. Orr Dignam & Co., Solicitors, appeared for the Company.

The parties were heard in part when they filed a joint petition of compromise, which appears as Appendix A to this award. On a perusal of the compromise petition in Appendix A, it appears that the terms thereof are reasonable and should be accepted. The compromise petition is, therefore, accepted and I award accordingly. The compromise petition in Appendix A shall form a part of this award.

BEFORE THE SIXTH INDUSTRIAL TRIBUNAL, WEST BENGAL.

PRESENT :

SHRI MOTILAL CHAKRAVATTI, *District Judge, Judge, Sixth Industrial Tribunal.*

Appearances :

For the Company : Shri J. K. Ghosh, Advocate, instructed by Messrs. Orr. Dignam & Co., Solicitors.

For the Union : Shri P. K. Sanyal, Advocate, assisted by Shri N. Roy, Pleader.

When the reference case under Government order No. 1511Dis./D/9L-15/52, dated 29th May 1952, was pending in the Tribunal the employer, viz., McLeod & Co., Ltd., Secretaries, Tea Districts Labour Association, transferred five chalan peons from their Naihaty branch to Shahebganj branch. The Shahebganj branch is in Bihar. Reference case included among the disputes, the question of wage scale and dearness allowance of chalan peons in branches, viz., Asansol, Kharagpur and Naihaty in Bengal. Admittedly, no such dispute was then pending in Bihar in respect of chalan peons. The transferred chalan peons Ramji Singh, Indradeo Singh and Ramkailas are the petitioners under section 33A being the serial number 27 in the file of this Tribunal. The other transferred chalan peons, viz., Bikram Misra and Haripada Chakraborty are the petitioners under section 33A being the serial No. 25 in the file of this Tribunal. The case is involved in identical questions of fact and law and the evidence was being the same. These two cases were taken up together for hearing. The question is whether the aforesaid transfer of the chalan peons from Naihaty to Shahebganj during the pendency of the original case without obtaining any permission of the Tribunal is hit by section 33 of the Industrial Disputes Act and whether the said transfer orders were by way of punishment of these chalan peons or had the effect of altering their service condition.

AWARD.

From the evidence I find that at the time of the transfer order there were ten chalan peons at Naihaty branch and that after these five petitioners were transferred to Shahebganj the strength of the chalan peons at Naihaty came down to five. Subsequently, one *Vandari* has been promoted to the rank of chalan peon and, therefore, the total strength of chalan peons at Naihaty is now six. It also appears from the evidence that before these five chalan peons from Naihaty joined at Shahebganj on transfer there were only four chalan peons at that place. It also appears from the evidence that the work at Shahebganj is heavier than that at Naihaty and that at Shahebganj also the said branch was working with a shortage of three chalan peons at that time because those three were dismissed. Therefore, it is obvious that there were sufficient reasons for transferring these five chalan peons from Naihaty to Shahebganj at that time. It is not the

suggestion of the petitioners that any discrimination has been made amongst the chalan peons at Naihaty in the matter of selecting the personnel to be transferred to Shahebganj. It also appears from the evidence that chalan peons are transferred by the employers from one place to another if and when necessity arises. It is admitted that some chalan peons were transferred from Naihaty to Asansol, from Naihaty to Lalmonirhat and from Naihaty to Kharagpur. Moreover the management has right to transfer the workmen from department to another or from one branch to another and such transfer can be challenged before a Tribunal only if it is shown that it is discriminatory and that it is *mala fide* and with the ulterior motive to victimize the workmen concerned. If there is no such guilty intention or object on the part of the employer, such transfer cannot be challenged simply because it has the effect of causing some disadvantages or injury to the workman under order of transfer. It has not been shown that these petitioners or any chalan peon at Naihaty had as their service condition any such term that they were not liable to be transferred to any place from Naihaty or to any place outside Bengal. The normal rule is as I have already observed that the management has the right to transfer a workman from from department to department or from one station to another and it has been held in several cases that such transfer does not amount to be a change of any condition of service within the meaning of section 33 of the Industrial Disputes Act.

When it is a fact that in Bihar no such reference case regarding the wage scale and dearness allowance of the chalan peons was pending, when these five petitioners were transferred from Naihaty to Shahebganj and when it is a fact that the reference case when pending in the Calcutta Tribunal has led to an award raising the wage scale of the chalan from Rs. 25—1—32 to Rs. 30—1—45, and that the dearness allowance has been raised from Rs. 25 to Rs. 30 as the minimum, it goes without saying that the petitioners on being transferred from Naihaty to Shahebganj shortly before the passing of the said award were deprived of the benefit of the said prospective award regarding their wage scale and dearness allowance. It is however admitted that before this Calcutta Tribunal award was passed the wage scale and dearness allowance of chalan peons at Naihaty and Shahebganj were the same. But I have already held that these transfers were for sufficient and valid reason and that there is no suggestion that these five chalan peons were discriminated against. If the employers had any such guilty intention in their mind to deprive the Naihaty chalan peons of the benefits under the prospective award in the said pending adjudication proceeding the employer could have easily transferred the whole lot from Naihaty to this or that branch in Bihar. Moreover it is a difficult question to decide even if the employer makes any such transfer order with such object in view because I find that the court did not interfere with the actions taken by the persons for avoiding Estate Duty taking advantage of the loop-holes in the said act. As for example, in 1950—2 K.B. page 429, Jenkins L.J. observed;

> "There is nothing unlawful in a scheme designed to minimise the incidence of duty by legal means."

In 1908—2 K.B. page 729, Farewell L.J. observed;

> "I know of no law which prevents a man from avoiding a duty which has not attached to the property in any way not forbidden by the Act."

In 1926—A.C. page 395, Lord Sumner observed :

> "The subject is entitled so to arrange his affairs as not to attract taxes imposed by the Crown, so far as he can do so within the law."

My conclusion is that these transfer orders were not hit by section 33 of the Industrial Disputes Act and, therefore, the applications under section 33A of the Industrial Disputes Act are hereby rejected. The Company's circular Ex. A does not indicate that the transfer of any workman would depend on the consent or option of the employee concerned. The word "willing" in the said document I think means not consent but an element of compulsion. The wording was not a happy one but its meaning as interpreted above is clear.

ANNEXURE.

In the matter of an application for interim relief filed by one Shri J. M. Sen Gupta, represented by May & Baker (India) Eastern Division Employees' Union, 7, Old Court House Street, Calcutta, against Messrs. May & Baker (India), Ltd., 7, Old Court House Street, Calcutta.

BEFORE THE SIXTH INDUSTRIAL TRIBUNAL, WEST BENGAL, CALCUTTA.

PRESENT :

SHRI MOTILAL CHAKRAVATTI, *District Judge, Judge, Sixth Industrial Tribunal.*

Appearances :

For the workmen : Shri P. Ghosh, Secretary, Federation of Mercantile Employees' Union.

For the Company : Shri D. Basu Thakur, Solicitor, of Messrs. Orr Dignam & Co.

The original reference out of which this present application for interim relief has arisen was made under Government order No. 6012Dis./D/11L-293/53, dated 30th December 1953, and subsequent order No. 700Dis./D/11L-293/53, dated 13th February 1954.

J. M. Sen Gupta, has been suspended by the employer, viz., May & Baker (India), Ltd., by an order, dated 8th October 1953 and he was suspended with effect from that date "until further notice". It is now said that the employer has recently filed a petition under section 33 of the Industrial Disputes Act for permission to dismiss the said employee. The reference case as well as 33 application both are pending. The employee Shri J. M. Sen Gupta now applies for interim relief as the reference case is not likely to be heard in the near future. He prays that he may be paid ½ of his wages per month from the date of his suspension order till final disposal of the reference case.

On behalf of the Company it is contended that such interim relief cannot be granted by the Tribunal as the application section 33 of the Industrial Disputes Act is now pending and that the Tribunal cannot pre-judge the question as to whether the suspension order is justified or not.

INTERIM AWARD.

I do not think that the granting of interim relief as prayed for at all depends upon the question as to whether the suspension order is justified or not. If it be law that even on the assumption that the suspension order was justified, that the employee under suspension is legally entitled to have some *subsistence allowance* apart from compensation for unemployment or loss of earnings in case the suspension order be found in the final decision to be unjustified, there is no bar to grant of such ad-interim relief and the only point for consideration would be as to what should be the quantum of such relief. In the reference case the issue is whether suspension is justified or not and what relief is the suspended employee entitled to. Therefore it indicates that the question of suspension being justified or not and the question of compensation for the period of unemployment cannot now be pre-judged, but the Tribunal has ample jurisdiction to decide if on the assumption that the suspension is justified any allowance is to be paid to the suspended employee until final decision of the case. This depends upon the state of law on this matter. If it is a settled law that even under justified suspension the employee is entitled to get some subsistence allowance I should hold that the petitioner J. M. Sen Gupta should get it as interim relief.

It is obvious that he is now without any employment or earning and that he is hard to put to it and on account of want of funds for maintaining himself and his family during this suspension period. It is admitted that his contribution towards the Provident Fund amounts to Rs. 411 and that amount is payable to him even if he is dismissed in the long run. Regarding the state of the law, I think, the decision in the case of Wallwork *vs.* Fielding (1922) 2 K.B., page 66 : "that suspension suspends for the time being, the contractual relation between the parties on both sides" was arrived at after distinguishing the case of Hanley *vs.* Pease (1915) 1 K.B., page 698, in which case there was no power of suspension but only a power of dismissal; but in the case of Wallwork *vs.* Fielding, there was the power to suspend. In the present case there is no Standing Order and there is no suggestion that the employer is expressly entitled by any Standing Order or by any contract to suspend, and not only to suspend but also to withhold the wages during the period of suspension. So I should refer to the decision in the case of Warburton *vs.* Taffvale Railway Company (1902) 18 T.L.R.,

page 420. That case was not at all referred to in the case of Wallwork *vs.* Fielding. In Warburton *vs.* Taffvale Railway Company's case it was held that—

> "Where an employer is entitled to suspend an employee and withhold his wages during the period of suspension, the employee is entitled to wages during the period of suspension even if he is dismissed at the end of that period".

In view of this state of law on the subject and in view of the fact that there is nothing to show that the employer had authority to suspend or to withhold wages during the suspension period, it seems to be obvious that the employee is legally entitled to get subsistence allowance during the period of suspension. The claim for arrears of subsistence allowance from the date of suspension order up to this date cannot be maintained under this application for interim relief. Interim relief can be granted only from this date. It is ordered that the employer shall pay one-third of the basic wages and of dearness allowance to the petitioner per month as subsistence allowance during the period of suspension until the disposal of the reference case or until further orders and that the first payment shall be made within the first week of September 1954.

H. Mukherjee and Banerjee Surgical, Ltd., 39/1, College Street, Calcutta, and their employees represented by Surgical Workers' Union, 182, Harish Mukherjee Road, Calcutta-25, regarding the matters specified in the schedule thereto was referred for adjudication to the Third Industrial Tribunal;

And whereas during the pendency of proceedings before the said Tribunal a complaint in writing was made by Shri Netai Chandra Karmakar, Assistant Sercetary, Surgical Workers' Union, before the said Tribunal against the said company, alleging that the said company had altered, to the prejudice of the workmen, the conditions of service applicable to them immediately before the commencement of the said proceedings;

For the petitioner : Shri Patit Paban Pathak.

For the Opposite party : Shri N. Das Gupta, Advocate.

AWARD.

This is a complaint under section 33A by Shri Netai Chandra Karmakar, Assistant Secretary, Surgical Workers' Union, alleging that during the pendency of adjudication proceedings before the Tribunal and in contravention of section 33 of the Industrial Disputes Act, the Company, opposite party, declared lock-out of the factory from 11th May 1954.

The Company, opposite party, by a written objection contended that the complaint was not maintainable as it was not made by the aggrieved workmen but by the Union.

The point which therefore arises for determination is, whether the complaint under section 33A is maintainable.

DECISION.

The case was received by transfer from the Fourth Tribunal after the original reference was withdrawn from the said Tribunal and sent by Government to this Tribunal for adjudication.

Section 33A enables only an employee, aggrieved by alleged contravention, to make a complaint in writing in the prescribed manner. It therefore, follows that a trade union or any person other than the aggrieved workman is not competent to make the complaint under section 33A. In the present case the complaint was made by Shri Netai Chandra Karmakar, Assistant Secretary of the Union, and not by the aggrieved workmen themselves. The complaint as it is, is, therefore, not maintaintable and must fail. I award accordingly.

ANNEXURE.

In the matter of an application for an interim relief, filed by Surul Haque, a workman of Messrs. Sett Brothers, against the aforesaid Company (Case No. 40 under section 33A of 1954).

BEFORE THE SIXTH INDUSTRIAL TRIBUNAL, WEST BENGAL, CALCUTTA.

PRESENT :

SHRI MOTILAL CHAKRAVATTI, *District Judge, Judge, Sixth Industrial Tribunal.*

Appearances :

For the Company : Shri Sailesh Chandra Sen, Advocate.

For the workman : Shri Sunil Dhar, Pleader.

The original reference out of which this present application for interim relief has arisen was made under Government order No. 1399Dis./D/11L-97/53, dated 27th April 1953.

INTERIM AWARD.

This is an application of the suspended employee Surul Haque for interim relief during the pendency of his application under Section 33A. The original reference was pending when the employer after suspending him made an application under section 33 of the Industrial Disputes Act for permission to dismiss him on the ground of doing wilful mischief to the tray of the factory. In the Section 33 case my finding was that is was a case of accident and not of wilful mischief. The application under Section 33 of the Industrial Disputes Act was rejected.

The employer has preferred an appeal against the said order of rejection. Appeal is pending before the Hon'ble Labour Appellate Tribunal. The employer also applied before the Appellate Tribunal under Section 22 for permission to retrench some employees including this petitioner, Surul Haque, and that application is still pending. After the award has been passed in the original case, the employer preferred an appeal against the said award and the said appeal is also pending and in the said appeal employer prayed for stay of execution of the award but the prayer has been turned down.

In Section 33 proceeding I also found the order of suspension of the petitioner for an indefinite period of time and without any allowance whatsoever to him, was nothing but punishment. On the basis of that finding it seems that the petitioner Surul Haque applied for interim relief against the employer in the application under Section 33A. By an order, dated 1st July 1954, I have stayed the proceeding under Section 33A until the appeal of Section 33 proceeding is disposed of by the Appellate Tribunal. Thereafter the employee (petitioner) has made this present application for interim relief, viz., payment of wages or allowances during the pendency of Section 33A proceedings. The question is whether such ad-interim relief can be granted by me at this stage. I think that for the same reason for which I had to stay Section 33A proceeding, the present application also is to be rejected because if the appeal succeeds and my decision that the suspension order in the circumstances of this case has been a punishment is set aside, the interim relief, if any, if granted at present, will also be affected. Moreover, I do not find any provision in the Industrial Disputes Act of 1947 for granting any interim relief. "AWARD" as has been defined in the Act, means an interim or final determination by an Industrial Tribunal of any industrial dispute or of any question relating thereto; that is a different thing altogether from interim relief as has been prayed for in this case. Moreover the claim for compensation as made in the petition under Section 33A has been contested by the employer and therefore in view of the principles laid in A.I.R. 1953, Madras, page 420, the Tribunal cannot give any Award at this stage—money or compensation in favour of the petitioner until the claim is decided, and the said claim can only be decided at the time of final hearing of the case. It could be claimed by the Tribunal as a term of any interlocutory relief if such prayer were made by the opposite party or if such interlocutory relief were prayed for by the petitioner in a proper case and if the Tribunal thought it proper not to grant the said prayer provided the opposite party were agreeable to do or pay something as consideration for rejection of the petitioner's prayer. Suppose, plaintiff in a suit, prays for appointment of a receiver, in such a case the Court can put down certain terms. In a proper case it can appoint receiver, and it can also as an alternative case order defendant to pay something to the plaintiff ad-interim as a condition to rejection of the plaintiff's prayer. In the present case nothing of this kind has happened; therefore my opinion is that the claim for interim payment of compensation in the shape of wages and allowances, etc., is to be rejected. So the application is rejected.

For the opposite party : Shri S. Burman, Counsel, instructed by Shri J. C. Basu, Advocate.

AWARD.

This is a complaint under section 33A of the Industrial Disputes Act by Shri Man Bahadur Chhetari, a Durwan attached to the Budge Budge Installation

of the Company. He has been living in Company's quarters even now. The complaint was filed on 8th June 1954, long after termination of the proceedings before this Tribunal in respect of the industrial dispute between the Company, opposite party, and their employees relating to bonus for 1951, and during pendency of appeal against the award, the dispute was referred by the Government to this Tribunal for adjudication by order dated 12th June 1953.

Shri Man Bahadur Chhetari was admittedly arrested by the Port Police on 20th December 1953 on charges of theft of two sliding wrenches, two double ended spanners, one length of jute chord and one old paint drum from the Budge Budge Installation. Subsequently he was released on bail. The Company alleged that before this the complainant, Shri Man Bahadur Chhetari, had received warning on 22nd August 1953 for removing coal from railway wagon.

On 19th January 1954 the Company, opposite party, admittely issued charge sheet against Shri Man Bahadur Chhetari on charges of theft and misappropriation of the property in the circumstances as found by the police. Shri Man Bahadur Chhetari replied to the charges on 22nd January 1954.

Thereafter on 25th January 1954 police sent up Shri Man Bahadur Chhetari for trial. On that day (25th January 1954), the award relating to the dispute between the Company and their employees regarding bonus was made and signed.

On 1st February 1954 the Company, opposite party, served a notice of enquiry regarding the charges on Shri Man Bahadur Chhetari. Then the award relating to the dispute between the Company and their employees was published in the *Calcutta Gazette* on 18th February 1954. By the award it was found that the labour and security staff of the Installations at Budge Budge and other places to which category the complainant Shri Man Bahadur Chhetari admittedly belongs had received their bonuses for the year in question in full and final settlement of their claim on the basis of settlement and that the reference was limited in its application only to the clerical and the subordinate staff and not to the labour and security staff of the Installations.

On 19th February 1954 the Company held enquiry into the charges against Shri Man Bahadur Chhetari when the lawyer of Shri Man Bahadur Chhetari was present. On 25th February 1954 the officer holding the enquiry recommended dismissal of Shri Man Bahadur Chhetari. On the 8th of March 1954 the Manager of the Company passed order among others as below :—

> "It is no longer possible for the Management to excuse and condone your action and, as such, I order that you will be dismissed from the Company's service for misconduct with effect from March 10, 1954. Furthermore, your suspension from 19th January 1954 to 9th March 1954 will be without pay."

The complainant alleged that in view of the aforesaid order his cause of action for the complaint under section 33A had arisen on 10th March 1954 as the proceedings were still then pending and as the Company did not obtain permission from the Tribunal previously.

On 16th March 1954 an appeal was filed on behalf of the workmen to the Labour Appellate Tribunal against the award. On 26th March 1954 the Presidency Magistrate, before whom Shri Man Bahadur Chhetari was being prosecuted, discharged Shri Man Bahadur Chhetari of the charges brought against him for absence of the material witness who was away from the country on leave and for want of sufficient evidence regarding identification of the article (vide judgment).

On 8th June 1954 the present complaint under section 33A was filed by Shri Man Bahadur Chhetari before this Tribunal during the pendency of appeal against the award. On 26th June 1954 the Company made reply to the said complaint. On 3rd August 1954 the Company made application before the Labour Appellate Tribunal seeking permission under section 22 of the Industrial Disputes (Appellate Tribunal) Act, 1950, to dismiss Shri Man Bahadur Chhetari. The appeal against the award regarding bonus is admittedly pending.

Behind this background, the Company, opposite party, contends that the complaint under section 33A is not maintainable. The preliminary objection as aforesaid was only heard at the request of the parties.

DECISION.

After giving careful consideration to the arguments advanced on either side, I may straightaway note that Company's objection should prevail. Although I agree that there is no time limit fixed for making a complaint either under section 33A of the Industrial Disputes Act or under section 23 of the Industrial Disputes (Appellate Tribunal) Act, 1950, it does not, however, mean that an aggrieved workman can make a complaint at any time at his pleasure. In the absence of any time limit, the complaint must be made within a reasonable time of the occurrence (vide 1954, L.L.J., Vol. I, page 676). In the present case the complaint under section 33A was filed on 8th June 1954 long after termination of the proceedings before this Tribunal. The award was published on 18th February 1954. So the proceedings in view of section 20(3) read with section 17A must be deemed to have concluded on 18th March 1954. The complainant has given no explanation whatever in his application under section 33A for the inordinate delay.

Then the original reference has been found applicable only to the clerical and subordinate staff and not to the service and security and labour staff of the Installations at Budge Budge and other places to which category the complainant, Shri Man Bahadur Chhetari, belongs. So he cannot be said to have been concerned in the original dispute. It being so, section 33 or as a matter of that section 33A is not attracted.

Last of all, to avoid conflicting decisions and having regard to the fact that the complainant would have opportunity to vindicate himself in answer to the application of the Company under section 22 before the Hon'ble Appellate Tribunal, apart from his other remedy, I think, I should not proceed with the complaint under section 33A even if it is otherwise regular.

In this view of the matter, I think, that the complaint under section 33A must fail. I award accordingly.

H. Mukherjee and Banerjee Surgical, Ltd., 39/1, College Street, Calcutta and their employees represented by Surgical Workers' Union, 182, Harish Mukherjee Road, Calcutta-25, regarding the matters specified in the schedule, to the Third Industrial Tribunal constituted under section 7 of the Industrial Disputes Act, 1947, by notification No. 592Dis./D/12L-5/52, dated the 23rd February 1953, for adjudication.

(1) Whether the laying off of—

(i) Shri Netai Chandra Karmakar,

(ii) Shri Netai Chandra Hazari,

(iii) Shri Palan Chandra Karmakar,

(iv) Shri Pasupati Dutta,

(v) Shri Jitendra Nath Das, and

To what relief are they entitled?

(2) Whether the dismissal of—

(i) Shri Dhirendra Nath Roy,

(ii) Shri Kamal Kumar Acharyya,

(iii) Shri Amulya Das,

(iv) Shri Nepal Chandra Karmakar, and

(v) Shri Pasupati Dutta, is justifiable?

To what relief are they entitled?

DECISION.

Issue No. 1.

The six workmen were laid off with effect from 19th March 1953. The workmen represented by Surgical Workers' Union alleged that the workmen were laid off on extraneous considerations outside the domain of *bona fide* trade reasons. They accordingly prayed that the workmen should be taken back to their posts and paid full wages for the period they were laid off.

The Company on the other hand alleged that owing to shortage of work and for *bona fide* trade reasons it had to lay off the six workers and not on extraneous considerations. The Company accordingly submitted that the claim of the workmen should be rejected.

During hearing the learned representative of the workmen, however, submitted that as the business was since altogether closed, he would not just then press for re-employment and that the workmen would be satisfied if they were paid involuntary unemployment relief at the discretion of the Tribunal with direction that if and when the business was re-started the workmen should be taken back according to seniority in service as and when necessary. The Company as a gesture of goodwill expressed that it had no objection to such grant of involuntary unemployment relief to the workmen and that it had no objection to take back the workmen according to necessity as and when the business was re-started. In the circumstances, I proceed to award compensation to the six workmen without going into the question whether the lay-off was justified or not.

Exhibit D is a statement which gives service period and wages of the six workmen laid off. Keeping in view the provisions of the Industrial Disputes

(Amendment) Act, 1953 and considering the length of service of the workmen and other relevant factors, I award compensation as below, which I think to be fair:—

		Rs.	a.
(i) Shri Netai Chandra Karmakar	..	90	0
(ii) Shri Netai Chandra Hazari	..	24	0
(iii) Shri Palan Chandra Karmakar	..	72	0
(iv) Shri Pasupati Dutta	..	84	0
(v) Shri Jitendra Nath Das	..	67	8
(vi) Shri Fani Bhusan Mite	..	74	12

The Company is directed to pay the compensation as aforesaid, within a month from the date the award becomes enforceable. The Company is also to take back the workmen according to seniority in service and according to necessity as and when it re-started business. The notice calling the workmen to resume duty should be served on the workmen through the Union. The issue is accordingly decided.

Issue No. 2.

Regarding Shri Dhirendra Nath Roy.—The Company alleged that he along with Shri Kamal Kumar Acharyya were dismissed for gross insubordination and indiscipline. It was said that they not only assumed violence but also incited other workers to resort to violence and illegal strike and threatened the Management with breaking the costly machineries. The Company further alleged that as a result of the illegal strike the Management suffered loss. Exhibit A is the copy of the charge-sheet brought against the workman Shri Dhirendra Nath Roy. Exhibit A1 is the copy of the explanation which the workman Shri Dhirendra Nath Roy submitted on 28th August 1953 in respect of the charges brought against him. He admitted his guilt unequivocally and expressed regret. Thus on his own admission Shri Dhirendra Nath Roy was rightly dismissed for gross misconduct. Workman Shri Dhirendra Nath Roy has not also come forward in this Tribunal to challenge his dismissal. I, therefore, find nothing to interfere. As he has, however, expressed regret, the Management is to consider whether it can take him back as and when the business is re-started.

Regarding Shri Kamal Kumar Acharyya.—He has since been re-instated on his expression of regret.

Regarding Shri Amulya Das.—The evidence of the Factory Manager, D.W.1 Shri Sakti Kumar Mukherjee shows that there was strike in the factory once on 21st March 1953 and the other on 24th March 1953. It further appears that the workman Shri Amulya Das not only stopped the machines and incited other workmen to strike on 24th March 1953, but was also responsible for stay-in-strike on that day. The evidence further reveals that he assumed violent attitude towards the Factory Manager and abused him. In the circumstances, Shri Amulya Das was forthwith dismissed by notice, Exhibit 1. In the said notice the broad facts which occurred on that day including the one stay-in-strike, inciting the workmen to illegal strike and causing financial loss of the Company were stated. Workman Shri Amulya Das (P.W. 6) virtually admitted in cross-examination that he along with others resorted to stay-in-strike on that day inside the factory. In his examination-in-chief he also stated that he wanted re-instatement and compensation not only for himself

but also for all the co-workers. This would confirm the evidence of the Factory Manager that it was he who had incited the workmen to resort to stay-in-strike. The evidence further reveals that he had also struck work on 21st March 1953. In the circumstances if the Company had not proceeded against the other workers but only against him, this would not show discrimination but because he was the prime mover. The Company was within its right to pick up such workman for disciplinary action. No doubt the workman was not afforded opportunity to offer explanation before dismissal, but no serious view can be taken of it in view of the workman's violent conduct and illegal and criminal act which required immediate action. If there was no formal enquiry before such dismissal, no grievance can be made of it either. When the occurrence took place in presence of the Factory Manager, there was no scope for further enquiry. The evidence before this Tribunal reveals that the workman was really guilty of gross misconduct. I am, therefore, of opinion that his dismissal was justified.

Regarding Shri Nepal Chandra Karmakar.—According to both sides there was no such worker in this Company. Both sides also agree that the name would be Palan Chandra Karmakar. His case has already been dealt with under issue No. 1.

Regarding Shri Pasupati Dutta.—His case has also been dealt with under issue No. 1.

In terms as aforesaid, I make my award.

ORDER.

No. 4277Dis./D/7L-37/54.—8th September 1954.—Whereas under the Government of West Bengal, Labour Department order No. 4740Dis./D/7L-32/53, dated the 12th December 1953, read with its Addendum No. 47Dis./D/7L-32/53, dated the 7th January 1954, the industrial disputes between the Jute Presses mentioned in the list attached with the said order, dated the 12th

December 1953 and their respective contractors and their workmen represented by Cossipore Jute Press Workers' Union, 1, Joy Bhattacharya Lane, Calcutta-3 and Laksmi Jute Press Workers' Union, 29/10, Cossipore Road, Calcutta-2, regarding the matters specified in the schedule to the said order, dated the 12th December 1953, were referred for adjudication to the Sixth Industrial Tribunal;

And whereas during the pendency of proceedings before the said Tribunal a complaint in writing was received from Shri Dukhharan, a workman under Shri Fulchand Singh, Labour Contractor of Messrs. Rallis India, Ltd., Cossipore Agency, Cossipore, Calcutta-2, one of the said Jute Presses against the said Shri Fulchand Singh, before the said Tribunal, alleging that the said Company had discharged the said workman concerned in such disputes;

And whereas in exercise of the powers conferred by section 33A of the Industrial Disputes Act, 1947 (XIV of 1947), the said Tribunal has adjudicated upon the said complaint and submitted its award to the State Government;

Now, therefore, in pursuance of the provisions of section 17 of the Industrial Disputes Act, 1947 (XIV of 1947), the Governor is pleased hereby to publish the said award as shown in the annexure hereto.

ANNEXURE.

In the matter of a complaint under section 33A of the Industrial Disputes Act, filed by Dukhharan, a workman of Shri Fulchand Singh, Labour Contractor of Messrs. Rallis (India), Ltd., represented by Cossipore Jute Press Workers' Union, 1, Joy Bhattacherjee Lane, Calcutta-3, against the aforesaid Company (Case No. 3/33A of 1953).

BEFORE THE SIXTH INDUSTRIAL TRIBUNAL, WEST BENGAL, CALCUTTA.

PRESENT :

SHRI MOTILAL CHAKRAVATTI, *District Judge, Judge, Sixth Industrial Tribunal.*

Appearances:

For the Company : Shri N. K. Mookherjee, Advocate.

For the workman : Shri Panchanan Bhattacherjee.

The original reference out of which this present application under section 33A has arisen was made under Government Order Nos. 2180Dis./D/7L-44/52, dated 8th August 1952, read with 3062Dis./D/7L-44/52, dated 10th November 1952, and subsequent order No. 4740Dis./D/7L-32/53, dated 12th December 1953.

Petitioner Dukhharan claims that he is an employee of Jute Press Contractor Fulchand (Labour contractor of Rallis India, Ltd.) and that in August 1952, he has been discharged without any reason whatsoever.

The employer, opposite party, contends that the petitioner was never a worker under him and therefore no question of discharge arises and it is further contended that this employer was not a party in the main reference case and that no summons was received by him in the said proceeding.

Neither party adduced any oral evidence.

AWARD.

It is admitted that all the workers under Jute Press Contractors are casual workers but these casual workers are more or less regular workers although not permanent hands. The contractor does not give any record of the regular workers who come and go back without finding work on any day. I think it is highly proper and advisable on the part of the employer, opposite party, to keep a panel of the regular casual workers who come and go back after the attendance, due to paucity of work on any day. I find from the award that this opposite party, the employer, was a party in the main reference case and that he appeared and filed written statement in that proceeding. It has not been shown by the employer that the petitioner never worked under him. The employer has not produced this record to support his contention. As the employer did not produce records I should hold that the petitioner's case is true. It cannot be accepted that the labourer like the petitioner would be in a position to produce any document unless the said document is furnished by the employer. It is admitted fact that Jute Press works casually and that on some days there is no work at all and that on some days some of the regular casual workers have to go back without finding any work, as there is no work available. In spite of these it is quite reasonable to expect that the employer would give work to such regular casual workers if and when work is available and to enter their attendance in a register in case they go back without finding any work on any day. In view of the circumstances I direct that the employer is to reinstate the petitioner Dukhharan when the latter will attend for doing work and in case such work is available. The petitioner shall not get any compensation for the period of unemployment.

ORDER.

No. 4278Dis./D/7L-37/54.—8th September 1954.—Whereas under the Government of West Bengal, Labour Department, Order No. 4740Dis./D/7L-32/53, dated the 12th December 1953, read with its Addendum No. 47Dis./D/7L-32/53, dated the 7th January 1954, the industrial disputes between the Jute Presses mentioned in the list attached with the said order, dated the 12th December 1953 and their respective contractors and their workmen represented by Cossipore Jute Press Workers' Union, 1, Joy Bhattacharya Lane, Calcutta-3 and Laksmi Jute Press Workers' Union, 29/10, Cossipore Road, Calcutta-2, regarding the matters specified in the schedule to the said order, dated the 12th December 1953, were referred for adjudication to the Sixth Industrial Tribunal;

Shiva Jute Press, 2, Kaliprasanna Singha Road, Calcutta, one of the said Jute Presses against the said Company before the said Tribunal, alleging

that the said Company had dismissed the said Shri Dutta concerned in such disputes;

.. And whereas in exercise of the powers conferred by section 33A of the Industrial Disputes Act, 1947 (XIV of 1947), the said Tribunal has adjudicated upon the said complaint and submitted its award to the State Government;

Now, therefore, in pursuance of the provisions of section 17 of the Industrial Disputes Act, 1947 (XIV of 1947), the Governor is pleased hereby to publish the said award as shown in the annexure hereto.

ANNEXURE.

In the matter of a complaint under section 33A of the Industrial Disputes Act, 1947, filed by Shri Nagendra Nath Dutta, represented by Cossipore Jute Press Workers' Union, against Shiva Jute Press (Case No. 35 under section 33A of 1954).

BEFORE THE SIXTH INDUSTRIAL TRIBUNAL, WEST BENGAL, 8, LYONS RANGE, SECOND FLOOR, CALCUTTA.

PRESENT :

SHRI MOTILAL CHAKRAVATTI, *District Judge, Judge, Sixth Industrial Tribunal.*

Appearances.

For the Company : Shri N. K. Mookherjee, Advocate.

For the Workman : Shri Panchanan Bhattacherjee, Secretary, Cossipore Jute Press Workers' Union.

The original reference out of which this present application under section 33A has arisen was made under Government Order Nos. 2180Dis./D/7L-44/52, dated 8th August 1952, read with Addendum No. 3062Dis./D/7L-44/52, dated 10th November 1952, and subsequent Order No. 4740Dis./D/7L-32/53, dated 12th December 1953.

Petitioner's case is that he is a clerk in Shiva Jute Press and that he has been dismissed in December 1953. So he wants reinstatement and compensation for loss of earnings from the time of his discharge.

The contention of Shiva Jute Press is that the petitioner was never an employee of Shiva Jute Press and that the said Jute Press never discharged him. In the evidence it is made out that the petitioner is an employee of Shiva Jute Baling, Limited, which is a separate limited concern. It is admitted by the petitioner that there is a business named Shiva Jute Baling business. He also admits that Prithwish Moitra was a clerk in Shiva Jute and that on some occasions he and Prithwish Moitra received payment of the salaries on the same date, but they signed two separate acquittance registers. Petitioner did not sign the register in which Prithwish Moitra put his signature while receiving his salary. Petitioner also admits that he signed in different acquittance register because he was paid his salary from the Baling Department. His case is that Shiva Jute Baling Department is a department of Shiva Jute Press and not a separate limited concern, but the "Certificate of Incorporation" and the "Certificate for Commencement of business" granted to Shiva Jute Baling, Ltd., which have been

produced by the Company clearly show that Shiva Jute Baling, Limited, was registered as a limited concern on 16th March 1943 and that the permission to commence business was given with effect from 16th March 1943. Therefore the application as against Shiva Jute Press instead of his employer Shiva Jute Baling, Limited, is not maintainable. The petitioner produced Ext. 1, which is a service card purporting to have been granted by Welfare Officer of Calcutta Hydraulic Press Association. In this certificate petitioner's name is written with the suffix in parenthesis "Baling Department" and further down it is noted that he was recruited on 13th April 1940 in Shiva. This does not show that he was recruited in Shiva Jute Press. It may be that it means to Shiva Jute Baling, Limited. Moreover from the award published (in *Calcutta Gazette*, May 20, 1954), in the original case I find that Shiva Jute Baling, Limited, was not a party, therefore, the application under section 33A as against Shiva Jute Press is rejected.
